ZONING COMMITTEE DISCUSSION

Staff provided a summary of the petition and modifications since the public hearing pertaining to the medical office/optional below grade parking building footprint and building elevations. Staff noted the request is consistent with the *2040 Policy Map*. Commissioner Welton asked if the site plan amendment was submitted before or after the deadline. Staff responded that there is some flexibility in accepting MUDD-O site plan amendments based upon the proposed change and given the difficulty in MUDD-O commitments translating to the UDO zoning districts.

Commissioner Lansdell asked if there would be an opportunity for residential within Development Area B. Staff responded the site plan proposes up to 16 townhomes in Development Area B. with the *2040 Policy Map*.

There was no further discussion of this petition.
