

**REQUEST**

Current Zoning: R-8MF (CD) (Multi Family Residential, Conditional)  
Proposed Zoning: N2-B(CD) (Neighborhood 2-B, Conditional)

**LOCATION**

Approximately 23.37 acres located north of Neal Road, east of Catalyst Boulevard, and south of IBM Drive.

**SUMMARY OF PETITION**

The petition proposes a residential community of up to 73 multi-family attached (townhome) dwelling units and up to 324 multi-family stacked dwelling units on vacant land. The petition contains an affordability component.

**PROPERTY OWNER**

JS & Associates

**PETITIONER**

James Scruggs, Kingdom Development Partners

**AGENT/REPRESENTATIVE**

Francis Fennell, Urban Design Partners

**COMMUNITY MEETING**

Meeting is required and has been held. Report available online.  
Number of people attending the Community Meeting: 1

**STAFF  
RECOMMENDATION**

Staff recommends approval of this petition.

Plan Consistency

The petition is **inconsistent** with the 2040 Policy Map recommendation for the Neighborhood 1 Place Type.

Rationale for Recommendation

- The 2040 Policy Map recommends the Neighborhood 1 Place Type and is situated in an area where more intense, mixed-use areas are oriented to the north and east with more moderate residential housing located directly south and low density Neighborhood 1 areas located to the west. This petition sits in a transitional area between Neighborhood 1 and Neighborhood 2 Place Types and the abutting activity center.

- The site is within ¼ mile of both a Community Activity Center and Campus place types providing access to goods and services within a 10-minute walkshed of the proposed site.
- The petition commits to a minimum of 30% of the total multi-family attached dwelling units (townhomes) to be reserved as affordable housing to households earning 80% of the Area Median Income (AMI) for 15 years.
- The petition proposes to develop a 12-foot shared-use path on the west side of Neal Road from IBM Drive, approximately 1,300 feet long, connecting to the existing shared-use path and enhancing pedestrian connectivity and walkability in the area.
- The site is served by public transit via CATS Routes 50, 54, which provides local bus service from the research park area to the JW Clay Park and Ride at the LYNX Blue Line and the Charlotte Transportation Center (CTC).
- The petition could facilitate the following *2040 Comprehensive Plan* Goals:
  - 1: 10 Minute Neighborhoods
  - 2: Neighborhood Diversity & Inclusion
  - 3: Housing Access for All

The approval of this petition will revise the recommended place type as specified by the *2040 Policy Map*, from the Neighborhood 1 Place Type to the Neighborhood 2 Place Type for the site.

## PLANNING STAFF REVIEW

### • Background

- The site was previously rezoned in 2020 from R-8MF(CD) (Multi-family Residential, Conditional) and R-4 (Single Family Residential) to R-8MF(CD) (Multi-family Residential, Conditional) to allow up to 157 duplex, triplex and/or multi-family attached dwelling units. It was never developed.

