

City of Charlotte NC

Business Advisory Committee (E)

Board Details

The Business Advisory Committee (BAC) provides recommendations and advice to City Council on ways the City can help business in Charlotte, with a particular emphasis on small businesses and provides a forum for businesses to raise issues, discuss and have input into City policy responses to these issues. The BAC provides input and recommendations on the City's Economic Development Focus Area Plan, with a particular emphasis on small business development, city contracting programs, revitalization of distressed business districts, business recruitment, retention and expansion efforts, public/private partnership projects, and business customer service. The BAC keeps City Council and City Department Managers abreast of conditions in the business community and how these conditions might affect business-government relations and needs for public services.

Why are you interested in serving on these boards/ committees?

I'm interested in serving on the BAC because I am very passionate about small business especially in the City of Charlotte. I believe that small businesses are the heartbeat of not only our community but the generations of families. Preparation is key and believe that being on this committee will give me the opportunity to give my organization the heads up and begin to get prepared for future opportunities in the city. I'm also the future of the city so knowing how the City and organizations such as BAC operate will help me to become a better community leader.

Please describe any background or abilities that qualify you to serve on these boards/ committees.

I believe that I'm qualified to serve on the BAC because I have been working in my family business since 2004 and have helped grow the business to its current status. I have also participated in several programs in the City of Charlotte as well as Mecklenburg County and have a relationship with several community leaders. Serving the community is something that has been instilled in me as my mother also served on an Advisory Committee with the City of Charlotte.

Why are you interested in serving on these boards/ committees?

I would like to give back to the community of Charlotte and i think this is a fantastic way to start. I think this city offers so much to so many people and it has given me ample opportunities to grow as a person. I want to ensure others can have this and be able to access the services provided by the city. I also find local government incredibly interesting because this is how things actually get done within a community. I am a business leader, in tune with the community and i have a capacity for management and leadership ability that would an asset to any committee in Charlotte.

Please describe any background or abilities that qualify you to serve on these boards/ committees.

Throughout my career i have always aspired to be a leader. I find the best way is to lead by example. I have rose through the ranks of my company from an entry level job to Vice President and into management in 6 years. My job impacts the community of Charlotte because i am a recruiter. I know a lot about the businesses in the Charlotte area and am always doing something around town. I attend many arts events and sporting events throughout the town and could provide expertise that may be over looked from time to time. I have dealt with tough situations where you cant always be the good guy and have to be the bearer of bad news. I am not afraid of a challenge and i think being on a committee would be an asset to this city that i love.

Question applies to Arts and Culture Advisory Board (O/E)

AACB: Please describe how your point of view and perspective are unique as it relates to Charlotte's Arts and Culture ecosystem.

I have grown up around the arts and the arts stretches in so many different directions. I think the city does a great job of creating opportunity for all of those arts to be under one roof. Arts can be paintings, sculptures, music and so much more. The city gives ample opportunities for artists to be able to share their work and collaborate. I like the museums, markets and murals throughout the city. It makes art readily available. I know an artist that did a mosaic in uptown that is outstanding and i think we need more opportunities for artists. I love the rail trail art and things around south end. Food can also be art and Charlotte gives many opportunities for this. The music is also a great art form that can be approved upon. There is no one out there that would say this city needs less art, only more.

Why are you interested in serving on these boards/ committees?

Large background in public service and serving the public. I have a huge background on being on previous committees before moving to Mecklenburg County and in other specialty areas. I specifically have a large background in community involvement and love being involved in the community is my interest in that one board. I have and am a part of diversity and inclusion is my main interest in serving on that board. Lastly, I own an LLC and have a strong sense of business is my reasoning for wanting to be on the business board.

Please describe any background or abilities that qualify you to serve on these boards/ committees.

My back ground and ability for the inclusion board would be that I own an LLC which gives me a strong since of business. However, more so to add to that I am a part of the diversity and inclusion community so I know how important inclusion is to the community and economy. As for the community relation community I am a part of the HRC, ACLU and am an ordained minister as well as a part of the democratic party, so it should go without saying community relations and involvement is a large part of what I do. However, as passionate as I am about the other two I have a strong sense of business. I have taken a finical planning course, have my certificate as a paralegal and own my own LLC. I am very strong when it comes to policy and procedure. I was the assistant director of one of the largest public safety community colleges in the state and helped manage a large budget and purchasing. I am no stranger to business operations and budgeting. I am have many abilities to bring to each and every one of the boards/committees all unique if chosen for one of them.

