STAFF RECOMMENDATION	<p>Staff recommends approval of this petition.</p> <p><u>Plan Consistency</u> The petition is consistent with the <i>2040 Comprehensive Plan</i>.</p> <p><u>Rationale for Recommendation</u></p> <ul style="list-style-type: none"> • A major document such as the UDO requires adjustments and revisions after adoption to correct minor errors, and add clarity. • The UDO does not currently allow multi-family uses on parcels translated to a UDO commercial zoning district (CG and CR) even when a site is located in a Centers Place Type. • The <i>2040 Comprehensive Plan</i> encourages multi-family residential development in a pedestrian-oriented environment through a mix of commercial, residential, and civic uses in the Neighborhood Center, Community Activity Center, and Regional Activity Centers Place Types. • This text amendment corrects this issue by allowing multi-family uses with prescribed conditions in the CG and CR zoning districts if the property is located within a Centers Place Type per the adopted Policy Map.

PLANNING STAFF REVIEW

- **Background**
 - The UDO was adopted by City Council on August 22, 2023, and became effective on June 1, 2023.
 - The *2040 Comprehensive Plan* encourages multi-family residential uses in a pedestrian-oriented environment through a mix of commercial, residential, and civic uses in the Neighborhood Center, Community Activity Center, and Regional Activity Centers Place Types.
 - On May 22, 2023, City Council denied UDO text amendment #2023-57 which proposed changes to accessory drive-throughs and drive-through establishments. Also included in that text amendment was a proposal to add multi-family uses in Commercial zoning districts when located in a Centers Place Type. The opposition to the text amendment centered around the drive-through uses, location, and prescribed conditions.
 - This text amendment will allow multi-family uses, with prescribed conditions in the CG and CR zoning districts, to align with the intent of the *2040 Comprehensive Plan*.
- **Proposed Request Details**
The text amendment contains the following provisions:

-
- Modifies the principal use regulations in the general commercial (CG) and regional commercial (CR) zoning districts for multi-family attached, multi-family stacked, and multi-dwelling development by adding them as allowed uses with prescribed conditions in Table 15.1, "Use Matrix".
 - Adds a prescribed condition that these uses are allowed on sites in a Neighborhood Center, Community Activity Center, or Regional Activity Center Place Type using the dimensional and design standards and open space requirements of the neighborhood commercial (NC) zoning district.
 - **Public Plans and Policies**
 - The text amendment builds upon the vision and goals of the *2040 Comprehensive Plan*, refining the UDO regulations and uses to provide better functionality.
