 - Charlotte Mayor: \$13,148
- City Council may change compensation rates subject to approval by Council vote
- Subject to approval through Budget Adoption Process

TOPIC: POLICY GUIDELINES ON COUNCIL DISTRICTS

- *Recommendation: Update policy guidelines on Council districts*

Recommended update

- **Importance of the First Order (Highest)**
 - Districts must have substantially equal population (**Federal Requirement**).
 - Districts should be reasonably compact (Strongly recommend).
 - District boundaries may follow neighborhood boundaries or boundaries of areas containing residents sharing similar interests.
- **Importance of the Second Order**
 - When possible, districts should have relatively even partisan balance.
 - District boundaries may be drawn to create/maintain balance between major political parties.
 - District boundaries may follow precinct boundaries.
 - District boundaries may be drawn considering race of district residents as long as race is not the predominant motivating factor.
 - District(s) most likely impacted by future annexations may be smaller to minimize impact of future annexations and redistricting.
 - District boundaries may be drawn to avoid contests between incumbents.

Considerations

1. Need to consider 2020 Census results, available March 31, 2021.
2. Need to consider legal standards for re-districting.
