STAFF RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is **inconsistent** with the 2040 Policy Map recommendation for Neighborhood 1 place type.

Rationale for Recommendation

- CAC-1 place types are utilized for transitioning away from automobile-centric orientation toward a more walkable, well-connected, moderate intensity, mix of retail, restaurant, entertainment, office, and personal service uses, including some residential uses.
- The Community Activity Center place type could be considered appropriate for this site given that the surrounding parcels are designated for the Community Activity Center place type and this rezoning would help further align the place type recommendation toward the intersection of Prosperity Church Rd. and Benfield Rd.

- The small acreage of the site and the limited access could limit the intensity of the proposed CAC-1 uses.
- The petition could facilitate the following *2040 Comprehensive Plan* Goals:
 - 1: 10 Minute Neighborhoods
 - 8: Diverse & Resilient Economic Opportunity

The approval of this petition will revise the recommended place type as specified by the *2040 Policy Map*, from Neighborhood 1 Place Type to Community Activity Center for the site.
