STAFF RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is **inconsistent** with the 2040 Policy Map recommendation for the Neighborhood 1 Place Type.

Rationale for Recommendation

- This petition is appropriate and compatible with the surrounding uses and context of the area as it increases the variety of housing types in the area.

- The site is immediately adjacent to a Community Activity Center Place Type providing direct pedestrian and vehicular access to amenities, goods, and services. In addition, the site proposes up to 25,000 square-feet of commercial uses in the NC portion of the site.
- Access to housing is a priority need in this area according to the Equitable Growth Framework Community Reports. The petition proposes 395 residential units.
- The site is within the Prosperity Village CNIP (Comprehensive Neighborhood Improvement Program) which will improve Prosperity Church Road between Old Ridge Road and Benfield Road to provide curb & gutter, sidewalk, storm drainage, bicycle lanes, on-street parking, and install a roundabout at Prosperity Church Road and Prosperity Ridge Road.
- The petition commits to a workforce housing program so that no fewer than 5% of the total residential units within Development Area 2 on the site, for a period of not less than 15 years, maintains monthly rents or sale prices that are income restricted for households earning 80% or less of the area median income.
- The petition serves as a transition between lower density residential development and the higher density, mixed-use Prosperity Village area to the south. The petition provides a well-connected street network providing multiple route options to better accommodate walking and cycling.
- The site is within ¼ mile walk of the 52X bus stop, providing transit options for current and future residents in the area.
- The petition could facilitate the following *2040 Comprehensive Plan* Goals:
 - 1: 10 Minute Neighborhoods

The approval of this petition will revise the recommended place type as specified by the *2040 Policy Map*, from the Neighborhood 1 Place Type to the Neighborhood 2 and the Neighborhood Center Place Types for the site.

PLANNING STAFF REVIEW

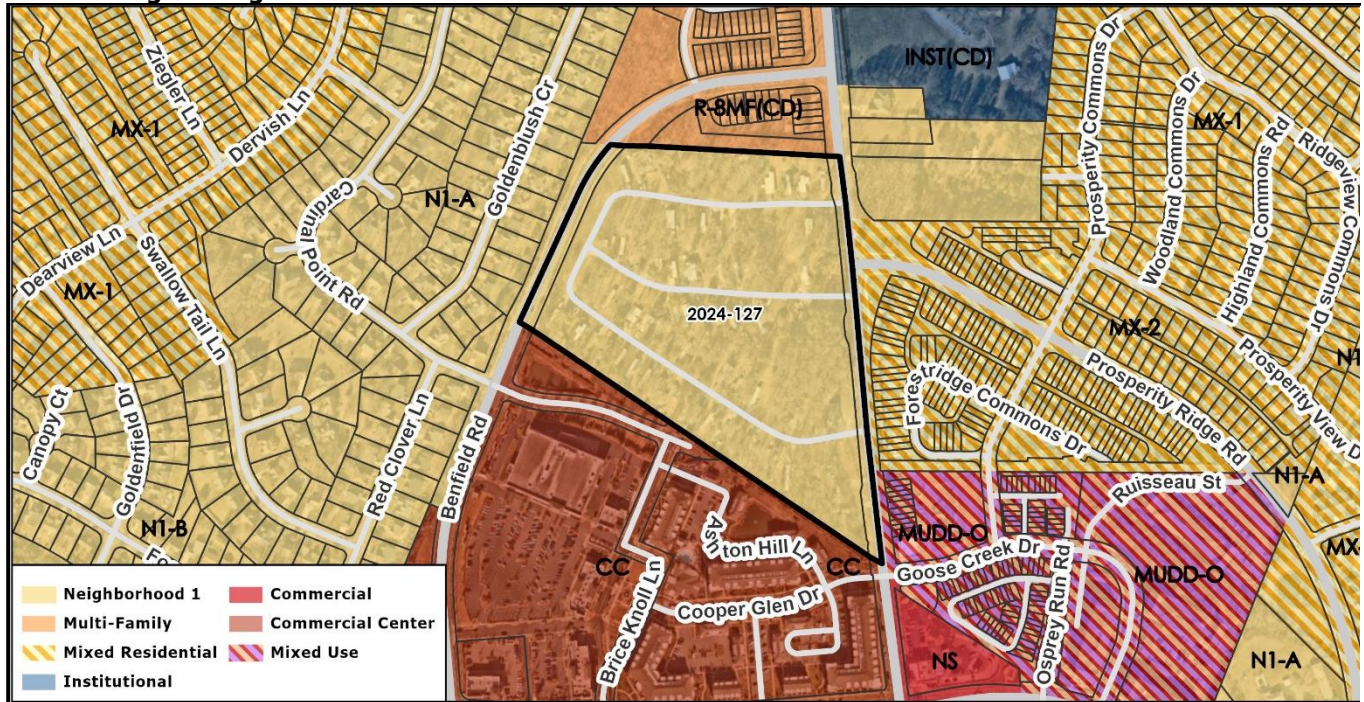

• Proposed Request Details

The site plan accompanying this petition contains the following provisions:

- Allows up to 395 residential units in 2 development areas. Development Area 1 must be multi-family attached dwelling units. Development Area 2 can be any residential unit type allowed in N2-C zoning district.
- Allows up to 25,000 square-feet of non-residential uses in Development Area 3. Prohibited uses include gas station, auto repair, homeless shelter, group home, live performance venue, reception facility, vehicle rental, beneficial fill site, parking lot, public transit facility, temporary outdoor entertainment, and accessory outdoor entertainment.
- Provides a workforce housing program for rent so that no fewer than 5% of the total residential units within Development Area 2 on the site, for a period of not less than 15 years, maintains monthly rents or sale prices that are income restricted for households earning 80% or less of the area median income.
- Provides a workforce housing program for sale committing to a minimum of 14 units in Development Area 1 to be priced for sale for persons earning 80% or less than the median income for the area for a period of not less than 15 years. If financing is not approved for a minimum of 14 years through the Housing Trust Fund after two request for proposal cycles or after a maximum of 18 months from the rezoning approval then the site may be developed with all residential uses as described in the plan.
- Provides two improved public park areas with a public access easement. The areas will consist of 4 or more of the following components: enhanced plantings, specialty paving materials, shading elements, seating, minimum dimension of 50-feet or more in all directions, public art/sculpture, decorative lighting, interactive elements to experience sensory stimulation such as water, music, lighting.
- Transportation improvements:
 - Access to the site will be from Prosperity Church Road, Benfield Road and the extension of Cardinal Point Road.
 - The Prosperity Village CNIP at Prosperity Church Road between Old Ridge Road and Benfield Road to provide curb & gutter, sidewalk, storm drainage, bicycle lanes, and on-street parking, and install a roundabout at Prosperity Church Road and Prosperity Ridge Road. If construction for the site commences prior to the completion of the CNIP project a fee-in-lieu may be paid for any of the improvements required along Prosperity Church Road.

- Provides and 8-foot-wide Planting strip and an 8-foot-wide sidewalk along Prosperity Church Road, Public streets A and B, Cardinal Point Lane, and Benfield Road.
- The petitioner will extend Cardinal Point Road as a public street to office/commercial street standards.
- Network Streets A and B will be public streets and built to the office/commercial wide street cross-section with a ROW of 77-feet total to be dedicated.
- The required distance from the centerline to the future back of curb is a minimum 27-feet for Benfield Road. The petitioner will construct bicycle facilities in accordance with the Charlotte Streets Map along Benfield Road and restripe the bike lane to install a buffered bike lane.
- Access point #1 (Prosperity Church Road and Street B) shall be a right-in, right-out. Petitioner shall construct a median that extends 50-feet past the curb of the site entrance and connect to the proposed median associated with the CNIP project.
- Commits to architectural standards.

• **Existing Zoning**
