Mobility Plan Update

Mobility

More... Ways to Move
Less ... time, distance, Cost

Narrow the gap

Housing
More
affordable
places to live

Jobs
More
attainable
opportunities
to work

So, what is our Mobility Plan?

A Transportation **Investment** Strategy to create a city where...

Everyone

has access to a
good paying job,
safe place to live and a
way to get there

Advancing **Safe & Equitable** Mobility

Our **Mobility Plans**
are:

Inter **Connected** not **Dependent**

City of Charlotte

Mecklenburg County & Towns

Centralina Region

Charlotte Mobility Blueprint

2030 Transit System Corridor Plan

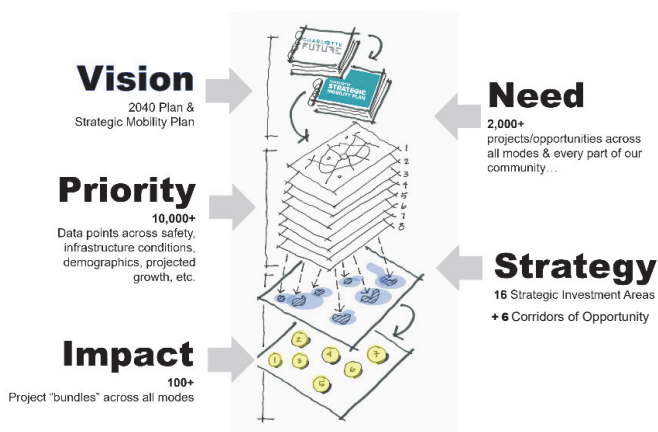

CONNECT Beyond

Our **Mobility Plan** is **Different**

Than any previous
infrastructure program

Strategic Investment Areas:

What are they?

- **Data-driven:** from conception to outcome (measuring success)
- **Comprehensive** but geographically focused & context-specific, **one size does not fit all**
- **Playbook** of projects across **all modes** & partners
- **Scalable** "Bundles" of investment, **sum is greater than the parts**
- Positioned for execution & **funding opportunistic**: Local, State, Federal, Private

Council Discussion

We Have a Plan for Charlotte

- **Data-driven** – Decision making & measuring success
- **Bold & Scalable** Investment
- **Multimodal** (Roads, Pedestrian, Bicycle/micromobility, supports transit (rail & bus))
- **Measurable** to track progress and success
- **Interconnected** to 2030 Transit Plan & CONNECT Beyond
- **Executable** & funding opportunistic