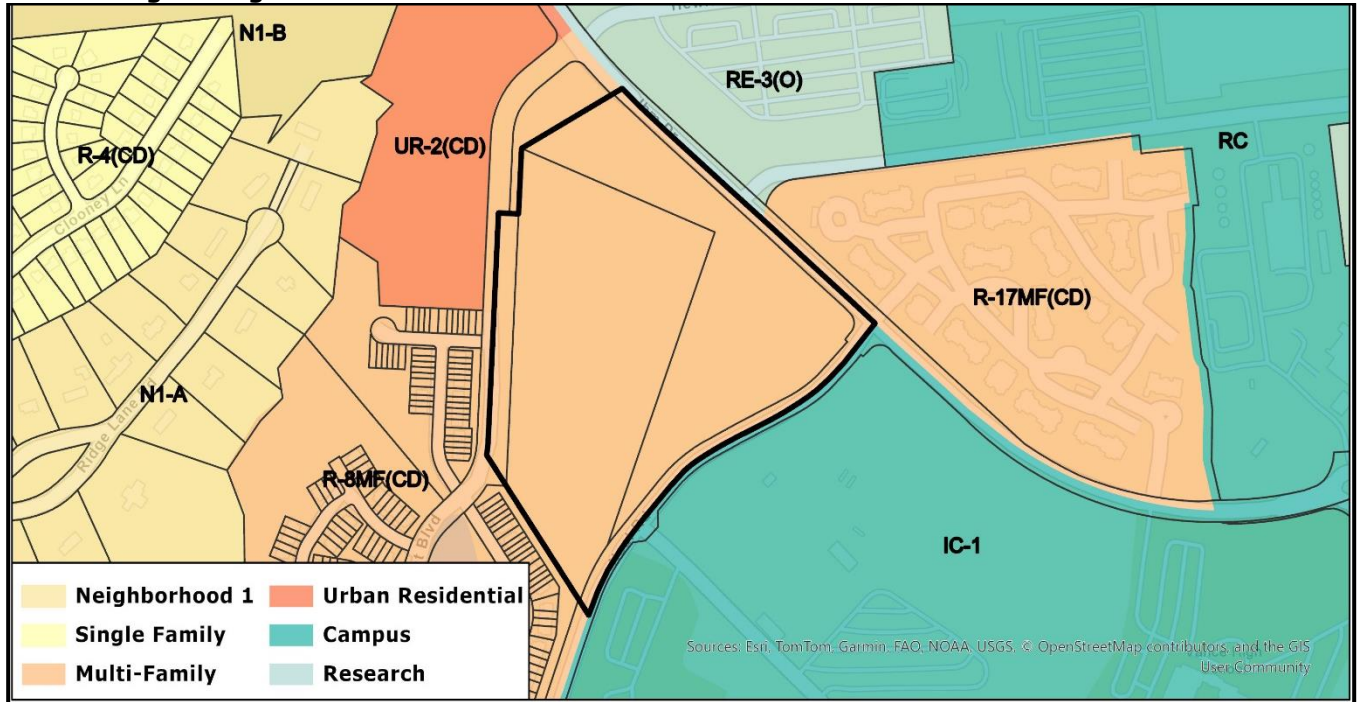

### • Proposed Request Details

The site plan accompanying this petition contains the following provisions:

- Allow up to a maximum of 73 multi-family attached (townhome) dwelling units and up to 324 multi-family stacked dwelling units.
- A minimum of 30% of the total multi-family attached dwelling units (townhomes) will be reserved as affordable housing to households earning 80% to ~~110%~~ of the Area Median Income (AMI) for the Charlotte-Concord-Gastonia, NC-SC MSA. The affordable units will remain income-restricted for a minimum of 15 years from the date of initial occupancy.
- Transportation improvements:
  - Provides an 8-foot-wide sidewalk along Catalyst Boulevard frontage.
  - Provides 12-foot shared-use path along Neal Road and IBM Drive frontages.
  - Dedication of 39-foot of right-of-way from the road centerline along Neal Road.
  - Dedication of 42.4-foot of right-of-way from the road centerline along IBM Drive.
  - Provides an ingress lane and two egress lanes (on eastbound shared thru/right turn lane and a left turn lane with 100 feet of storage) on proposed Access "A".
  - Restripe the existing painted median to include a northbound left turn lane with 100-feet of storage on Neal Road.
  - Provides signal head configurations and other signal modifications to be determined in permitting.
  - Update signal phasing and timings to include the 4th leg of the intersection.
  - Provide ingress lane and one egress lane (on eastbound terminating left/right turn lane) on proposed Access B.
  - Restripe the existing painted median to extend the existing northbound shared thru/left turn lane from 300-feet of storage to at least 400-feet of storage on Neal Road.
  - Provide ingress lane and one egress lane (a westbound terminating left/right turn lane) on proposed Access "C" Catalyst Boulevard & Access "D".
- Open space areas shall consist of the following potential components; Enhanced plantings, specialty paving materials, shading elements, seating options, public art/sculpture, decorative lighting, interactive elements that children or others to experience sensory stimulation including but not limited to music, water, and light.
- Provides architectural and design guidelines.

