STAFF RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is **consistent** with the 2040 Policy Map recommendation for the Community Activity Center Place Type.

Rationale for Recommendation

- This petition is appropriate and compatible as the site is within an area designated by the 2040 Policy Map for the Community Activity Place Type.
- The site is a City owned parcel abutting the City owned Ovens Auditorium and the Bojangles Coliseum complex. It is compatible to incorporate the two sites under the same CAC Place Type.
- The Community Activity Center zoning district includes standards to adequately buffer and transition uses adjacent to more sensitive areas like the Neighborhood 1 Place Type.

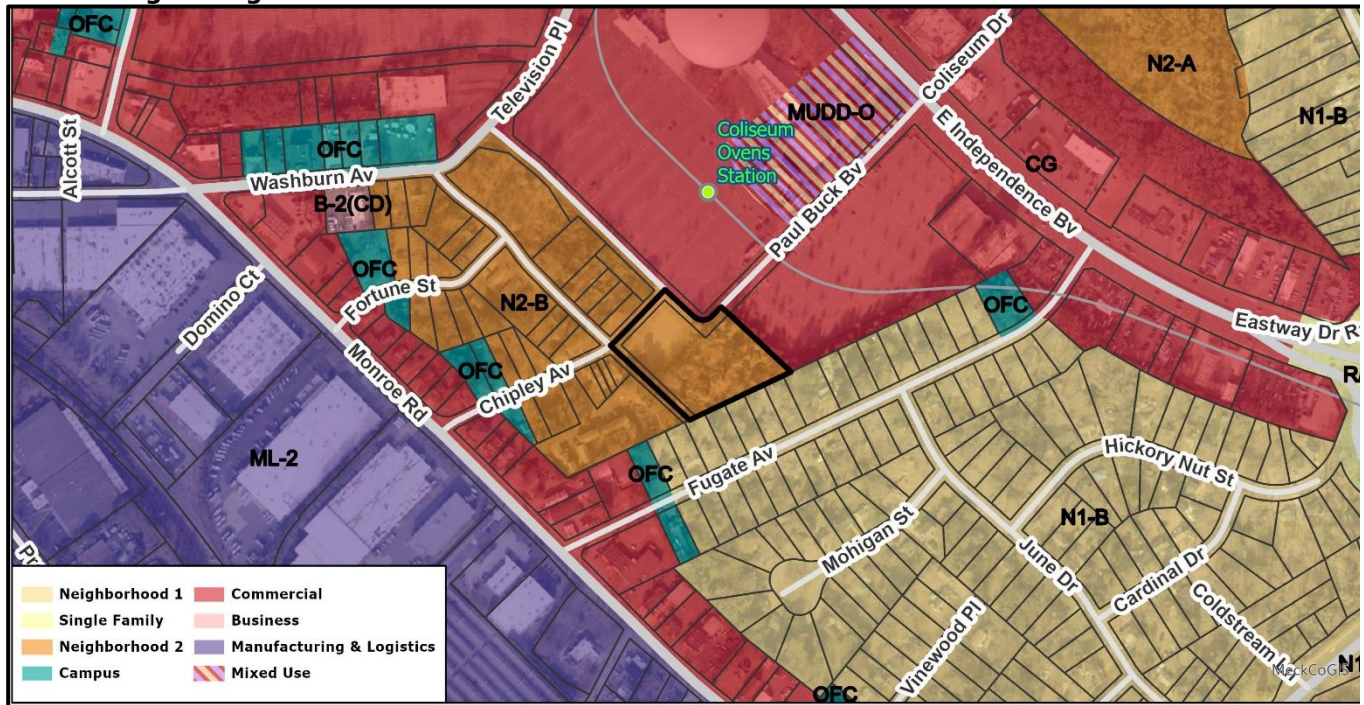

- The petition could facilitate the following *2040 Comprehensive Plan* Goals:
 - 1: 10 Minute Neighborhoods

PLANNING STAFF REVIEW

This is a conventional rezoning petition with no associated site plan.

- **Existing Zoning**

• Public Plans and Policies

- **TRANSPORTATION SUMMARY**

- The site is located at the intersection of Paul Buck Boulevard, a City-maintained local street, and Chipley Avenue, a City-maintained local street. A Comprehensive Transportation Review (CTR) is not necessary for the complete review of this petition due to the conventional rezoning. A CTR will be required during permitting if the site generates site trips over ordinance thresholds. The site will be subject to transportation improvements in accordance with the UDO and the adopted CDOT Streets Map. CDOT will work with the petitioner during the permitting process to pursue all options to provide additional forms of connectivity that reflect the types of development associated with this place type and zoning district.

- **Active Projects:**

 - Widen roadway for two-way express lanes between I-277 and West of Idlewild Road
