

REQUEST

Current Zoning: R-5 (single family residential) and R-8 (single family residential)
Proposed Zoning: UR-2(CD) (urban residential, conditional)

LOCATION

Approximately 4.54 acres located along the south side of Elmin Street, on the north side of West Boulevard, east of Old Steele Creek Road.

SUMMARY OF PETITION

The petition proposes to allow an age-restricted, multifamily residential development at a density of 29.74 units per acre, on a vacant parcel located between Elmin Street and West Boulevard in West Charlotte.

STAFF
RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is **inconsistent** with the *Central District Plan* (1993) recommendation for single family residential up to 5 units per acre and single family residential up to 8 units per acre, but **consistent** with the *General Development Policies* recommendation for over 17 dwelling units per acre.

Rationale for Recommendation

- The petition meets the *General Development Policies* locational criteria for consideration of over 17 dwelling units per acre.
- The request supports a desired mix of housing types in the area.

- Directly east of the site is a religious institution, and west are a mix of institutional, office, residential, and retail uses.
- The project commits to streetscape improvements along West Boulevard.
- The request commits to several transportation improvements, including provision of an 8-foot sidewalk adjacent to the unopened right-of-way located along the western property line. Pedestrian scale lighting will also be provided along this sidewalk.
- The petition proposes a new ADA compliant bus waiting pad per along West Boulevard for outbound bus stop #34580.
- The petition commits to installation of evergreen shrubs to enhance screening of the parking and refuse areas from existing residential and institutional uses along Elmin Street.
- The site plan clearly identifies proposed open space amenity area and urban open space area with associated conditional notes committing to their improvements.

The approval of this petition will revise the adopted future land use as specified by the Central District Plan, from current recommended single family residential up to 5 units per acre and single family residential up to 8 units per acre to new recommended residential over 17 units per acre for the site.