- Existing Zoning

- The site is zoned R-8MF (CD) (Multi-Family Residential, Conditional). The surrounding zoning includes R-8MF (CD) (Multi-Family Residential, Conditional), R-17MF(CD) (Multi-Family Residential, Conditional), UR-2(CD) (Urban Residential, conditional), IC-1 (Campus, Institutional), RC (Regional Campus, N1-B (Neighborhood 1-B), N1-A (Neighborhood 1-A), R-4(CD) (Single Family Residential), and RE-3(O) (Research-2, Optional).

The site (denoted by the red star) is located northwest of Neal Road, east of Catalyst Boulevard, and south of IBM Drive.

The property to the south along Neal Road is developed with multi-family attached units.

The property to the west along Catalyst is developed with multi-family units.

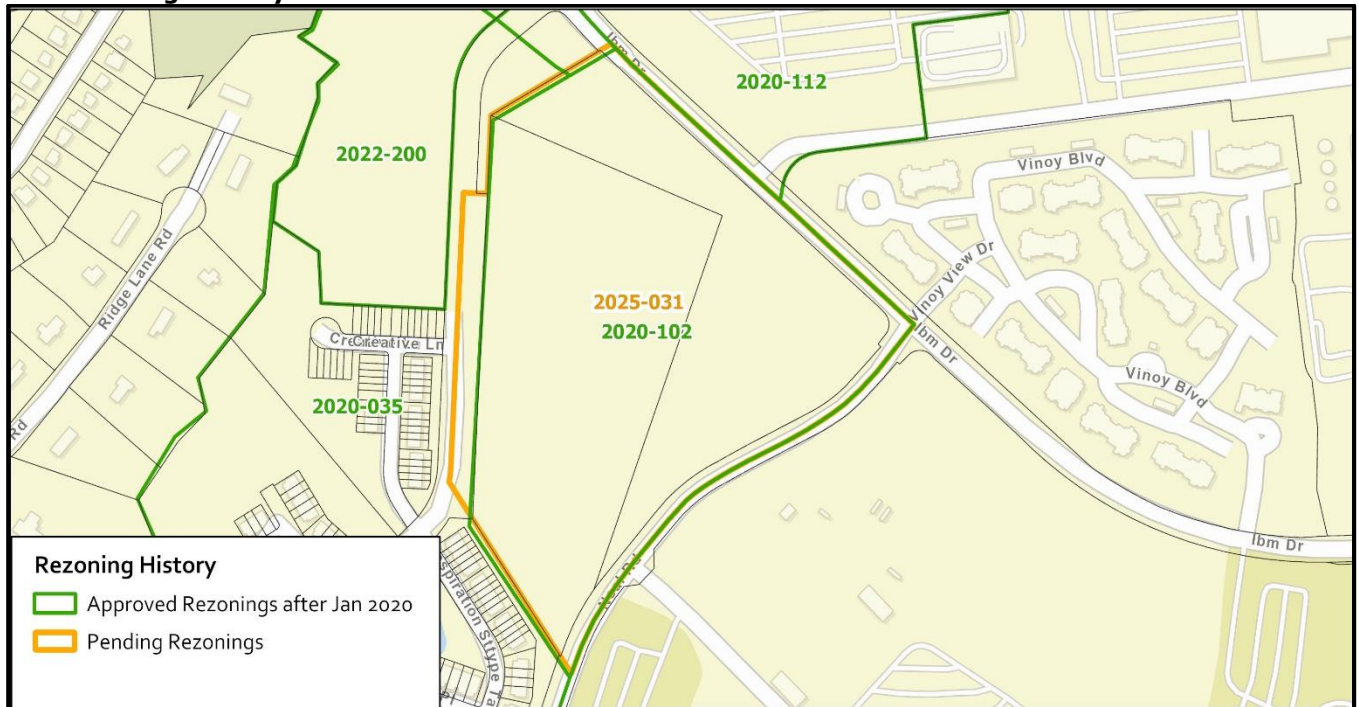

The property to the east are CMS elementary, middle, and high schools.

