The action shall be brought in the county superior court or any other court of competent jurisdiction.

Upon determination of a court that an alleged violation is occurring or is threatened, the court shall enter such orders or judgments as are necessary to abate the violation. The institution of an action for injunctive relief under this section shall not relieve any party to such proceedings from any civil or criminal penalty prescribed for violation of this Chapter.

Sec. 21-16. - Hearings and appeals.

- (a) *Quasi-judicial procedure.* In determining appeals of administrative decisions and variances, the commission shall follow the statutory procedures for all quasi-judicial decisions as required by G.S. Sec. 160D-406.

The commission shall vote in accordance with state law. Vacant positions on the commission and members who are disqualified from voting on a quasi-judicial matter under G.S. 160D- 109(d) shall not be considered members of the commission for calculation of the requisite majority if there are no qualified alternates available to take the place of such members.

- (b) *Requests for variance.* Procedures for a request for a variance from this Chapter are as follows:

- (1) An application for a variance from the requirements of this Chapter shall entitle the person submitting the application (petitioner) to a public hearing before the commission if such person submits a written request for a hearing to the chair of the commission. As soon as possible after the receipt of the request, the chair of the commission will set a date, time and place for the hearing and notify the petitioner of the hearing by mail. The time specified for the hearing shall be either at the next regularly scheduled meeting of the commission from the submission of the request, as soon thereafter as practical, or at a special meeting. The hearing shall be conducted by the commission in accordance with subsection (e).
- (2) As per G.S. Sec. 160D-406 notices of hearings shall be mailed to (1) the person or entity whose appeal, application or request is the subject of the hearing; (2) to the owner of the property that is the subject of the hearing if the owner did not initiate the hearing; and (3) to the owners of all parcels of land abutting the parcel of land that is the subject of the hearing.

In the absence of evidence to the contrary, the county tax listing shall be used to determine owners of property entitled to mailed notice. The notice must be deposited in the mail at least 10 days, but not more than 25 days, prior to the date of the hearing. Within that same period, the City shall also prominently post a notice of the hearing on the site that is the subject of the hearing or on an adjacent street or highway right-of-way. Staff shall transmit to the commission all applications, reports, and written materials relevant to the matter being considered. The administrative materials may be distributed to the members of the commission prior to the hearing if at the same time they are distributed to the commission, a copy is also provided to the applicant and to the property owner if that person is not the applicant. The administrative materials may be provided in written or electronic form. Objections to inclusion or exclusion of administrative materials may be made before or during the hearing. Rulings on unresolved objections shall be made by the commission at the hearing.

- (3) The commission may grant a variance from the requirements of this Chapter upon a finding that:
 - a. Unnecessary hardship would result from the strict application of the regulation. It is not necessary to demonstrate that, in the absence of the variance, no reasonable use can be made of the property.
 - b. The hardship results from conditions that are peculiar to the property, such as location, size, or topography. Hardships resulting from personal circumstances, as well as hardships resulting from conditions that are common to the neighborhood or the general public, may not be the basis for granting a variance.
 - c. The hardship did not result from actions taken by the applicant or the property owner. The act of purchasing property with knowledge that circumstances exist that may justify the granting of a variance is not a self-created hardship.
 - d. The requested variance is consistent with the spirit, purpose, and intent of the regulation, such that public safety is secured, and substantial justice is achieved.
- (4) Appropriate conditions may be imposed on any variance, provided that the conditions are reasonably related to the variance.
- (5) Variance approvals attach to and run with the land pursuant to G.S. Sec. 160D-104.

(c) *Appeals of decisions, notices of violation and assessments of civil penalties.* Any party dissatisfied with a decision of the City adversely affecting such party in the application or enforcement of this Chapter, including notices of violations and assessments of civil penalties, may request a public hearing before the commission. An appeal stays enforcement of the action appealed from and accrual of any fines assessed during the pendency of the appeal to the commission as specified in G.S. Sec. 160D-405(f), unless the City staff member who made the decision certifies to the commission, after notice of appeal has been filed that because of the facts stated in the certificate a stay would cause imminent peril to life or property or that because the violation charged is transitory in nature, a stay would seriously interfere with the enforcement of this Chapter. In that case, enforcement shall not be stayed except by a restraining order, which may be granted by a court. Procedures for appeal hearings are as follows:

