STAFF RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is **inconsistent** with the 2040 Policy Map recommendation for Parks & Preserves place type.

Rationale for Recommendation

- The petition would provide relief for Charlotte-Mecklenburg Animal Care & Control, which needs additional space for sheltering and rehousing animals.
- The development standards accompanying the petition limit the uses specifically to animal shelter, animal care facility, and accessory uses.
- The petition commits to providing a 25' Class B landscape yard with 6' opaque fence, which exceeds ordinance requirements, along the southwestern property line to mitigate impacts to Jeff Adams Tennis Center. Additionally, the petition commits to locating the exterior exercise

area in the northeastern corner of the site, opposite from the tennis courts.

- While the proposal is inconsistent with the *2040 Policy Map* recommendation for Parks & Preserves place type, the petition would address a specific community need on property owned by the City.
- The petition could facilitate the following *2040 Comprehensive Plan Goals*:
 - 10: Fiscally Responsible

The approval of this petition will revise the recommended place type as specified by the *2040 Policy Map*, from Parks & Preserves place type to Commercial place type for the site.

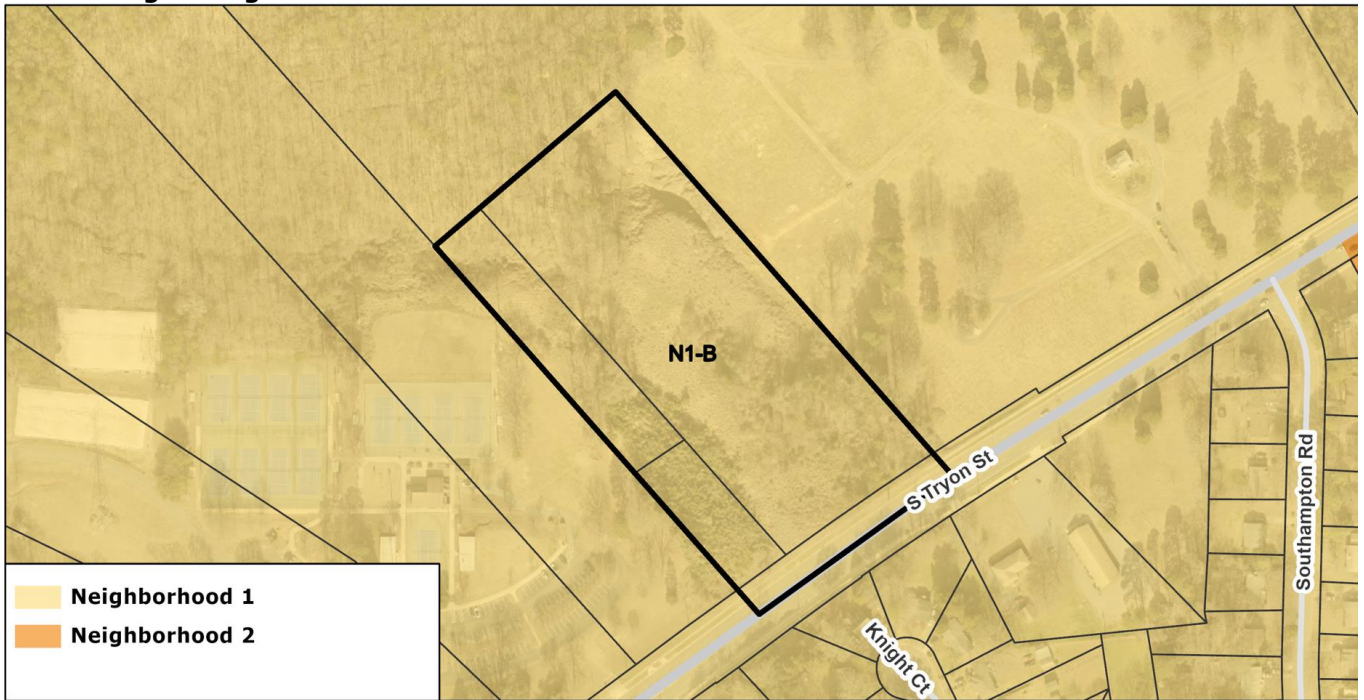

PLANNING STAFF REVIEW

• **Proposed Request Details**

The development standards accompanying this petition contain the following provisions:

- Limit the use of the site to animal shelter, animal care facility, and accessory uses as permitted in the CG zoning district.
- Commits to providing a minimum 25’ Class B landscape yard with 6’ opaque fence along the southwestern property boundary and 10’ Class A landscape yard, including 6’ opaque fence along the northeastern property boundary.
- States that the outdoor exercise area will be located towards the northeastern property boundary to lessen impacts to the adjacent tennis courts.