The property to the north includes the Innovation Park development and multi-family stacked units.

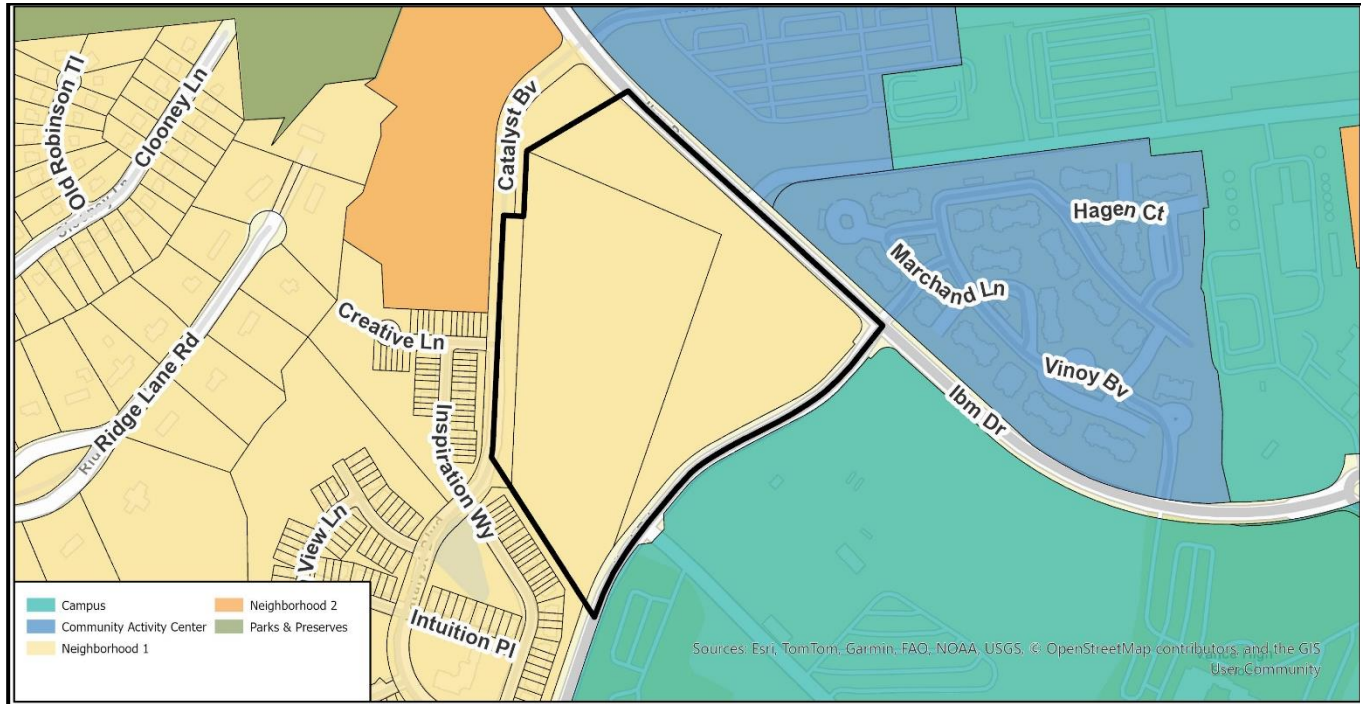

• **Rezoning History in Area**

Petition Number	Summary of Petition	Status
2020-035	Rezoned 49 acres from R-4 (Single Family Residential) and RE-2 (Research) to UR-2(CD) (Urban Residential, Conditional) and R-8MF(CD) (Multi-family Residential, Conditional) to allow up to 300 residential units, broken out into 250 single family attached units and 50 multi-family units.	Approved
2020-102	Rezoned 23.3 acres from R-8MF(CD) (Multi-family Residential, Conditional) and R-4 (Single Family Residential) to R-8MF(CD) (Multi-family Residential, Conditional) to allow up to 157 duplex, triplex and/or single-family attached dwelling units.	Approved
2020-112	Rezoned 57.2 acres from RE-2 (Research) to RE-3 (O) (Research, Optional) to allow a redevelopment of a portion of the Innovation Park Site into a multi-use development containing 575 multi-family dwelling units, 660,000 square-feet of non-residential uses of which a maximum 30,000 square-feet could be devoted to retail, personal services, and restaurant uses.	Approved
2022-200	Rezoned 12.4 acres from R-8MF(CD) (Multi-family Residential, Conditional) to UR-2(CD) (Urban Residential, Conditional) to allow up to 200 multi-family dwelling units.	Approved

