**STAFF
RECOMMENDATION**

Staff recommends approval of this petition upon resolution of outstanding issues related to transportation.

Plan Consistency

The petition is **inconsistent** with the *Prosperity Hucks Area Plan* (2015) recommendation of residential uses up to 4 DUA.

Rationale for Recommendation

- While this petition is inconsistent with the *Prosperity Hucks Area Plan* (2015) recommendation of residential use up to 4 DUA, the proposed indoor storage use is appropriate due to its location at the outskirts of a neighborhood area and its proximity to a retail/mixed use area on the other side of Mallard Creek Road outlined in the *Northlake Area Plan*.

- The petition proposes to maintain connectivity and pedestrian access on Ridge Road by committing to provide a 10-foot-wide multi-use path and an 8-foot planting strip.
- The site commits to a 43-foot class B buffer where the site abuts existing residential areas, ensuring an appropriate transition from the proposed storage use to the residential areas located on the western border of the site.

The approval of this petition will revise the adopted future land use as specified by the *Prosperity Hucks Area Plan (2015)*, from Residential up to 4 DUA to Office/Warehouse for the site.

- **TRANSPORTATION SUMMARY**

- The site is located adjacent to Ridge Road, a City-maintained major thoroughfare near Beard Road, a State-maintained major collector. A Traffic Impact Study (TIS) is not needed for this site, due to the proposed land uses not exceeding the trip generation threshold. Additionally, this site will complement the transportation improvements constructed under Rezoning Petition 2020-159, which include roadway safety enhancements at Beard and Ridge Roads. The petitioner has committed to the addition of curb and gutter, planting strips, and multi-use path along the site's frontage of Ridge Road. Site plan revisions are needed to show the proposed curbline in the correct location and dimension curb and gutter location from the centerline of Ridge Road. Further details are listed below.
- **Active Projects:**
 - Mallard Creek Widening Project (NCDOT Project #U-6032)
 - The project is proposing a widening of Mallard Creek Road (S.R. 2467)/Derita Road (S.R. 1445) from I-485 to Concord Mills Boulevard (S.R. 2894) in Cabarrus and Mecklenburg counties.
 - Project schedule: R/W FY 2022, CON FY 2025
- **Transportation Considerations**
 - See Outstanding Issues, Note 2.
- **Vehicle Trip Generation:**
 - Current Zoning:
 - Existing Use: 0 trips per day (based on vacant land).
 - Entitlement: 130 trips per day (based on 10 single family dwellings).
 - Proposed Zoning: 235 trips per day (based on 120,000 square-foot warehouse).
