**STAFF
RECOMMENDATION**

Staff recommends approval of this petition.

Plan Consistency

The petition is **consistent** with the *Scaleybark Transit Station Area Plan* (2008) recommendation of transit oriented development – mixed use for this site.

Rationale for Recommendation

- The site is within a ½-mile walk to the Scaleybark Station
- The TOD-CC district may be applied to parcels within a ½-mile walking distance of an existing rapid station, or within ½ mile walking distance of an existing streetcar stop.
- The dimensional standards of the transit oriented development zoning ordinance limits the maximum building height to 65 feet for buildings within 200 feet of the site’s adjacent R-4 zoning.
- The subject site is directly adjacent to a number of other areas zoned TOD-CC.

- This rezoning would allow for the redevelopment of the site to transit supportive uses.
- The TOD-CC zoning district is appropriate for the site due to the site’s direct adjacency to South Boulevard, a major thoroughfare.
- The use of conventional TOD-CC zoning applies standards and regulations to create the desired form and intensity of transit supportive development, and a conditional rezoning is not necessary.
- TOD standards include requirements for appropriate streetscape treatment, building setbacks, street-facing building walls, entrances, and screening.

PLANNING STAFF REVIEW

• **Proposed Request Details**

This is a conventional rezoning petition with no associated site plan.

- Allows all uses in the TOD-CC (transit oriented development – community center) zoning district.

• **Existing Zoning and Land Use**

- The site was rezoned to TOD-TR as part of the 2019-102 TOD Alignment Rezoning and is in an area with retail, light industrial, office, residential, and non-residential mixed uses.

- The subject site is denoted with a red star.

- North of the site is the Center Crosland Shopping Mall.

- East of the site are single family residential uses.

- South of the site are office and retail uses.

- West of the site are retail uses.

• **Rezoning History in Area**

Petition Number	Summary of Petition	Status

- **Public Plans and Policies**

- The *Scaleybark Transit Station Area Plan* (2008) recommends transit oriented development – mixed use for this site.
- **TRANSPORTATION SUMMARY**
 - The site is located adjacent to Scaleybark Road, a City-maintained minor thoroughfare and South Boulevard, a City-maintained major thoroughfare. This site is requesting a TOD-CC zoning and will be subject to transportation improvements in accordance with the TOD Ordinance and the adopted CDOT Streets Map. CDOT will work with the petitioner during the permitting process to pursue all options to provide additional forms of connectivity that reflect the types of development associated in the TOD-zoned areas.
 - **Active Projects:**
 - There are no active projects near this site.
 - **Transportation Considerations**
 - No outstanding issues.
 - **Vehicle Trip Generation:**
 - Current Zoning:
 - Existing Use: 545 trips per day (based on existing retail and warehouse uses).
 - Entitlement: Too many uses to determine the trip generation.
 - Proposed Zoning: Too many uses to determine the trip generation.
