**STAFF
RECOMMENDATION**

Staff recommends approval of this petition.

Plan Consistency

The petition is **inconsistent** with the *Sharon & I-485 Transit Station Area Plan* recommendation for transit-oriented development.

Rationale for Recommendation

- The proposed use with accessory drive-through is an existing non-conforming use on the site.
- The proposal will allow redevelopment of the existing use with drive-through with a new use with drive-through. The new site plan improves site layout by locating the drive-through

completely internal to the site behind the building. No parking or drive is between the building and street.

- Provides direct pedestrian access from the public sidewalk along South Boulevard to the entrance of the building via an 8 ft sidewalk, and via a 6 ft sidewalk from the new sidewalk along the private street Carolina Pavilion Drive S.
- The proposed site plan will result in an improved pedestrian experience by constructing a 12 ft multi-use path along the South Bv frontage and 6 ft sidewalk along the private street, Carolina Pavilion Drive.
- The proposal modifies driveway access in coordination with CDOT/NCDOT and installs a No U-turn sign at the end of the median of Carolina Pavilion Dr as requested by NCDOT.

The approval of this petition will revise the adopted future land use as specified by the Sharon & I-485 Transit Station Area Plan from transit oriented development-mixed use to residential/office/retail use.

PLANNING STAFF REVIEW

• **Proposed Request Details**

The site plan accompanying this petition contains the following provisions:

- Demolishes the existing type 1 EDEE, with accessory drive-through and constructs a new model closer to South Boulevard. The new accessory drive-through lanes are located behind the building.
- Allows a building up to 5,200 square feet and up to 30 ft in height. The current building is 3,584 square feet.
- Provides direct pedestrian access to the building from the new sidewalk along Carolina Pavilion Drive via a 6 ft sidewalk and from multi-use path along South Boulevard via an 8 ft sidewalk.
- Shows an area of outdoor dining on the northern end of the building near Carolina Pavilion Drive.
- As part of changes to site layout modifies locations of driveways into site. Provides a 2-way drive along the east property line onto a shared drive in the shopping center and a one way in and one way out on Carolina Pavilion Drive.
- Commits to placement of "No u-turn" sign at the end of the median on Carolina Pavilion Drive.
- Installs a 6 ft sidewalk along Carolina Pavilion Drive and a 12 foot multi-use path along the site frontage of South Boulevard.
- Requests the following optional provisions:
 - Allow accessory drive through services lanes/windows.
 - Not require building entrance requirements of Section 9.8506.2(h) of the Zoning Ordinance.

- Existing Zoning and Land Use

The site was previously rezoned to TOD-CC as part of the Transit Oriented Development alignment rezonings because the area was recommended for transit oriented development by the *Sharon & I-485 Transit Station Area Plan*.

The site (indicated by red star) is located in an area with a range of commercial uses. The I-485 Transit station is located northwest of the site across South Boulevard and the Little Sugar Creek Greenway (west of the site behind the shopping center) is accessed via a connector at the southern end of the center.

The site is developed with an existing fast-food style EDEE use with accessory drive-through window.

North of the site are retail shops part of the shopping center.

East of the site is parking field for the shopping center.

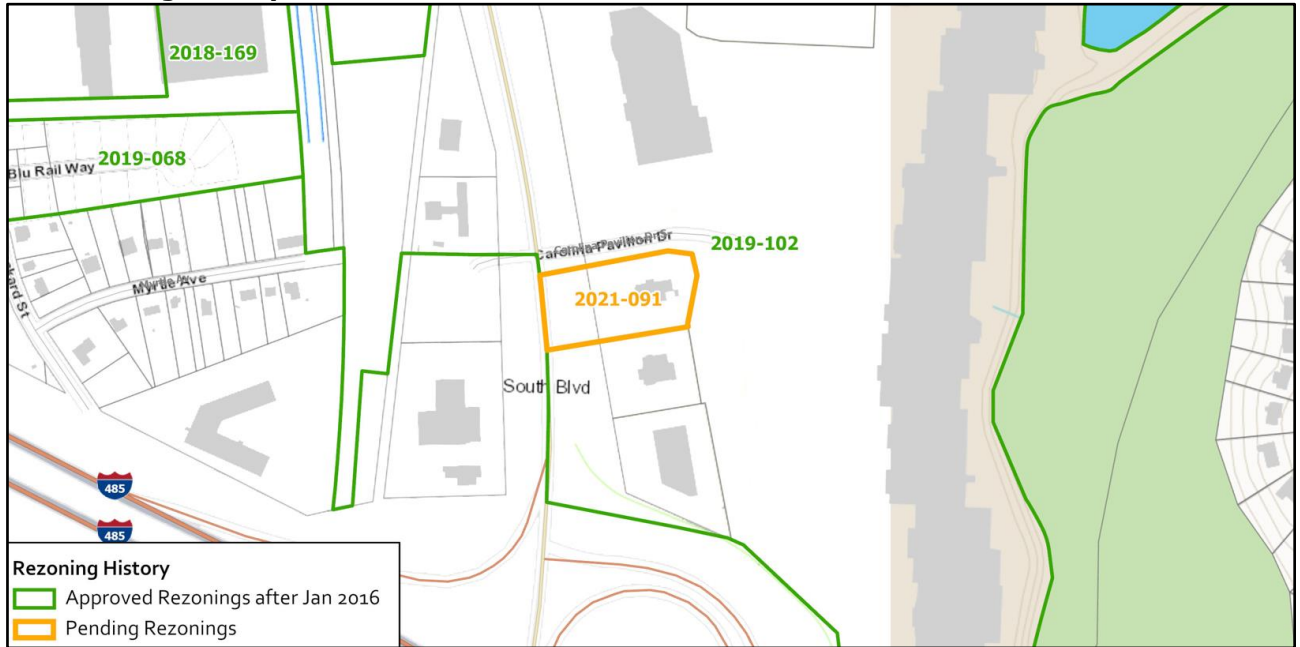

South of the site is an outparcel of the shopping center with an EDEE use.