PLANNING STAFF REVIEW

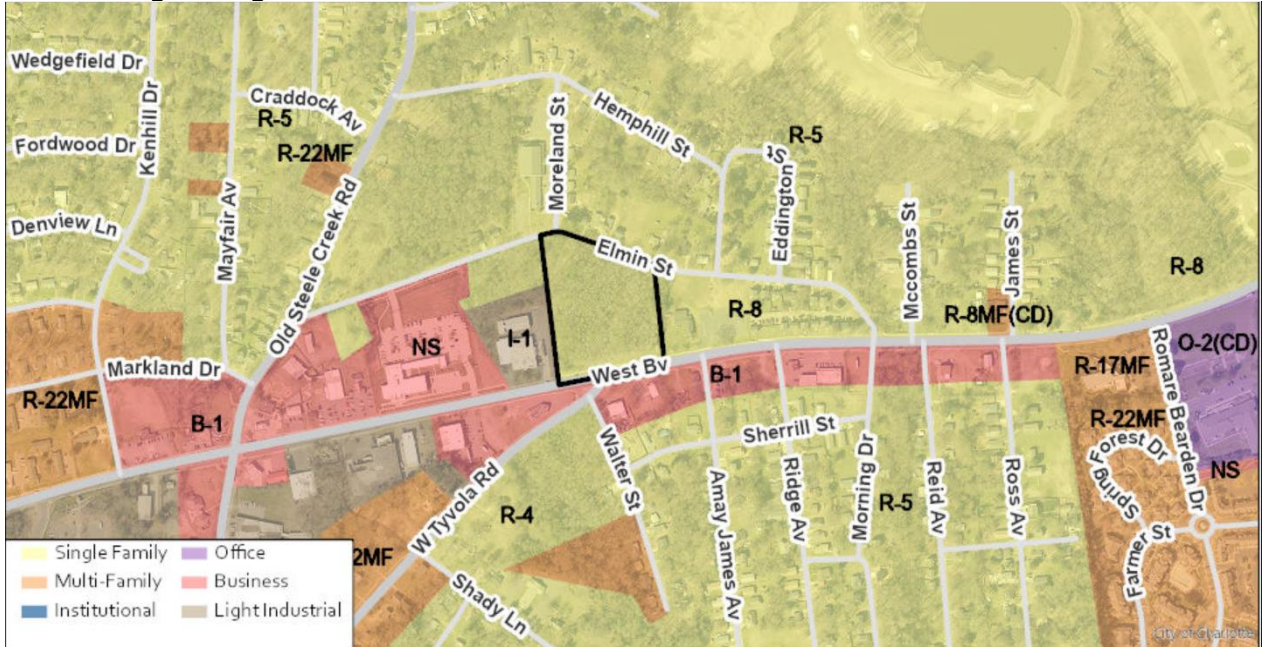

• **Proposed Request Details**

The site plan accompanying this petition contains the following provisions:

- Up to 125 age-restricted multi-family residential dwelling units in 1 building (29.74 units per acre).
- Limits building height to 60 feet.
- Proposes a workforce housing program to ensure that the proposed residential dwelling units constructed on the Site are reasonably priced for persons earning less than the median income for the area ("Affordable Units"). Ensures that all the proposed affordable Units constructed on the Site, for a period of not less than 20 years, maintain monthly rents that are income restricted for households earning up to 80% of area median income.
- Provides a 24-foot building and parking setback along West Boulevard from back of future curb.
- Provides a 20-foot building and parking setback along Elmin Street from back of future curb.
- Provides a 16-foot setback along the existing unopened right-of-way located along the western property boundary.
- Proposes access via West Boulevard and Elmin Street (gated).
- Illustrates potential tree save areas along Elmin Street.
- Proposes a staggered double row of evergreen screen shrubs along a portion of Elmin Street to screen proposed parking areas from the right-of-way and existing residential and institutional uses across the street.
- Illustrates proposed large evergreen shrubs, a 6-foot masonry screening wall with gates to screen the proposed refuse area.
- Proposes the following transportation improvements:
 - Improves West Boulevard with a 16-foot planting strip and an 8-foot sidewalk. The proposed sidewalk will extend across the unopened right-of-way.
 - Provides an 8-foot planting strip and an 8-foot sidewalk along Elmin Street. The proposed sidewalk will extend half-way across the unopened right-of-way. Additional improvements along Elmin Street will be provided as required by the Chapter 19 of the City Code. Elmin will be improved to meet a residential medium cross-section.
 - Provides an 8-foot sidewalk adjacent to the unopened right-of-way located along the western property line. Pedestrian scale lighting will also be provided along this sidewalk. The back of the proposed sidewalk will be located 29 feet from the center line of the unopened right-of-way. A sidewalk and utility easement will be provided for the portion of the sidewalk located outside of the right-of-way.
 - Constructs a curb ramp at the intersection of West Boulevard and the unopened street as generally depicted on the Rezoning Plan.
 - Constructs an accessible curb ramp on the south side of Elmin Street across from the intersection of Moreland Street as generally depicted on the Rezoning Plan. The Petitioner

