**STAFF
RECOMMENDATION**

Staff recommends approval of this petition.

Plan Consistency

The petition is **consistent** with the *2040 Policy Map* recommendation for Campus.

Rationale for Recommendation

- The proposal brings the site into alignment with the *2040 Policy Map* recommendation for the Campus Place Type, which supports office, institutional, and civic buildings designed to serve as employment and service destinations within established community areas.
- The proposed district aligns with the intent of the Campus Place Type by accommodating medical, administrative, and professional office uses that complement adjacent health facilities and institutional development already present in the Steele Creek area.
- The site's location along South Tryon Street, a major roadway, provides accessibility to the property.

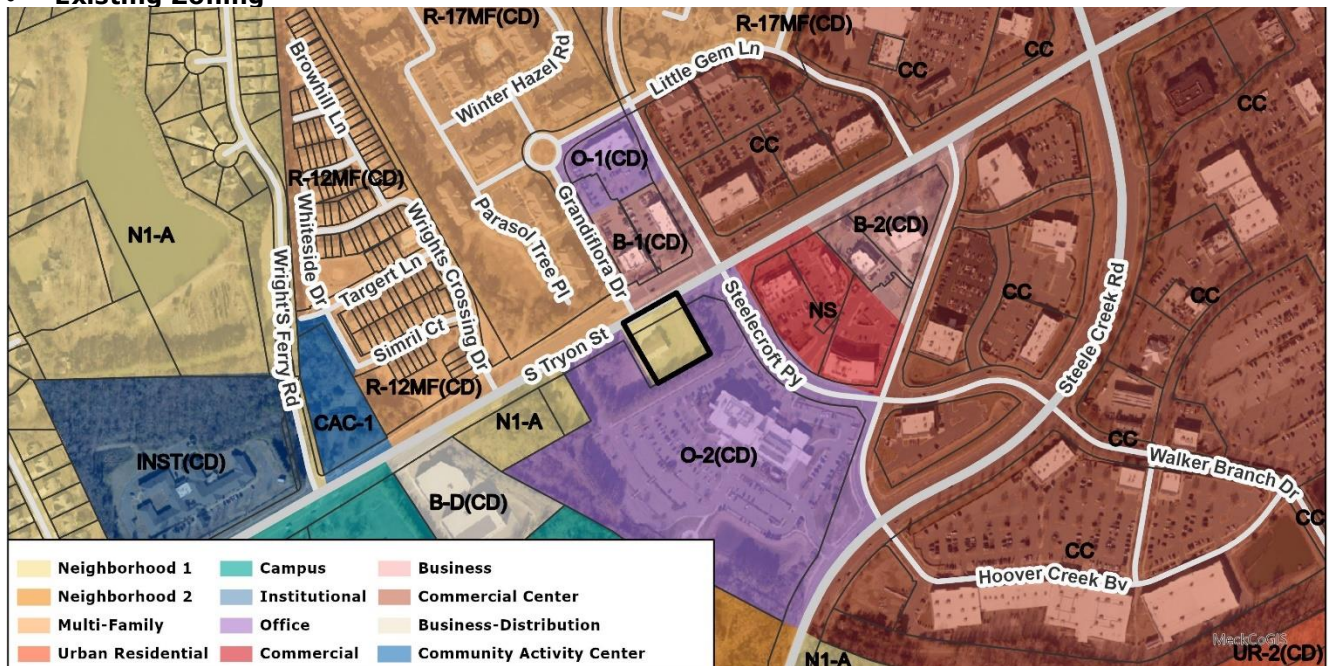

- The site is surrounded by a blend of institutional, office, and residential districts, including medical offices and commercial uses to the east and south, multi-family residential development to the north, and Neighborhood 1 housing further to the west, making the proposal of this petition compatible with the existing transition between residential and non-residential uses on South Tryon Street.
- The petition could facilitate the following *2040 Comprehensive Plan Goals*:
 - 1: 10 Minute Neighborhoods
 - 8: Diverse & Resilient Economic Opportunity

PLANNING STAFF REVIEW

- **Proposed Request Details**

This is a conventional rezoning petition with no associated site plan.

