<u>Submitted By:</u>	<u>Agenda Item # and Questions</u>	<u>Answers/Considerations</u>
<b>Zoning Petitions</b>		
CM Mayfield	For rezoning petitions, what protections do members of the public have in regard to Developers requiring easements?	The easement requirements and related processes vary based on the type of project and the reasons for the easement. Any member of the public may call 311 to report concerns or ask questions and their request will be routed for follow up based on the specifics of the issue.
<b>Consent Items</b>		
Please note <b>item 63. Property Transactions - Shamrock Drive Improvements, Parcel # 2</b> is being pulled from the agenda and deferred to a later date.		
CM Mayfield	<p><b>55. Airport Community Roundtable Technical Support Services</b></p> <p>And</p> <p><b>59. Airport Visitor Information Center Management</b></p> <p>For action B, what are the parameters around the authorization for “price adjustments”? Is there a not to exceed amount for the increases?</p>	This general provision is included to cover any customary cost escalations specified within contracts. For these specific contracts no escalation provision is included and would require a contract amendment.
CM Mayfield	<p><b>56. Airport Construction Management Software</b></p> <p>What is the original contract amount?</p>	The 2016 contract value is \$1.75 million over the last 5 years. The new contract provides for increased use of the eBuilder product and additional functionality over and above what was implemented under the original contract such as implementation of additional modules to include enhancements for tracking project costs and capital project forecasting for Aviation.
