**STAFF
RECOMMENDATION**

Staff recommends approval of this petition.

Plan Consistency

The petition is **consistent** with the *Sharon & I-485 Transit Station Area Plan* (2009) recommendation for single family residential uses up to 8 dwelling units per acre on the site.

Rationale for Recommendation

- The rezoning of these parcels from the existing R-8 (CD) zoning and its associated site plan would allow for infill development on the sites which, given their acreage, are currently underutilized.
- This petition is consistent with the proposed land use for the area.
- The approval of this petition would maintain uniformity with the surrounding zoning designations and development patterns.

PLANNING STAFF REVIEW

- **Proposed Request Details**

This is a conventional rezoning petition with no associated site plan.

- Allows all uses in the R-8, single family residential, zoning district.

- **Existing Zoning and Land Use**

- These parcels were rezoned as part of petition 1997-090 which rezoned the area from R-4 to R-8(CD). The surrounding land uses include single family residential and institutional uses.

- The subject sites are denoted with red stars.

- North of the parcels are single family homes.

- East of the parcels is Sterling Elementary School.

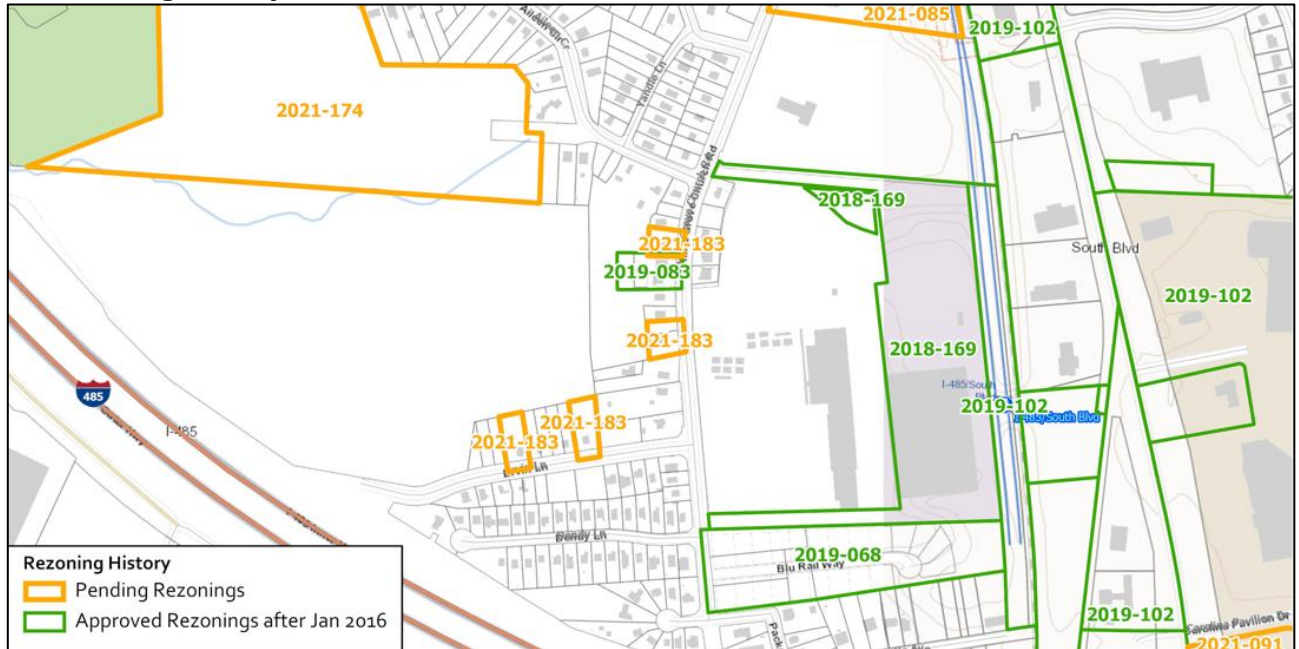

- South of the parcels are single family homes.

- West of the subject area is a large swath of vacant land.
