Mayfield	<p><b>25. Alarm Registration and Management Services</b></p> <p>If we are up to over \$3M in five years as this was first approved in 2020, why are we not putting this back out to bid for a more accurate total bid amount beyond 1-year: The one-year extension is for an estimated amount of \$575,000, and the new estimated value of the contract including extension #3 is \$3,253,290.</p>	<p>CMPD and Procurement are currently partnering to conduct a comprehensive competitive procurement process for these services. This one-year extension is to allow for additional time to develop and conduct a comprehensive RFP process for a multi-year contract. Due to the complex need and critical nature of the services provided additional time is needed.</p>																		
Mayfield	<p><b>29. Thermoplastic Pavement Striping and Line Removal Services</b></p> <p>Is TRP a certified SBE or MBE? If not why is there no commitment to local businesses?</p> <p>TRP Construction Group, LLC. has elected to self-perform 100% of the work on this contract and has provided the required documentation to demonstrate that it can perform all scopes of work on this contract with their own forces.</p>	<p>There were no specific subcontracting goals established for these contracts since each vendor is performing all of the work themselves and not subbing out any of the work components.</p> <p>Three primes were selected for this project and 2 out of the 3 vendors are SBE certified.</p> <ol style="list-style-type: none"> <li>1. RAM Pavement is a certified SBE</li> <li>2. Striping Concepts is a certified SBE</li> <li>3. TRP Construction is the only vendor that is not certified on the prime level. There will not be any certified spend with TRP Construction as they have elected to perform all of the work.</li> </ol> <p>RAM Pavement and Striping Consultants will count at 100% each.</p>																		
Mayfield	<p><b>31. Interpretation, Translation, and Transcription Services</b></p> <p>What languages are being represented through these services outside of Spanish? Also, are any of these sign language in diverse ethnicity providers?</p>	<p>In addition to Spanish, these contracts will provide the city with access to interpretation, translation, and transcription services associated with:</p> <table border="1"> <tr> <td>American Sign Language</td><td>German</td><td>Russian</td></tr> <tr> <td>Arabic</td><td>Haitian Creole</td><td>Somali</td></tr> <tr> <td>Cambodian</td><td>Hindi</td><td>Telugu</td></tr> <tr> <td>Chinese/Mandarin</td><td>Korean</td><td>Thai</td></tr> <tr> <td>Filipino</td><td>Laotian</td><td>Ukrainian</td></tr> <tr> <td>French (African)</td><td>Nepali</td><td>Vietnamese</td></tr> </table> <p>The city does not collect or request information pertaining to a vendor's ethnicity as a part of our solicitations for services. Specific to sign language, these contracts only provide for American Sign Language.</p>	American Sign Language	German	Russian	Arabic	Haitian Creole	Somali	Cambodian	Hindi	Telugu	Chinese/Mandarin	Korean	Thai	Filipino	Laotian	Ukrainian	French (African)	Nepali	Vietnamese

Mayfield	<p><b>33. Water Meter and Automated Meter Reading Replacement</b></p> <p>For clarification, will these approvals replace the current system? Is there an update from the current provider if any on refunds as many residents have shared concerns on improper charging on their water bills (mainly from long term elder residents that have had development occurring in their communities and lines being broken causing their water bills to show significant increases)</p>	<p>This contract will replace meters over the next 8 years. As meters get older, they run slower, not faster and therefore would not adversely impact billing for customers.</p> <p>If a resident's personal line is broken due to development or another reason, and the resident's bill increased, a leak adjustment can be processed by calling 311.</p>