• **Existing Zoning**

- The site and all surrounding properties are zoned N1-B.

The site, marked by a red star, is surrounded by a mix of uses including parks and preserves, cemetery, retail, and single family residential.

Street view of the vacant petition site as seen from S Tryon Street.

Street view of Jeff Adams Tennis Center and Renaissance Park, located to the north and west of the site.

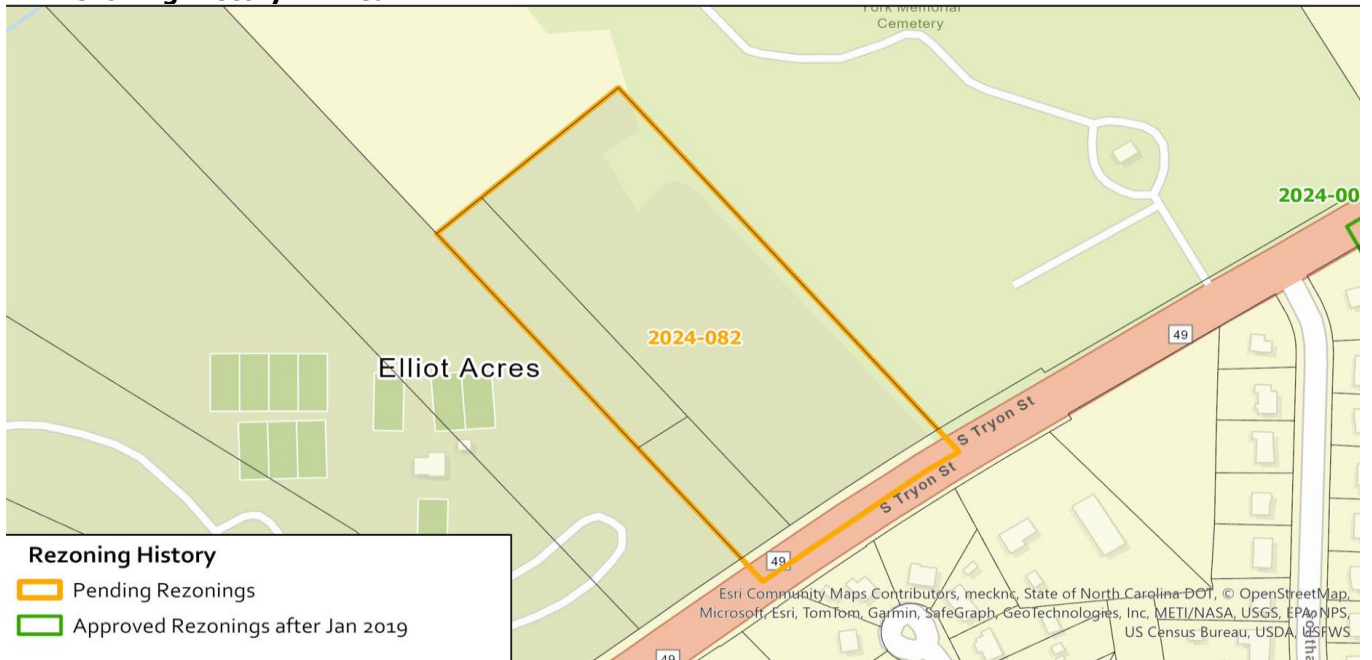

Street view of York Memorial Park cemetery, located to the east of the site along S Tryon Street.

Street view of single-family residential use to the south of the site across S Tryon Street.

• **Rezoning History in Area**

Petition Number	Summary of Petition	Status
2024-004	Petition to rezone to N2-A(CD) allow 50 multi-family attached dwellings on 4.1 acres.	Approved

• **Public Plans and Policies**

- The 2040 Policy Map (2022) recommends the Parks & Preserves place type for the site. The site is adjacent to Renaissance Park and Jeff Adams Tennis Center.

- **TRANSPORTATION SUMMARY**

- Site is located on Tryon Street, a State-maintained arterial, between Tyvola Road, a City-maintained arterial, and Kingman Drive, a City-maintained local street. A Traffic Impact Study (TIS) is not required for the site due to the development generating site trips under ordinance thresholds and not meeting additional TIS triggers. Due to the minor nature of this rezoning CDOT will coordinate with the petitioner during permitting to ensure the site meets all ordinance requirements. All outstanding CDOT issues have been addressed.

- **Active Projects:**

- N/A

- **Transportation Considerations**

- No outstanding issues.

- **Vehicle Trip Generation:**

Current Zoning:

Existing Use: 0 trips per day (based on vacant land).

Entitlement: 240 trips per day (based on 21 single-family dwellings).

Proposed Zoning: 748 trips per day (based on 34,808 SF animal adoption facility).