Why are you interested in serving on these boards/ committees?

I am young and having my own successful 7 figure company company (<https://kindskiptracing.com/about> - Hana Tavcar is me, maiden name!) is incredibly exciting and fulfilling. I want to learn more, and give back. I have come to America at 18 years old from Slovenia, got married and have never stopped working. I have deep love towards Charlotte and don't see myself leaving. Entrepreneurship is in my blood. I am 21 years old now and I strongly believe I would attract and add a youthful touch to the board.

Please describe any background or abilities that qualify you to serve on these boards/ committees.

I am also serving at Chief Operations Officer at SOPFactory. We build businesses, help them grow and scale using proven strategy and processes.

Current Employer:

SOP Factory

Years in current position:

Why are you interested in serving on these boards/ committees?

Small business is the foundation of economic growth for major cities. I would love to be part of the process that helps grow the next major business.

Please describe any background or abilities that qualify you to serve on these boards/ committees.

I am a black American that works in the real estate development industry. I understand the delicate balance between fostering economic growth, while also creating equitable policies and allocation of resources. I want to make sure the underserved communities are being represented while creating a better future for the city of Charlotte.

Why are you interested in serving on these boards/ committees?

I want to learn how the city works. I think that regular people should have a say in how their city works. I want to be a part of this process/

Please describe any background or abilities that qualify you to serve on these boards/ committees.

I moved to Charlotte from DC in 2003 and consider Charlotte home. I love this city and I want to see it reach its potential. I have a number of investment properties and I am in the process of developing a small 4-plex apartment complex on West Blvd. I understand what investors and developers look for with regard to investing in neighborhoods that desperately need revitalization. As a developer, I can bring a different perspective that can spur growth in areas that need it.

Why are you interested in serving on these boards/ committees?

I was born and raised in Charlotte NC and live here my whole life. I have worked in public service for over eleven years and I think everyone should have a voice. I think my experience working for for Mecklenburg County in the past was has given me a understanding of the functions of government and I want to make sure we are all doing our best to make Charlotte an award wining City.

Please describe any background or abilities that qualify you to serve on these boards/ committees.

I have a BSBA in Finance and a MBA. I have over eleven years in public service managing the Capital and Debt for Mecklenburg County. That has allowed me to understand the functions of government. With my Finance and Government Accounting experience I would be able to provide guidance and insight I have developed over the years.

Why are you interested in serving on these boards/ committees?

I want to serve on the selected boards and committees of Charlotte to make a positive impact on the great city of Charlotte. I feel that my life experiences as well as my educational and professional career have equipped me to serve on the selected boards. My family and I relocated from Houston to Charlotte in March 2022 for my career growth and we are proud to call the city of Charlotte home.

Please describe any background or abilities that qualify you to serve on these boards/ committees.

I believe I will serve as a qualified and impactful member of Charlotte's Transit Services Advisory Committee, Business Advisory Committee, and Community Relations Committee due to my years of Operational Management experience with leading large scale projects and teams in the rail transportation and aviation industries. I've also dedicated countless hours of community involvement in my hometown of La Marque Texas, where I launched multiple back to school drives.

Why are you interested in serving on these boards/ committees?

As part of my professional career, I relocated to the city of Charlotte NC about five years ago due to the recognition of being a hub for the finance and health care industries. In looking for ways to give back to the city with a focus of small business development and further expansion efforts, I came across both of these boards as a perfect opportunity to be a voice providing proposals/recommendations as part of the working development plan and assisting with the recruitment of other businesses.

Please describe any background or abilities that qualify you to serve on these boards/ committees.

I have served in the Financial Services area for the last seven years with a focus on the Insurance and Real Estate development/valuation sectors which are instrumental corporate pillars of this wonderful city. Namely, I have assisted the process of relocating a handful of Insurance corporate headquarters to Charlotte due to the tax incentives given. Additionally, I remain in contact with Real Estate development companies shaping the existing landscape of this city (namely the northern sector).