- **Existing Zoning**

The subject site (outlined in black) is surrounded by a mix of zoning districts that allow a blend of commercial, office, residential, and institutional uses.

The surroundings of the site include a mixed-use commercial area that integrates employment, residential, and service-oriented uses.

The site is occupied by a structure that was previously utilized by the fire department.

North of the site are apartments and commercial businesses.

East of the site are health institutions and medical offices.

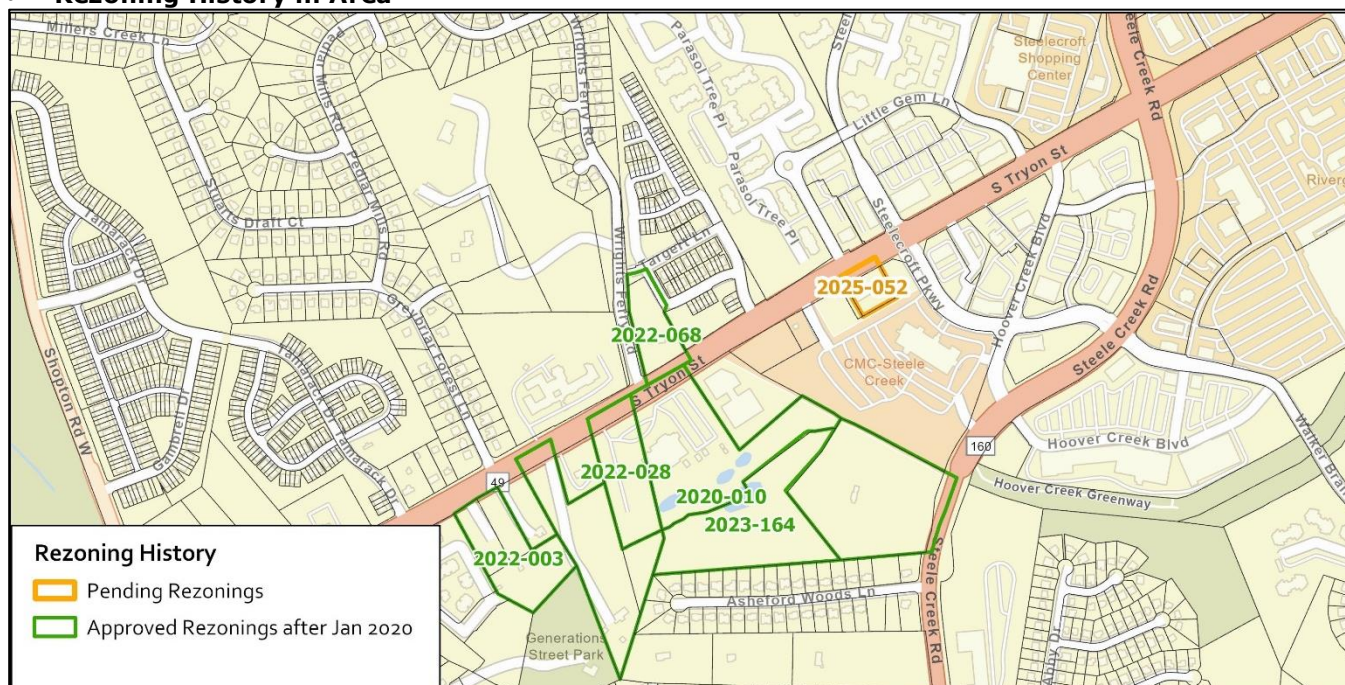

South of the site are medical offices.

