STAFF RECOMMENDATION

Staff recommends approval of this petition upon resolution of outstanding issues related to environment and site and building design.

Plan Consistency

The petition is **inconsistent** with the *2040 Policy Map* (2022) recommendation for the Neighborhood 1 Place Type.

Rationale for Recommendation

- While the site is designated as a Neighborhood 1 (N-1) Place Type by the *2040 Policy Map*, the property abuts two parcels zoned N2-B and developed with multi-family.
- The site is within a ¼-mile of a designated Neighborhood Activity Center (NC). And the site is adjacent to several nonresidential uses such as a church, childcare center, and a commercial storefront.

- The proposed development would fill a need for housing in an area that has been identified as lacking Access to Housing Opportunity by the *2040 Comprehensive Plan*.
- The plan includes provisions that the dwellings will be House Charlotte eligible. Providing attainable units in an area is located within an Access to Housing Gap according to the *2040 Comprehensive Plan*.
- The site is directly served by transit, the number 18 CATS local bus providing service between Callabridge Commons/Riverbend shopping centers and the Rosa Parks Community Transportation Center.
- The petition could facilitate the following *2040 Comprehensive Plan Goals*:
 - 2: Neighborhood diversity & Inclusion
 - 3: Housing Access for All

The approval of this petition will revise the recommended Place Type as specified by the *2040 Policy Map*, from the Neighborhood 1 Place Type to the Neighborhood 2 Place Type for the site.
