Mayfield	<b>Why are there not bid tabs included for RFPs?</b>	Invitation to Bids (ITBs) are assessed based on lowest responsive, responsible bidder. ITBs results are tabulated into bid tabs.  Request for Proposals (RFPs) solicitations are not evaluated on price alone. RFPs are assessed based on many variables, including qualifications and experience specific to the scope of services specified in the procurement documents. RFP's do not produce bid tabs in the same way as ITB's.