- will also bring the existing accessible curb ramp located on the north side of Elmin Street at the intersection of and Moreland Street to City Standards.
- Dedicates and conveys to CDOT 54 feet of right-of-way from the center line of West Boulevard, as generally depicted on the Rezoning Plan.
 - Dedicates additional right-of-way along Elmin Street to accommodate a residential medium cross-section. A sidewalk easement may be provided to reduce the amount of right-of-way that is dedicated.
 - Dedicates 1-foot of additional right-of-way along the unopened street located along the western property boundary for a total of 21 feet from the center line.
 - Constructs a new ADA compliant bus waiting pad per Land Development Standards 60.01B along West Boulevard for outbound bus stop # 34580. The final location of the pad will be coordinated with CATS during the permitting process.
 - Proposes the following design guidelines:
 - Proposes building materials used will be a combination of portions of some of the following: brick, stone, precast stone, precast concrete, synthetic stone, cementitious fiber board, stucco, EIFS, decorative block and/or wood. Vinyl or aluminum as a building material may only be used on windows, soffits and on handrails/railings.
 - Prohibits vinyl siding (but not vinyl handrails, windows or door trim).
 - Prohibits concrete masonry units not architecturally finished.
 - All principal and accessory buildings abutting West Boulevard, Elmin Street and the unopened right-of-way shall comprise a minimum of 20% of that building's entire façade facing such network street using brick, natural stone (or its synthetic equivalent), stucco or other material approved by the Planning Staff.
 - Prohibited exterior building materials are vinyl siding (but not vinyl hand rails, windows or door trim) and concrete masonry units not architecturally finished.
 - Notes buildings exceeding 135 feet in length along an existing or proposed right-of-way shall include modulations of the building massing/facade plane (such as recesses, projections, and architectural details). Modulations shall be a minimum of 10 feet wide and shall project or recess a minimum of 4 feet extending up and down through the building façade.
 - Building elevations shall be designed with vertical bays or articulated architectural façade features which may include but not be limited to a combination of exterior wall offsets, projections, recesses, pilasters, banding and change in materials or colors.
 - Buildings shall be designed with a recognizable architectural base on all facades facing West Boulevard. Such base may be executed through use of Preferred Exterior Building Materials or articulated architectural façade features and color changes.
 - Building elevations facing West Boulevard, Elmin Street, and the unopened right-of-way shall not have expanses of blank walls greater than 20 feet in all directions and architectural features such as but to limited to banding, medallions or design features or materials will be provided to avoid a sterile, unarticulated blank treatment of such walls.
 - Notes improved open space areas will be provided as generally depicted on the Rezoning Plan. The proposed open space amenity areas will be improved with landscaping, seating areas, hardscape elements and shade structures as applicable and appropriate to the proposed amenity area. The improved open space area will contain a minimum of 8,000 square feet.
 - The Petitioner will design the storm water and water quality structure proposed along West Boulevard so that attractively landscaped and screened from West Boulevard. Flowering small-maturing trees are illustrated between the potential BMP area and proposed sidewalk along West Boulevard.
 - Notes an improved urban open space area will also be provided along West Boulevard. This open space area will be improved with a seating area, landscaping, hardscape elements, and lighting.

• Existing Zoning and Land Use

The site is currently vacant and is surrounded by a mix of single family and multi-family residential developments, institutional, office, and retail uses and vacant land on parcels in various zoning districts.

The rezoning site is vacant.

East is a religious institution.

West, along West Boulevard are a mix of residential and nonresidential uses.

