Plan Consistency

The petition is **consistent** with the goals and policies of the *North Middle & Outer Community Area Plan*. The petition may facilitate the following priority goals of the area plan:

1: 10 Minute Neighborhoods may be facilitated by proposing a district that allows for uses which may provide additional amenities, goods, services, and/or residential units within an existing Community Activity Center.

Rationale for Recommendation

- The site is designated as a Community Activity Place Type by the *North Middle & Outer Community Area Plan* and the *2040 Policy Map*. The request is in alignment with the site's Place Type designation and Community Area Plan goals.

- The CAC Place Type promotes a variety of uses such as retail, restaurant, office, and multi-family residential in a walkable and transit-friendly environment.
- The site is served by local CATS bus route 59 and is in the Prosperity Church Road micro transit zone. CATS Micro provides on demand, shared rides from one point to another within a designated zone.

• **Infrastructure and By-Right Development**

- This map depicts infrastructure projects, rezonings, and projects occurring by-right in the vicinity of the subject rezoning. By-right development is development that without exception complies with all standards of the zoning district in which the development is taking place. A project occurring by-right denotes that the development is allowed on the property and needs only to show that the development will meet the ordinance standards).
- More information on the specific projects in this area can be found using [Development Near Me](#)

• **Public Plans and Policies**

- The *North Middle & Outer Community Area Plan* and accompanying *2040 Policy Map* recommends the Community Activity Center Place Type. The proposed rezoning is in alignment with the adopted Community Activity Place Type.
  - Community Activity Centers are mid-sized mixed-use areas, typically along transit corridors or major roadways, that provide access to goods, services, dining, entertainment, and residential for nearby and regional residents.

- This site is within the *North Middle & Outer Community Area Plan*. The rezoning petition may help facilitate the priority Goal 1. The petition may support Goal 1 (10-Minute Neighborhoods) for the development of 10-Minute Neighborhoods because the CAC zoning district permits a mix of uses that can enhance neighborhood accessibility and contribute to creating more complete, walkable communities.
