<b>ZONING COMMITTEE DISCUSSION</b>		Staff provided an update on the petition pointing out that there are no outstanding site plan issues. Staff noted that the petition is consistent with the <i>Independence Boulevard Area Plan</i> , which recommends office and retail uses for the site. A committee member asked if the plantings proposed at the corner of Monroe Road and Ross Moore Avenue will create sight distance issues? CDOT staff responded that staff will ensure that the plantings are the appropriate height during the permitting process. There was no further discussion.
<b>STAFF OPINION</b>		Staff agrees with the recommendation of the Zoning Committee.

**FINAL STAFF ANALYSIS**  
(Pre-Hearing Analysis online at [www.rezoning.org](http://www.rezoning.org))

**PLANNING STAFF REVIEW**

• **Proposed Request Details**

The site plan accompanying this petition contains the following provisions:

- Reuse of an existing 1,227 square-foot building on a corner parcel for use as a tattoo parlor with no exterior expansions.
- Maximum building height of 40 feet.
- A 22-foot "Class B" buffer abutting residential zoning or land use, which may be reduced by 25% with the installation of a fence, wall or berm. Buffers may be reduced accordingly if the abutting land uses change such that a lesser buffer is required.
- Providing an eight-foot planting strip and six-foot sidewalk along the site's frontage on Monroe Road.
- Existing mature trees at the front of the house will be retained.

• **Public Plans and Policies**

- The *Independence Boulevard Area Plan* (2011) recommends office and retail uses for the subject site.
- The plan identifies future pedestrian-oriented retail nodes. The areas between the nodes along Monroe Road should primarily be places of moderate intensity non-residential uses to support the nodes, and adaptive reuse of existing residential structures is strongly encouraged.

• **TRANSPORTATION CONSIDERATIONS**

The proposed site is a reuse of the existing building and is not a significant trip generator. CDOT requests that the petitioner consider dedication of right-of-way to for street cross sections that accommodate all users.

• **Vehicle Trip Generation:**

- Current Zoning:
  - Existing Use: 10 trips per day (based on one single family residential dwelling).
  - Entitlement: 150 trips per day (based on 5,850 square feet of office uses).
- Proposed Zoning: Less than 50 trips per day (based on 1,230 square feet of tattoo parlor use).
