STAFF RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is **inconsistent** with the *Newell Area Plan's* (2002) recommendation for single family uses up to four dwelling units per acre (DUA) and greenway uses for the site.

Rationale for Recommendation

- The subject property's location is in a gap area for public open space. To offset that gap, the request provides at minimum 12,000 square feet of amenitized open space.
- The requested increase in density is appropriate in this location as the Blue Line's University City Blvd. Park and Ride station is approximately 6,000 feet from the property's proposed entrance.
- The request satisfies the Plan's land use objective of "providing a broad range of housing" that will meet the needs of different types of households. The request provides a moderate increase in

density in an area that is immediately adjacent to the future Toby Creek Greenway corridor

- Although inconsistent with recommended density, the requested housing type (single family attached) is consistent with the proposed land use recommendation.

The approval of this petition will revise the adopted future land use as specified by the *Newell Small Area Plan* for a portion of the site, from single family uses up to 4 DUA to residential uses up to 8 DUA for the site. The area recommended for greenway uses shall remain.

• **Existing Zoning and Land Use**

There have been no historic rezonings of this site. It is largely surrounded by detached single-family homes. As you proceed further east and west from the subject property (toward N. Tryon and Old Concord Roads), residential uses of varying densities and non-residential uses are found.

General location of rezoning outlined in black dashed line with pink fill.

• **TRANSPORTATION SUMMARY**

- The site is located on Rocky River Road West (City-maintained minor thoroughfare) and Newell View Lane (City-maintained local road). The subject property is located approximately 150 feet west of the intersection of Rocky River Road and Rockland Drive. Site plan revisions are needed to label a 12' multi-use path along the property frontage to provide bicycle and pedestrian connectivity and accessibility in accordance with the City of Charlotte BIKES and Charlotte WALKS Policies. - Cross Charlotte Trail – Orr Road to Rocky River Road West

 - Under Construction
 - Constructing curb and gutter, sidewalk, standard bike lanes and one multi-use path from Rockland Drive to N. Tryon Street.

• **Transportation Considerations**

- No outstanding issues.

• **Vehicle Trip Generation:**

Current Zoning:
