STAFF RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is **consistent** with the *2040 Policy Map* recommendation for Neighborhood Center.

Rationale for Recommendation

- The North Graham Street/North Tryon Street (NGNT) is one of six identified corridors in the Corridors of Opportunity (COO) program which aims to revitalize areas with a mix of uses that provide critical resources and businesses to its neighbors, creating more prosperous and safe communities. This rezoning would allow the site's entitlements to be shifted away from industrial uses to a more balanced mix of uses that could better align with the goals of the NGNT corridor.
- The site is located within a ½ a mile walk of Camp North End, a large and growing mixed-use development containing office, restaurant, retail, residential, and cultural uses.

- The site is served by the number 21, 22, and 26 CATS local bus providing service to the Charlotte Transportation Center and to the Rosa Parks Community Transportation Center.
- This rezoning would create a buffer and transition between the adjacent residential area and the manufacturing and logistics zoning.
- Several parcels near the site and along the North Tryon Street corridor have recently been rezoned or are in the process of requesting a rezoning. This represents an ongoing shift in this area to a more urban and mixed-use development pattern. The petition brings the site’s entitlements into alignment with the recommended Place Type for the site.
- The petition could facilitate the following 2040 Comprehensive Plan Goals:
 - 1: 10 Minute Neighborhood

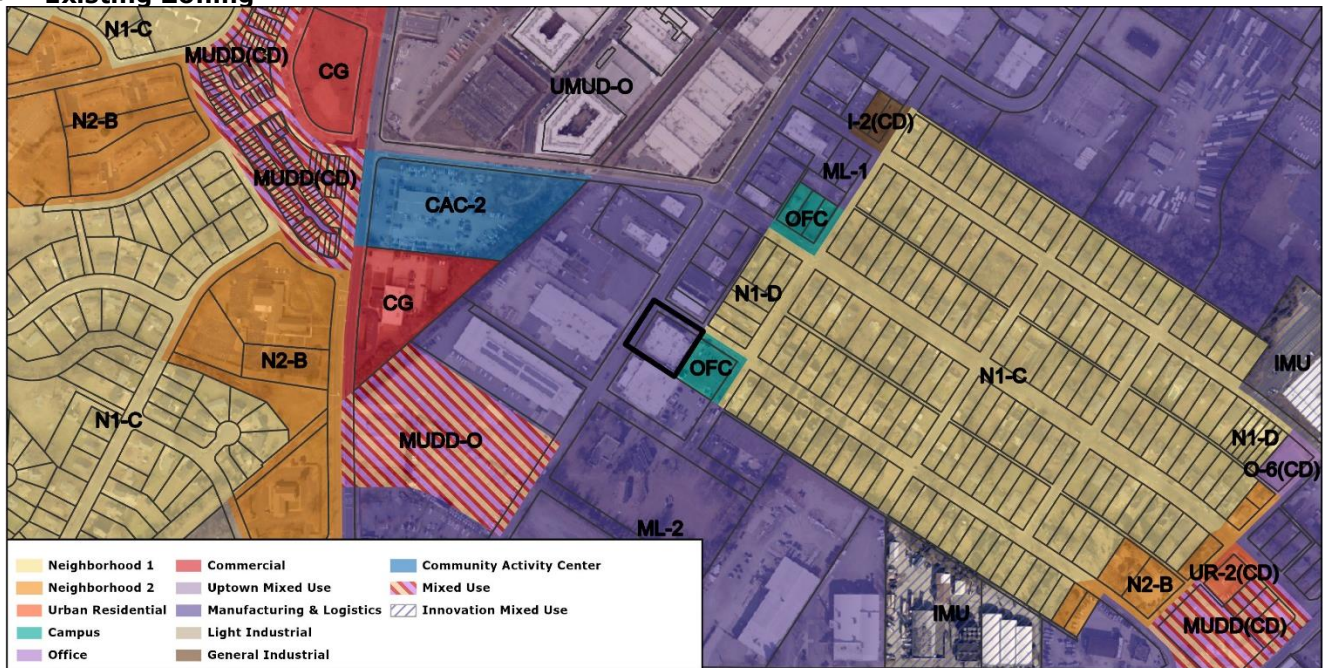

PLANNING STAFF REVIEW

• **Proposed Request Details**

This is a conventional rezoning petition with no associated site plan.

- The petition proposes all uses permitted by-right and under prescribed conditions in the NC zoning district.

• **Existing Zoning**

- North of the site includes office and manufacturing and logistics zoning. To the south, zoning is entirely manufacturing and logistics. The east side is primarily Neighborhood 1 zoning (Neighborhood 1-C and Neighborhood 1-D). To the west, the zoning shifts into commercial and mixed-use zoning, including General Commercial, Community Activity Center, and Mixed Use.

The area to the north of the site includes industrial and warehouse uses along North Graham Street and smaller commercial buildings. South of the site transitions into industrial and distribution uses. The east side is predominantly residential with single-family homes. To the west, land use shifts into a mix of commercial and light industrial uses along North Graham Street and the surrounding parcels.

The site is currently occupied by an office.

North of the site is Camp North End.

East of the site is predominantly residential with single-family homes.

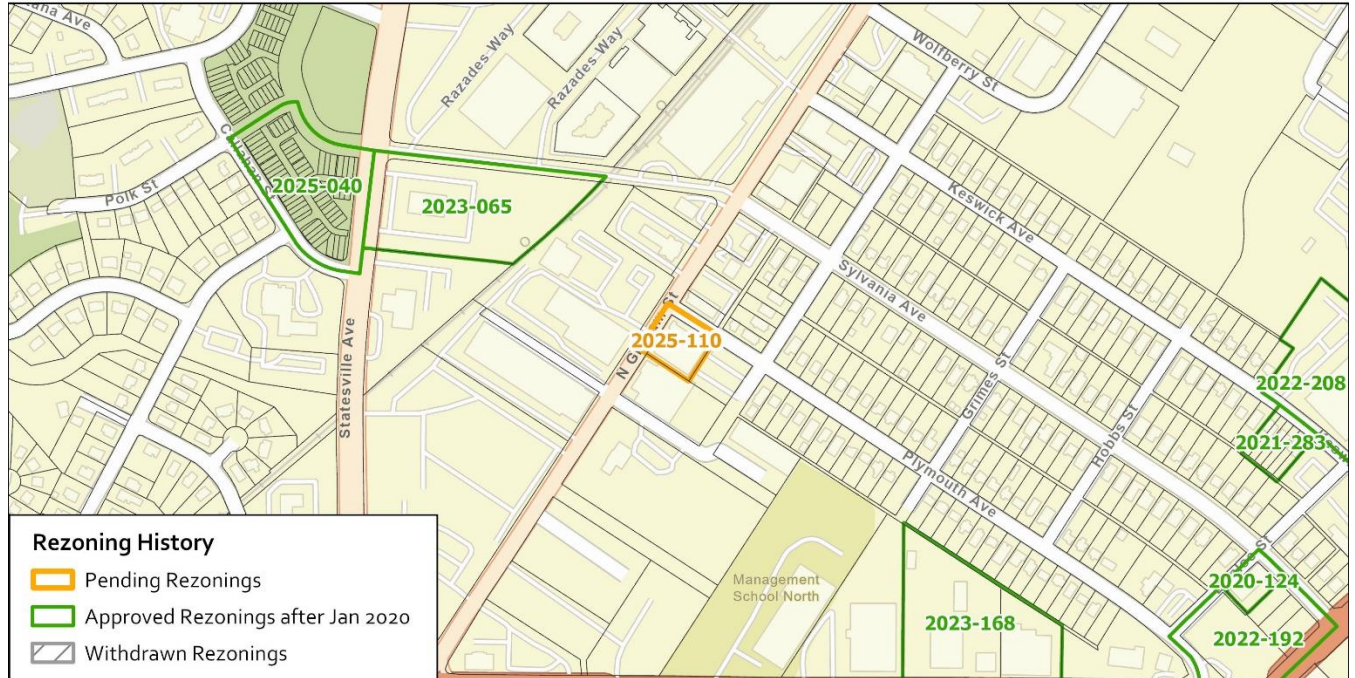

South of the site transitions into industrial uses.

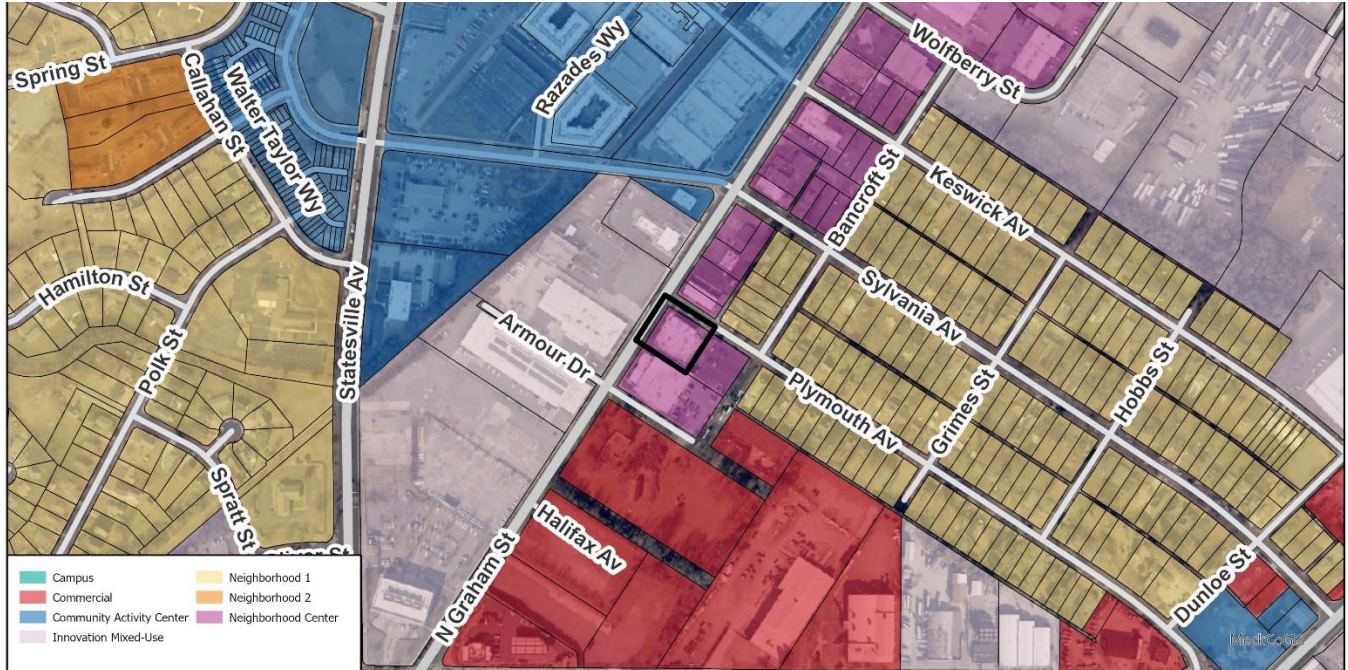

To the west of the site, is a Charlotte Fire Department office.

• **Public Plans and Policies**

- The 2040 Policy Map (2022) recommends the Neighborhood Center Place Type.

• **TRANSPORTATION SUMMARY**

- The site is located at the intersection of North Graham Street, a State-maintained major arterial, and Plymouth Avenue, a City-maintained local street. A Comprehensive Transportation Review (CTR) is not necessary for the complete review of this petition due to the conventional rezoning. A CTR will be required during permitting if the site generates site trips over ordinance thresholds. The site will be subject to transportation improvements in accordance with the UDO and the adopted CDOT Streets Map. CDOT will work with the petitioner during the permitting process to pursue all options to provide additional forms of connectivity that reflect the types of development associated with this place type and zoning district.

• **Active Projects:**

- No active project near the site

• **Transportation Considerations**

- No outstanding issues.

• **Vehicle Trip Generation:**

Current Zoning:

Existing Use: 1010 trips per day (based on Medical-Dental Office).

Entitlement: 1,137trips per day (based on Office).

Proposed Zoning: Too many uses to determine trip generation (based on Neighborhood Center).

Trip generation will be determined at the time of permitting based upon the development proposed
