

REQUEST

Current Zoning: B-2(general business, conditional)
Proposed Zoning: TOD-CC (transit oriented development, community center) and TOD-TR (transit oriented development, transit transition)

LOCATION

Approximately 12.52 acres located on the southeast side of the intersection of North Tryon Street and University City Boulevard

SUMMARY OF PETITION

The petition proposes to allow all uses in the TOD-CC (transit oriented development – community center) and TOD-TR (transit oriented development- transit transition) for the development of a vacant parcel located in northeast Charlotte.

**STAFF
RECOMMENDATION**

Staff recommends approval of this petition.

Plan Consistency

The petition is **consistent** with the *Blue Line Extension Station Area Plan* recommendation for Transit Supportive Land Uses.

Rationale for Recommendation

- The area plan recommends Transit Oriented Development for the parcels to the west of Rocky River Road.
- The plan recommends Residential/Office use for the parcels to the east of Rocky River Road.
- As written, TOD-CC is applicable at any site less than a ½ mile of of a transit station. The site is within a ½ walk of the Sugar Creek Transit Station.

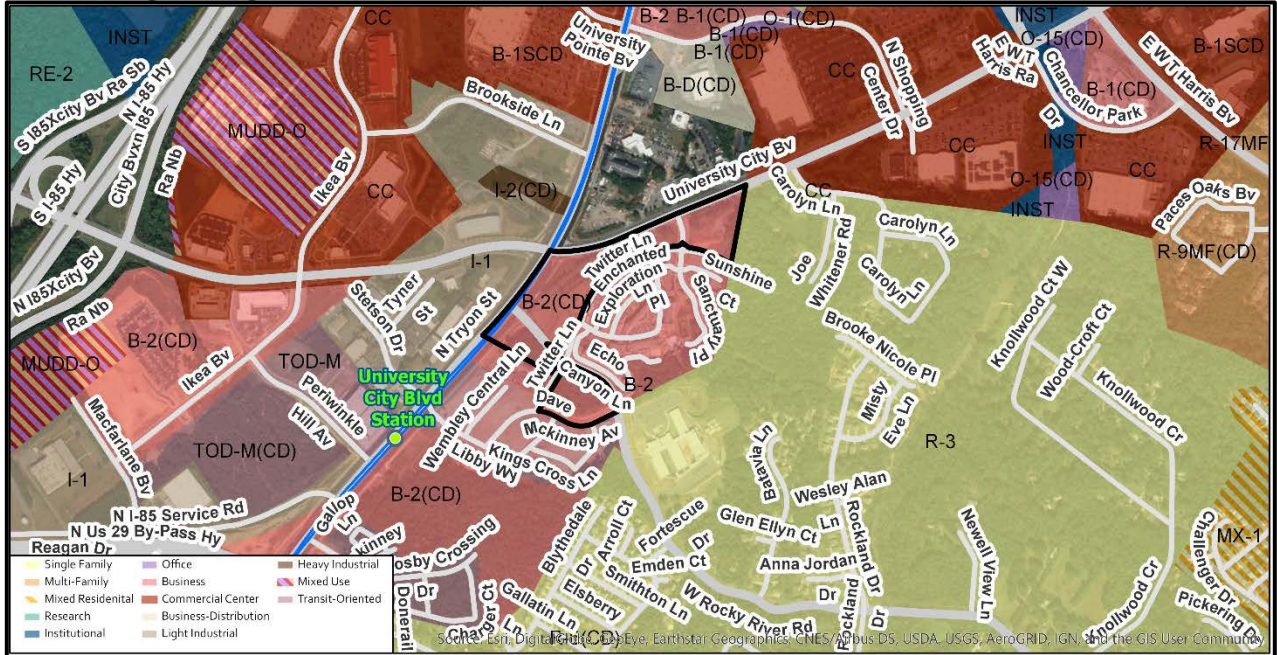

- The easternmost parcel is adjacent to single family zoning and therefore is appropriate to utilize the TOD-TR district.
- Use of conventional TOD zoning districts applies standards and regulations to create the desired form and intensity of transit supportive development, and a conditional rezoning is not necessary.

PLANNING STAFF REVIEW

• **Proposed Request Details**

This is a conventional rezoning petition with no associated site plan.

• **Existing Zoning and Land Use**

- The subject property is vacant. The adjacent land uses include multi-family apartments, single-family houses, commercial, and vacant land.
- The subject property was rezoned to B-2(CD) in 1990 as petition 1989-041(C). The conditional rezoning plan for petition 1989-041(C) prohibits certain uses allowed in the B-2 district for development on the site.

The subject property is undeveloped.

The properties to the north across University City Boulevard are vacant and are a commercial use. The subject site is marked with a red star.

The property to the west along North Tryon Street is developed with the blue line rail line. The subject site is marked with a red star.