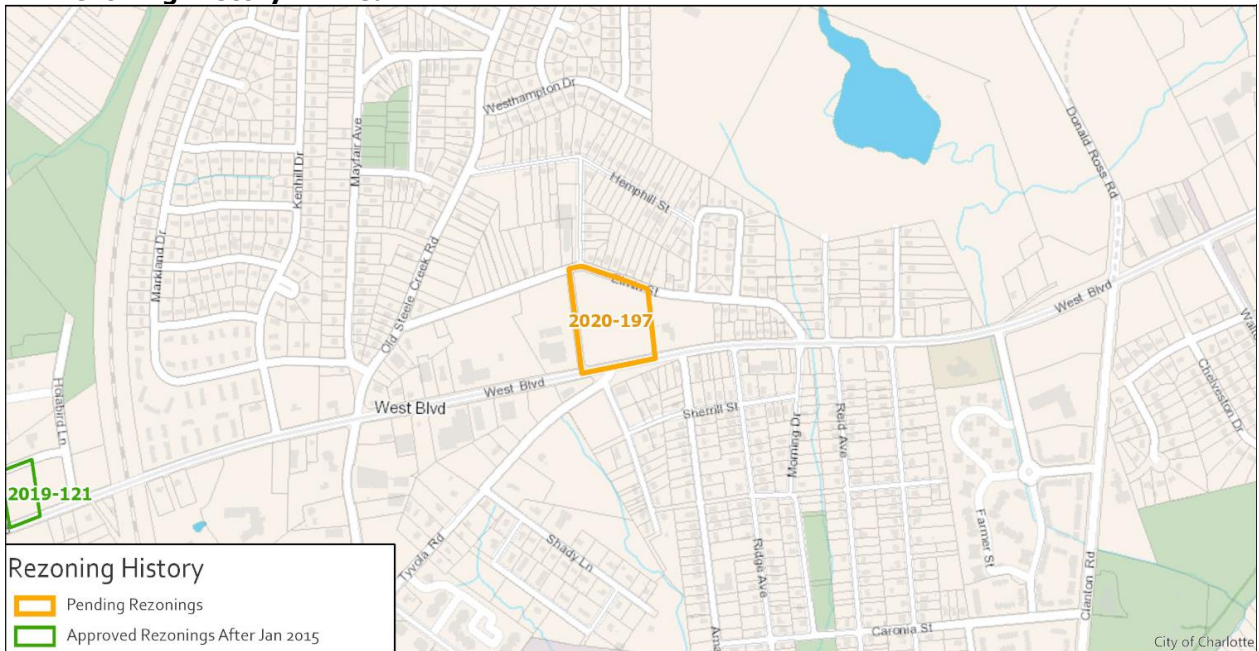

Along Elmin Street are single family homes and a religious institution.

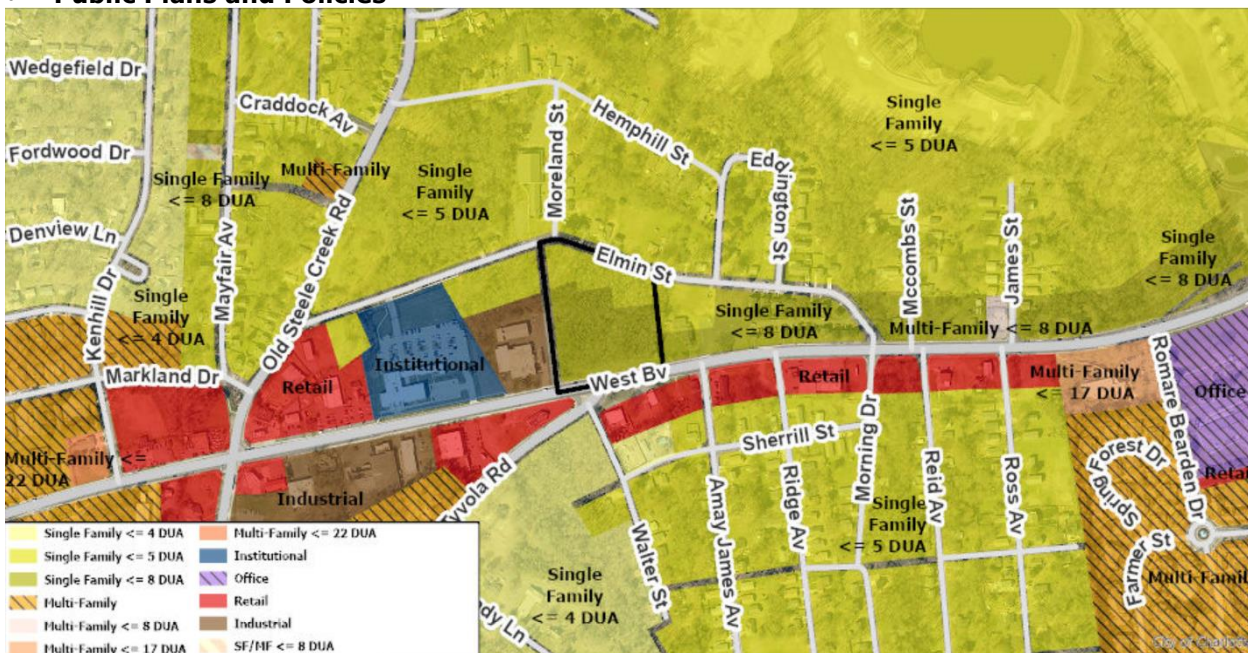

The site (denoted by purple star) is surrounded by a mix of residential and non-residential uses.