- (1) The issuance of a decision, including a notice of violation or assessment of a civil penalty by the City, shall entitle the person subject to the decision or responsible for the violation (petitioner) to a public hearing before the commission if such person submits a written request for a hearing to the chair of the commission within 30 days of the receipt of a decision, notice of violation or assessment of a civil penalty. In the absence of evidence to the contrary, notice given pursuant to G.S. Sec. 160D-403(b) by first-class mail is deemed received on the third business day following deposit of the notice for mailing with the United States Postal Service.
- (2) As soon as possible after the receipt of the request, the chair shall set a date, time and place for the hearing and, as specified in G.S. Sec. 160D-406, shall mail notices to (1) the person or entity whose appeal is the subject of the hearing; (2) to the owner of the property that is the subject of the hearing if the owner did not initiate the hearing; and (3) to the owners of all parcels of land abutting the parcel of land that is the subject of the hearing. In the absence of evidence to the contrary, the county tax listing shall be used to determine owners of property entitled to mailed notice. The notice must be deposited in the mail at least 10 days, but not more than 25 days, prior to the date of the hearing. Within that same period, the City shall also prominently post a notice of the hearing on the site that is the subject of the hearing or on an adjacent street or highway right-of-way.

The time specified for the hearing shall be either at the next regularly scheduled meeting of the commission from the submission of the request, as soon thereafter as practical, or at a special meeting. The hearing shall be conducted pursuant to G.S. Sec. 160D-406 and subsection (e).

(d) *Petition for review of commission's decision.* Every quasi-judicial decision of the commission shall be subject to judicial review by the superior court by proceedings in the nature of certiorari pursuant to G.S. Sec. 160D-1402. Any petition for a review of the commission's decision in the nature of certiorari by the superior court must be filed with the clerk of superior court by the later of (1) 30 days after the decision is effective, or (2) 30 days after a written copy of the decision is given in accordance with subsection (1) of this section. When first-class mail is used to deliver notice, three days shall be added to the time to file the petition.

- (4) Staff shall transmit to the commission all applications, reports, and written materials relevant to the matter being considered. The administrative materials may be distributed to the members of the commission prior to the hearing if at the same time they are distributed to the commission, a copy is also provided to the petitioner and to the property owner if that person is not the petitioner. The administrative materials may be provided in written or electronic form. Objections to inclusion or exclusion of administrative materials may be made before or during the hearing. Rulings on unresolved objections shall be made by the commission the hearing.
- (5) Witnesses shall testify under oath or affirmation to be administered by the court reporter or another duly authorized official.
- (6) For appeals of administrative decisions, the administrator or staff person who made the decision (or his or her successor if the person is no longer employed) shall be present at the quasi-judicial hearing to appear as a witness.
- (7) All parties with standing shall be allowed to participate fully in the evidentiary hearing, including presenting evidence, cross-examining witnesses, objecting to evidence, and making legal arguments.
- (8) The procedure at the hearing shall be such as to permit and secure a full, fair and orderly hearing and to permit all relevant, competent, substantial and material evidence to be received therein. A full record shall be kept of all evidence taken or offered at such hearing. Both the representative for the City and for the petitioner shall have the right to cross examine witnesses.
- (9) At the conclusion of the hearing, the commission shall render its decision on the evidence submitted at such hearing and not otherwise.
 - a. If, after considering the evidence presented at the hearing, the commission concludes by a preponderance of the evidence that the grounds for the City 's actions are true and substantiated, the commission shall, as it sees fit, uphold the City 's action.
 - b. If, after considering the evidence presented at the hearing, the commission concludes by a preponderance of the evidence that the grounds for the City 's actions are not true and substantiated, the commission may, as it sees fit, reverse or modify any order, requirement, decision or determination of the City. The commission bylaws will determine the number of concurring votes needed to reverse any order, requirement, decision or determination of the City.
- (10) The commission shall keep minutes of its proceedings, showing the vote of each member upon each question and the absence or failure of any member to vote. The decision of the commission shall be based on findings of fact and conclusions of law to support its decision and shall be based upon competent, material, and substantial evidence in the record.