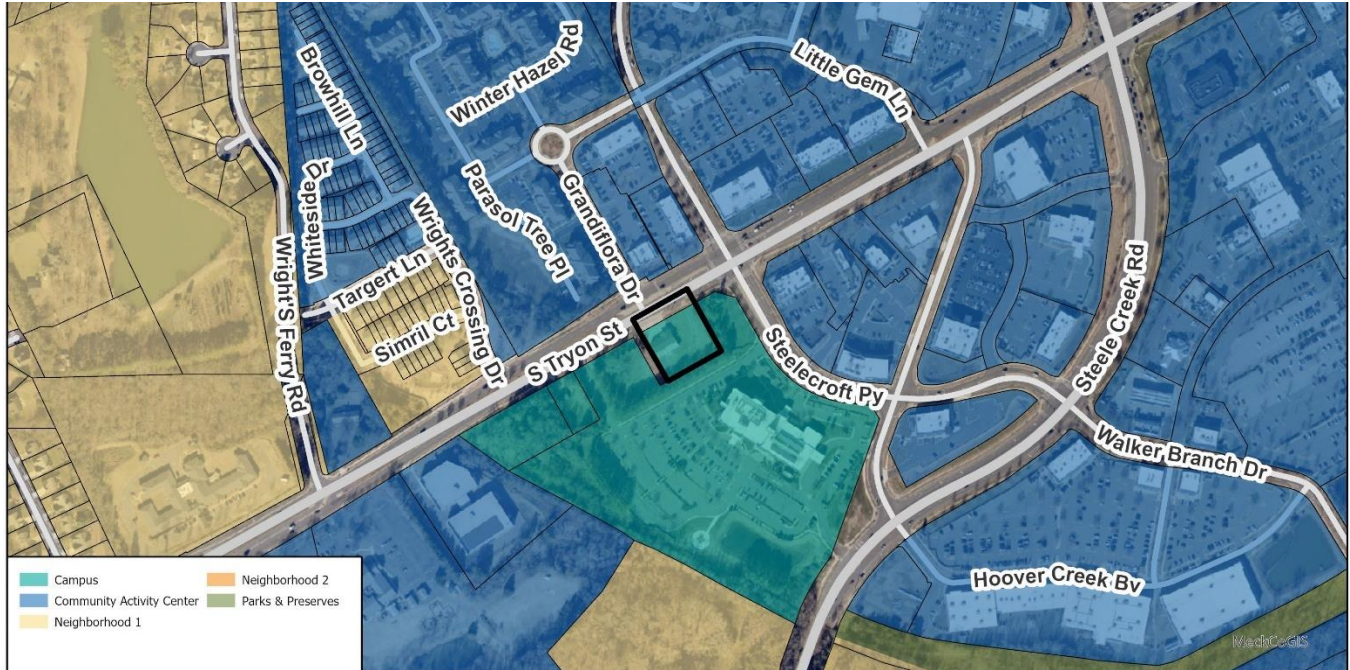

West of the site are residential neighborhoods and institutional uses.

• **Rezoning History in Area**

Petition Number	Summary of Petition	Status
2020-010	Rezoned 15.8 acres from R-3 (Single-Family Residential) to INST (Institutional) to allow for all uses within the INST zoning district.	Approved
2022-003	Rezoned 4.39 acres from R-3 (Single Family Residential) to R-12MF(CD) (Multifamily Residential, Conditional) for up to 29 single family attached residential dwelling units.	Approved
2022-028	Rezoned 3.53 acres from R-3 (Single Family Residential) to INST (Institutional) to allow for all uses permitted in the INST district.	Approved

- **Public Plans and Policies**

- The 2040 Policy Map (2022) recommends the Campus Place Type.

- **TRANSPORTATION SUMMARY**

- The site is located adjacent to South Tryon Street, a State-maintained major arterial, south of Steelecroft Parkway, a privately maintained local street. A Comprehensive Transportation Review (CTR) is not necessary for the complete review of this petition due to the conventional rezoning. A CTR will be required during permitting if the site generates site trips over ordinance thresholds. The site will be subject to transportation improvements in accordance with the UDO and the adopted CDOT Streets Map. CDOT will work with the petitioner during the permitting process to pursue all options to provide additional forms of connectivity that reflect the types of development associated with this place type and zoning district.