• **Rezoning History in Area**

Petition Number	Summary of Petition	Status
2019-121	Rezoned 1.15 acres from B-1(CD) to B-1.	Approved

• **Public Plans and Policies**

- The *Central District Plan* recommends single family residential up to 5 units per acre for a portion of the site, and single family residential up to 8 units per acre for the remainder of the parcel.
- The *General Development Policies (GDP)* provides policy guidance for evaluating proposed residential densities greater than four units per acre. The petition meets the *General Development Policies* locational criteria for consideration of over 17 dwelling units per acre as illustrated in the table below.

Assessment Criteria	Density Category – Over 17 dua
Meeting with Staff	1
Sewer and Water Availability	2
Land Use Accessibility	3
Connectivity Analysis	4
Road Network Evaluation	1
Design Guidelines	4
Other Opportunities or Constraints	NA
Minimum Points Needed: 14	Total Points: 15

• **TRANSPORTATION SUMMARY**

- The site is located on West Boulevard, a State-maintained major thoroughfare, and Elmin Street, a City-maintained local road, at the intersection of West Boulevard and Tyvola Road. The proposed project is requesting to change the site’s rezoning from R-5/R-8 to Urban Residential-2 (UR-2). In accordance with the City’s Ordinances and WALKS Policy, the petitioner has committed to construct portion of a pedestrian network, in the form of an 8-foot planting strip and 8-foot sidewalk, along Elmin Street, West Boulevard, and the paper right-of-way along the western property line. This new pedestrian network will complement the bicycle and pedestrian infrastructure constructed as a part of the West Boulevard Corridor Implementation CIP Project. Lastly, the Petitioner has agreed to improve the CATS Bus Stop in front of the site on West Boulevard. There are no outstanding CDOT items.
- **Active Projects Near the Site:**
 - West Boulevard Corridor Implementation, CIP Project ID# PMES181547
 - Construct numerous bicycle and pedestrian improvements along West Boulevard from Camden Road to Billy Graham Parkway.
 - New Pedestrian Hybrid Beacon between Morning Drive and Ridge Avenue
 - Ramp and flatwork construction starting 1st quarter 2021
 - Mast Arm 2nd quarter 2021
- **Transportation Considerations**
 - No outstanding issues.
- **Vehicle Trip Generation:**
 - Current Zoning: Existing Use: Vacant
 - Entitlement: 375 trips per day (based on 7 homes at R-5; 24 homes at R-8).

Proposed Zoning: 480 trips per day (based on 125 senior multi-family).

DEPARTMENT COMMENTS (see full department reports online)

- **Charlotte Area Transit System:** No outstanding issues.
- **Charlotte Department of Housing and Neighborhood Services:** No comments received.
- **Charlotte Department of Solid Waste Services:** No outstanding issues.
- **Charlotte Fire Department:** See advisory comments at www.rezoning.org
- **Charlotte-Mecklenburg Schools:** Not applicable.
- **Charlotte Water:** Charlotte Water has accessible water system infrastructure for the rezoning boundary via an existing 6-inch water distribution main located along Elmin Street. Charlotte Water has sanitary sewer system infrastructure accessible for the rezoning boundary via an existing 8-inch gravity sewer main located along Elmin Street. See advisory comments at ww.rezoning.org.
- **Engineering and Property Management:**
 - **Arborist:** No outstanding issues.
 - **Erosion Control:** No outstanding issues.
 - **Land Development:** No outstanding issues.
 - **Storm Water Services:** See advisory comments at www.rezoning.org
 - **Urban Forestry:** No outstanding issues.