Why are you interested in serving on these boards/ committees?

I would like to give back to the community by serving on a committee and believe that I have skills and experience that would bring value to city. I am interested in each of the following specific committees (listed alphabetically) for the reasons provided below. BUSINESS ADVISORY COMMITTEE: As a relatively new resident, I am grateful to those who came before me and laid the ground work for the growth and vitality the city currently enjoys. I want to be a part of ensuring that the future of Charlotte remains bright, that existing businesses are incentivized to stay here, and that new businesses have the ability to take root and grow here. CHARLOTTE TREE ADVISORY COMMISSION: Growing up in a picturesque Chicagoland suburb during the 90s, I enjoyed the benefits of ample tree coverage, beautiful landscaping, and public parks. Access to public green space is vitally important to residents' mental and physical health, and I would like to participate in increasing access to this important resource. NEIGHBORHOOD MATCHING GRANTS FUND: I believe it is vitally important for community members to be active participants in deciding how funds flow within their communities. I would love the opportunity to learn about all of the local initiatives underway and to work with committee members and citizens to determine how city funds could be best leveraged to drive high-potential programs forward.

Please describe any background or abilities that qualify you to serve on these boards/ committees.

I have an MBA from the Wharton School, which is consistently listed as a top three business school in the US by US News & World Reports. While earning my MBA, I also received my law degree from the University of Pennsylvania. Obtaining admission and successfully graduating required hard work, intellectual ability, and grit. Following school, I worked at McKinsey & Company, which is widely considered the best management consulting firm. While at the firm, I advised leaders across multiple industries and sectors, including retail, hospitality, manufacturing, public sector, and social sector. Success in this position required an ability to work well with others, manage to a timeline, research expeditiously, communicate effectively, and create clear recommendations in ambiguous situations. I believe that my education and professional background make me qualified to work with my committee peers to generate impactful recommendations for City Council to leverage in order to benefit Charlotte residents.

Why are you interested in serving on these boards/ committees?

Business leadership and advocacy are a huge part of my purpose on earth. As a black and millennial businesswoman, I represent a marginalized group of business owners who need and deserve to have a voice, along with tangible representation and results in enhancing their capacity. I grew my company's revenues by 284% from 2020 to 2021, and I know that I add value to the conversation and policy of economic growth in the Queen City!

Please describe any background or abilities that qualify you to serve on these boards/ committees.

I am an award-winning CEO with an educational background in Business Economics and Political Science. My first major client was a 2016 presidential candidate in which I traveled across the United States, managing the logistics and events of the candidate (debates included). I have partnerships with organizations such as Google, Ingram Micro, and HubSpot (who is also a client of my consulting firm). I am a recent graduate of the City of Charlotte Civic Leadership Academy Cohort 2020. I have been featured in the Charlotte Business Journal, Sirius XM radio, RT News, and Good Morning Washington. In 2021 I was awarded the Breakthrough Partner of the Year Award by Ingram Micro (one of the largest global technology and supply chain service corporations). For the past three years, I have been named CRN's Women of the Channel, an award that honors women bringing innovation and strategy to the tech channel industry. In 2016, I was awarded the Innovations Integrations Award by HubSpot for my innovative program management with a presidential campaign. That is just to name a few of my accomplishments. I am a wife, a mother, a friend, but most importantly, I am a woman who deeply cares about the elevation of other women business owners.

Why are you interested in serving on these boards/ committees?

I'm a recently retired banker, and given the increase in bandwidth trying to find ways I can use my previous experiences to contribute towards future progress.

Please describe any background or abilities that qualify you to serve on these boards/ committees.

I had an 18 year career as a banker in Charlotte with Wachovia/Wells Fargo and saw all of the business transitions the city has been going through overtime. In addition during my time at the bank I was responsible for starting many businesses from scratch, especially a big component of the international business and have a very broad perspective for different parts of the world. Lastly, I'm born and raised in Charlotte, and have a lot of desires to ensure our city maintains parts of our history while we continue to grow into such a wonderful city.
