Re: Comments from State Historic Preservation Office on Amended Survey and Research Report for the Edgewood Farmhouse, Huntersville

By email dated May 14, 2021, SHPO staff provided feedback based on their review of the Amended Survey and Research Report for the Edgewood Farmhouse. In summary, the issues raised included the following:

- Inclusion of additional maps of the existing and proposed boundaries of the property; and
- Additional information concerning potential past modifications to the setting.

Following review of the Amended Survey and Research Report (including the already-incorporated rezoning map approved by Charlotte City Council) and the SHPO feedback, the HLC staff appropriately addressed to its satisfaction the issues raised.
