WHEREAS, the City has a substantial interest in protecting residents and visitors from loud and disturbing noise;

WHEREAS, the use of sound amplification equipment or the production of other loud and disturbing noise near schools when classes or other educational activities are occurring substantially interferes with students' right to obtain an education, and the City has a substantial interest in protecting students from such noise;

WHEREAS, measuring the volume of music using a C-weighted decibel scale would better measure the volume of music and would better measure the volume of sound produced by commercial establishments;

WHEREAS, construction sites within the City can produce loud and disturbing noise, and it is in the best interests of City residents and visitors for the City to identify construction sites that chronically produce loud and disturbing noise and to address the noise produced by such sites; and

WHEREAS, the City of Charlotte has authority pursuant to Article 8 of Chapter 160A of the North Carolina General Statutes to adopt ordinances to protect the health, safety, or welfare of its residents and visitors, including against unreasonably loud and disturbing noise, and the City hereby acts in its governmental and regulatory capacity to do so.

- (a) The purpose of this section is to establish a collaborative process through which the city and a business that has been identified as a chronic source of objectionable noise (i.e., "chronic noise producer") will develop and implement a noise mitigation plan intended to bring the noise to acceptable levels. A chronic noise producer is an establishment that, because of the sound generated by or at the business or construction site, is an annoyance to adjacent or nearby residences, lodgings, schools, businesses, or other places where people may congregate with a reasonable expectation of undisturbed activity. A-business-may-be-a-chronic-noise-producer-without-havmg-violated-this

Upon designation, the chief of police (or designee) shall inform the business that it has been designated a chronic noise producer and refer the business to neighborhood-&-business-services-(N&BS) Housing and Neighborhood Services (H&NS) along with the information that established the basis for the designation.

- (c) Upon receiving a chronic noise producer referral, N&BS- H&NS shall schedule a mandatory initial meeting with the offender business that has been designated a chronic noise producer. At the initial meeting, N&BS- H&NS and the business shall review the information that formed the basis for the designation and any evidence or information concerning the complained of noise provided by the business. If N&BS- H&NS determines that a mitigation plan is not warranted, it shall notify the business and CMPD of that determination and no further action shall be taken. under-section

 - (2) Placement, orientation, and operation of sound producing activity or equipment;

Should a business designated as non-cooperative cure the basis for the designation, N&BS- H&NS shall remove the designation and notify the business and CMPD of that determination.
- (f) In the event that a noise enforcement action is taken against a business that has been designated a chronic noise producer, evidence regarding the business' participation in the development and implementation of and compliance with the noise mitigation plan shall be relevant to any prosecution or administrative or judicial review or appeal of the enforcement action. Specifically,

the business' participation and compliance shall be a mitigating factor and may, but is not required to be a justification for dismissing the enforcement action. A business that has been designated by N&B-S H&NS as non-cooperative shall not be entitled to the benefits of this subsection unless the designation has been removed.

- (g) Appeals. A business that has been designated a chronic noise producer or non-cooperative may appeal such designation within ten days after receiving notice of such designation. Appeals shall be heard by the city manager or the city manager's designee who shall not be an employee of CMPD or N&B-S H&NS. The appellant shall have the right to present evidence at said hearing. A ruling on appeal is subject to review in the superior court of Mecklenburg County by proceedings in the nature of certiorari.
