STAFF
RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is **inconsistent** with the 2040 Policy Map recommendation for the Neighborhood 1 Place Type.

Rationale for Recommendation

- Located in an area with a mix of multi-family and single family residential development, this petition proposes a moderately intense multi-family development that is mindful of existing land use patterns as well as the necessity for attainable housing.
- The petition site has preferred place type adjacencies of Neighborhood 1, Neighborhood 2, and Parks and Preserves and meets the preferred minimum acreage for a place type amendment to Neighborhood 2.
- The site is less than ¼ mile from bus stops for CATS Route 211 and less than one mile from the Tom Hunter Blue Line Station.

- The site is across Tom Hunter Road from Tom Hunter Park.
- The petition commits to providing workforce housing at an average of 60% of the Area Median Income.
- The petition could facilitate the following *2040 Comprehensive Plan Goals*:
 - 3: Housing Access for All

The approval of this petition will revise the recommended place type as specified by the *2040 Policy Map*, from the Neighborhood 1 Place Type to the Neighborhood 2 Place Type for the site.

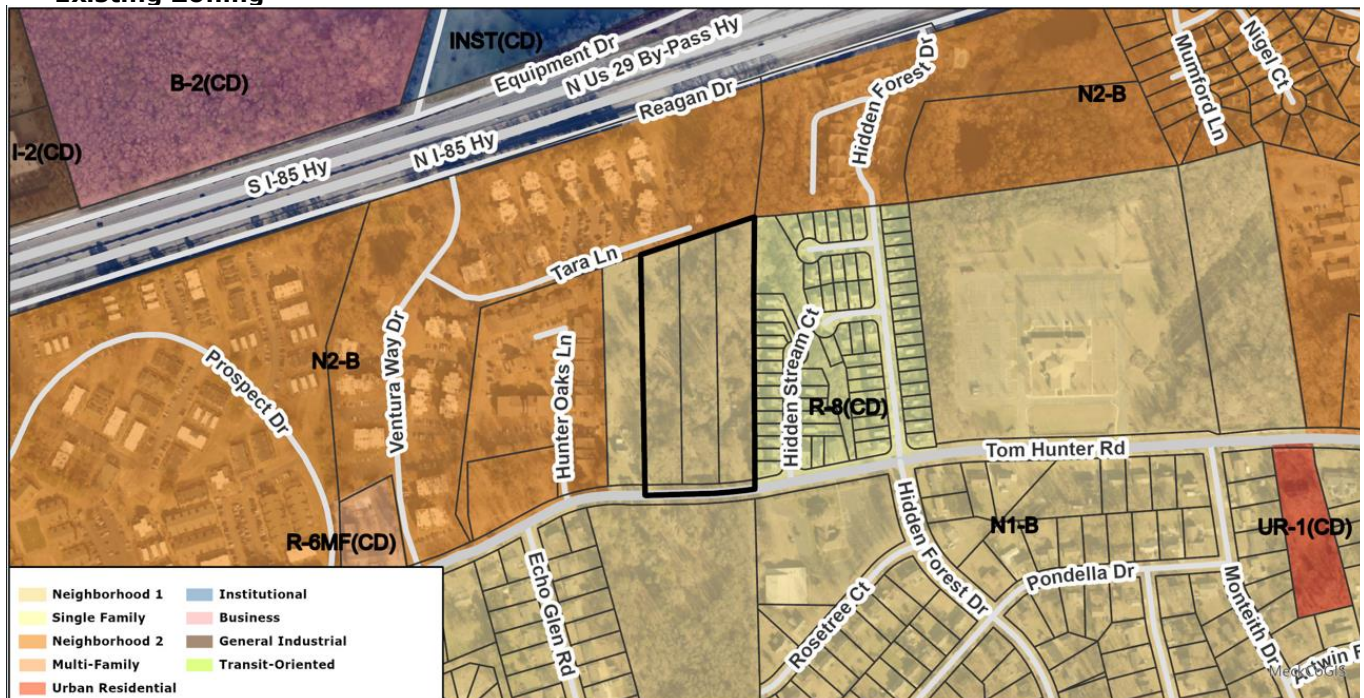

PLANNING STAFF REVIEW

Proposed Request Details

The site plan accompanying this petition contains the following provisions:

- Proposes a community of 168 multi-family stacked dwellings.
- Restricts all units to workforce housing at an average of 60% of the area median income (AMI).
- Limits building height to 48'.
- Commits to building modulations of at least 10' in length every 60' in building length for buildings fronting Tom Hunter Road.
- Identifies porches and stoops as predominant architectural features and states that they will be at least 6' in depth.
- Implements an 8' planting strip and 8' sidewalk along the site's frontage of Tom Hunter Road.
- Relocates Tom Hunter Road curb and gutter to 24' from centerline to enhance the bicycle lane in accordance with the Charlotte Streets Map.
- Provides a 10' Class C landscape yard with 6' tall fence along the site's eastern, northern, and western property boundaries.
- Identifies a centrally located open space and amenity area of greater than 25,000 square feet.
- Commits to a contribution of \$25,000 towards a signalized pedestrian crossing between the site and Tom Hunter Park.

Existing Zoning

- The site is zoned N1-B (Neighborhood 1-B) and is surrounded by a mix of districts including N2-B (Neighborhood 2-B) to the north and west, R-8(CD) (Single Family Residential, Conditional) to the east, and N1-B (Neighborhood 1-B) to the south.

The site, marked by a red star, is surrounded primarily by residential uses including single family residential and multifamily stacked residential. Tom Hunter Park is located directly across Tom Hunter Road from the site.

• **Rezoning History in Area**

Petition Number	Summary of Petition	Status
2024-105	Petition to rezone 1.99 acres to N-1F(CD) (Neighborhood 1-F, Conditional) to allow a multi-dwelling development.	Approved
2022-115	Petition to rezone 1.84 acres to UR-1(CD) (Urban Residential 1, Conditional) to allow 10 single family detached dwellings.	Approved

- **Public Plans and Policies**

- The 2040 Policy Map (2022) recommends the Neighborhood 1 Place Type.

- **TRANSPORTATION SUMMARY**

- The site is located adjacent to Tom Hunter Road, a City-maintained minor arterial, west of Hidden Forest Drive, a City-maintained local street. A Traffic Impact Study (TIS) is not required for the site due to the development generating site trips under ordinance thresholds and not meeting additional TIS triggers. Based on the 766 daily trips, this will trigger a Tier 1 multimodal assessment. The development is installing all frontage requirements per UDO requirements including curblin placement, an 8-foot sidewalk and right of way dedication. The petitioner has also committed to coordinating with the city of Charlotte to contribute \$25,000 towards the construction of a signalized pedestrian crossing. All outstanding CDOT issues have been addressed.

OUTSTANDING ISSUES PRIOR TO PUBLIC HEARING

Site and Building Design

1. ~~Remove open space note "Provide more detail for the central open space by including the language below in the open space standards."~~ **ADDRESSED**
2. ~~Revise open space note A to quantify proposed enhanced plantings.~~ **ADDRESSED**
3. ~~Remove the number of parking spaces from the development data table. If not removed, you will be held to that specific number in permitting regardless of the number multifamily units constructed.~~ **ADDRESSED**
4. ~~Revise streetscape conditional note to reference 8' sidewalk as opposed to 8' multi-use path.~~ **ADDRESSED**