## • Public Plans and Policies

- The 2040 Policy Map (2022) recommends the Neighborhood 1 Place Type for this site.

## • TRANSPORTATION SUMMARY

- The site is located at the corner of Neal Road, a city maintained arterial, and IBM Drive, a city maintained arterial. A Comprehensive Transportation Review (CTR) is required for this site due to the site falling within the low intensity development. Based on the 2,005 daily trips, this will trigger a Traffic Impact Study and Tier 3 multimodal assessment. TIS was approved week of 10/20/2025. All outstanding CDOT comments have been addressed.
- Active Projects: N/A

### • Transportation Considerations

- ~~See Outstanding Issues, Notes 2~~ Addressed

### • Vehicle Trip Generation:

Current Zoning:

Existing Use: 0 trips per day (based on vacant land).

Entitlement: 1,146 trips per day (based on 157 dwelling units).

Proposed Zoning: 2,005 trips per day (based on 73 multi-family attached dwelling units and 324 multi-family stacked dwelling units).

## DEPARTMENT COMMENTS

- **Charlotte Area Transit System:** No outstanding issues.
- **Charlotte Department of Housing and Neighborhood Services:** No outstanding issues.
- **Charlotte Department of Solid Waste Services:** No outstanding issues.
- **Charlotte Fire Department:** See advisory comments at [www.rezoning.org](http://www.rezoning.org)
- **Charlotte-Mecklenburg Schools:** This development may add 53 students to the schools in this area.
  - The proposed development is projected to increase the school utilization over existing condition (without mobile classroom units) as follows:
    - Governors' Village K-8 from 74% to 76%.
    - Julius L. Chambers High from 127% to 128%.
- **Charlotte Water:** Charlotte Water has accessible water system infrastructure for the rezoning boundary via an existing 8-inch water distribution main located along Neal Road. Charlotte Water has accessible sanitary sewer system infrastructure for the rezoning boundary via an existing 8-inch gravity sewer main located inside the zoning property boundary. See advisory comments at [www.rezoning.org](http://www.rezoning.org)
- **Erosion Control:** No outstanding issues.
- **Long Range Planning:** See advisory comments at [www.rezoning.org](http://www.rezoning.org)

- **Mecklenburg County Land Use and Environmental Services Agency:** See advisory comments at [www.rezoning.org](http://www.rezoning.org)
- **Mecklenburg County Parks and Recreation Department:** No outstanding issues.
- **Stormwater Services Land Development Engineering:** No outstanding issues.
- **Storm Water Services:** No outstanding issues.
- **Urban Forestry / City Arborist:** No outstanding issues.

#### **OUTSTANDING ISSUES PRIOR TO PUBLIC HEARING**

##### Transportation

1. ~~Label and dimension the curb and gutter from the centerline for each road on the site plan.~~ Addressed
2. ~~Add conditional note to provide a minimum of 50 feet of ROW from the centerline of IBM Drive to accommodate the future right turn lane. Some of the ROW can be placed in an SUE. This ROW will allow for a right turn lane to be constructed at the signal which will drastically increase the functionality of the intersection.~~ Rescinded

##### Site and Building Design

3. ~~Provide greater proportionality in the attached multi-family building forms by decreasing multi-family stacked units and incorporating a mixture of building types.~~ Rescinded
4. ~~Provide prescriptive standards for each open space element that will be utilized.~~ Addressed
5. ~~Consider adding a limit to the number of 6-unit buildings.~~ Addressed
6. ~~Provide a minimum dimension for stoops.~~ Addressed