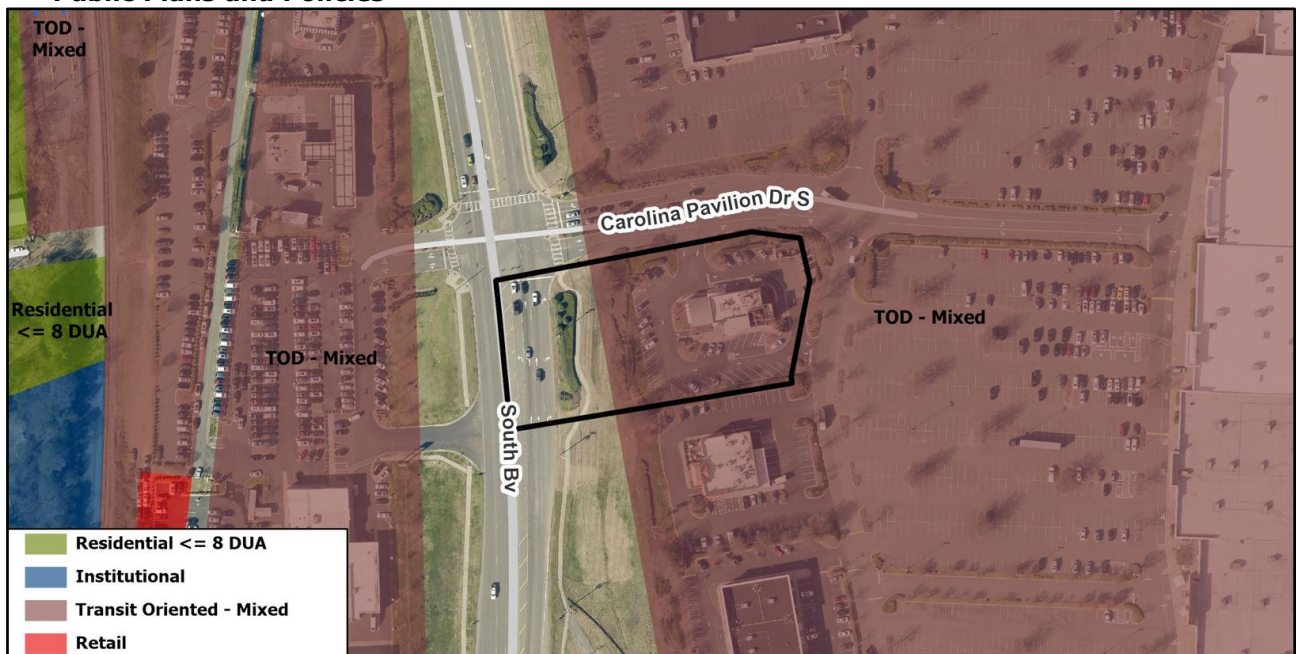

West of the site, across South Boulevard, is an automotive dealership.

- Public Plans and Policies**

- The *Sharon & I-485 Transit Station Area Plan* (2009) recommends transit-oriented development mixed use.

- **TRANSPORTATION SUMMARY**

- The site is located on South Boulevard, a State-maintained major thoroughfare, and Carolina Pavilion Drive South, a privately maintained local street. A Traffic Impact Study (TIS) is not necessary for the complete review of this petition due to the site generating less than 2,500 daily trips. If the site generates more than 2,500 daily trips, during the permitting process, then a traffic study will be required.

The Petitioner commits to installing a 12-foot multi-use path along the site's South Boulevard frontage in accordance with the Charlotte Bikes Plan. This upgraded facility provides connectivity towards the Cross Charlotte Trail (XCLT) Spur, located approximately 250 feet south of the project's site. The Petitioner also commits to reconfiguring the site's ingress and egress points along the private Carolina Pavilion Drive while installing a "No U-Turn" sign in the median at the first internal intersection, in compliance with the NCDOT's standards and City of Charlotte's Driveway Regulations. All outstanding CDOT comments have been addressed.

REQUESTED TECHNICAL REVISIONS

Site and Building Design

1. Place petition number RZP-2021-091 on the site plan. Addressed
2. It's been verbally stated that the proposal meets TOD-TR design standards aside from the maximum parking requirement. Please provide a note on the rezoning plan committing to TOD-TR design if that is indeed the case. Rescinded, petitioner is not comfortable making commitment on the site plan in case there are TOD-TR standards it does not meet.
3. Amend the site plan to show at least 5 ft of clearance from door swings. Addressed