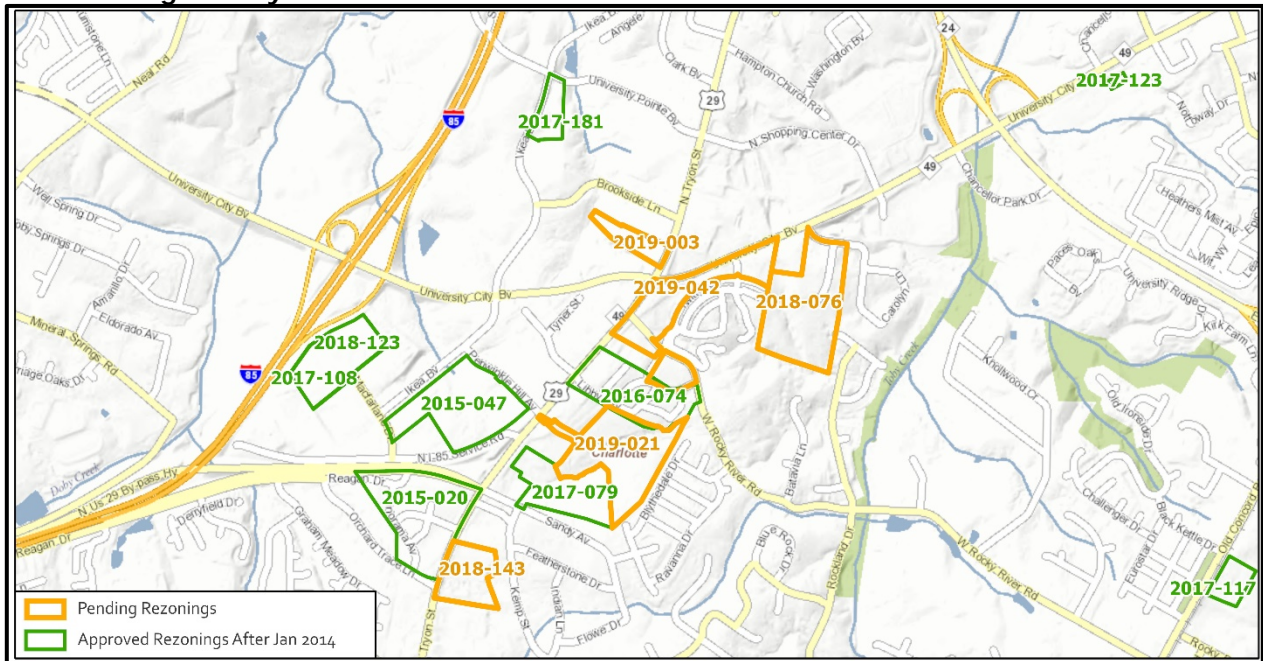

The property to the south is undeveloped.

The property to the southeast is developed with multi-family apartments.

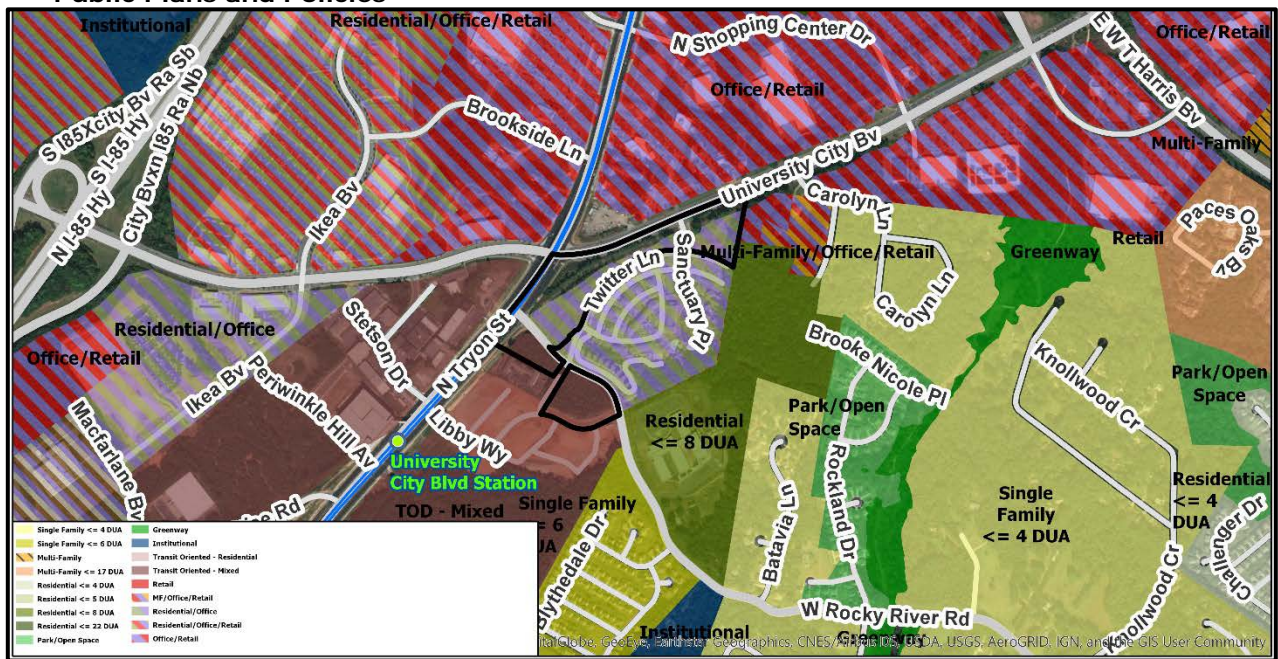

• **Rezoning History in Area**

• **Public Plans and Policies**

- The *Blue Line Extension Station Area Plan (2015)* recommends mixed use transit oriented development uses for properties west of West Rocky River Road. For properties east of West Rocky River Road, the plan recommends residential/office uses, with intensities and design guidelines consistent with transit oriented development; the policies allow for retail uses on the ground floor of multi-story buildings.
- **TRANSPORTATION CONSIDERATIONS**
 - The site is at the signalized intersection of two major thoroughfares. The Lynx Blue Line travels through the median of N Tryon Street and the University City Boulevard Station is within ¼ mile of the site. CDOT will work with the petitioner during permitting to ensure that all public street frontages meet current city standards with curb, gutter, planting strip, and sidewalk.
 - No outstanding issues.
 - **Vehicle Trip Generation:**
 Current Zoning:
 Existing Use: 0 trips per day (based on vacant use).
 Entitlement: 2,040 trips per day (based on 275 dwellings).
 Proposed Zoning: Conventional petition, unable to determine trip generation with amount of uses.
