RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is **inconsistent** with the *Woodlawn Transit Station Area Plan* (2008) recommendation for office and industrial-warehouse-distribution uses on the site.

Rationale for Recommendation

- The site is within a 1-mile walk of both the Woodlawn Station and Scaleybark Station.
- The TOD-TR district may be applied to parcels within a 1-mile walking distance of an existing rapid transit station, or within ½ mile walking distance of an existing streetcar stop.
- This petition would allow for the redevelopment of the site to transit oriented uses.
- This site is adjacent to a number of parcels zoned TOD-TR that were formerly zoned I-2, reflecting a shift in the area away from intensive, industrial uses.

- The use of the conventional TOD-TR zoning applies standards and regulations to create desired form and intensity of transit supportive development, and a conditional rezoning is not necessary.
- TOD standards include requirements for appropriate streetscape treatment, building setbacks, street-facing building walls, entrances, and screening.

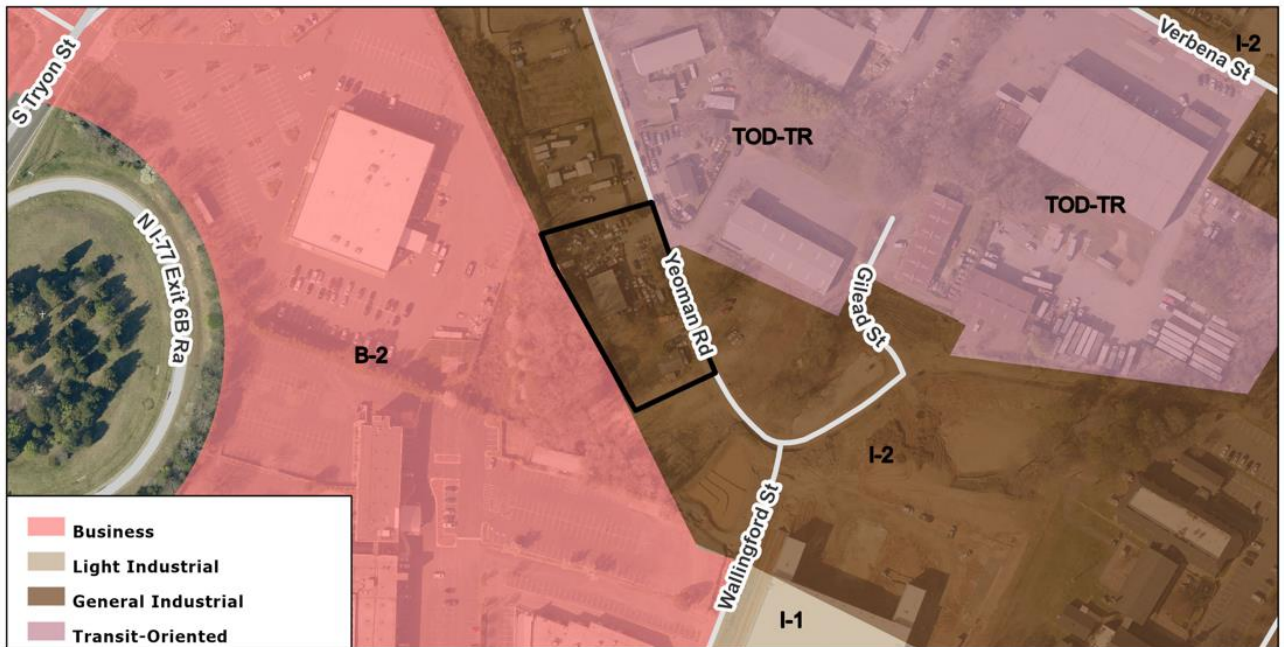

PLANNING STAFF REVIEW

- **Proposed Request Details**

This is a conventional rezoning petition with no associated site plan.

- Allows all uses in the TOD-TR (transit oriented development – transition) zoning district.

- **Existing Zoning and Land Use**

- The site is currently zoned I-2 and is in an area with retail, office, light industrial, and residential uses.

- The subject site is denoted with a red star.

- North of the site are auto-related retail uses and offices.

- East of the site are industrial uses.

- South and west of the site are several vacant lots.

- Rezoning History in Area**

Petition Number	Summary of Petition	Status
2019-132	Rezoned 5.9 acres from I-2 to TOD-TR.	Approved
2020-126	Rezoned 4.25 acres from I-2 to TOD-TR	Approved

- Public Plans and Policies**

- The *Woodlawn Transit Station Area Plan* (2008) recommends office and industrial-warehouse-distribution uses for the site.

- **TRANSPORTATION SUMMARY**

- The site is located adjacent to Yeoman Road, a City-maintained local street and Yancy Road a City-maintained major collector. This site is requesting a TOD-TR zoning and will be subject to transportation improvements in accordance with the TOD Ordinance and the adopted CDOT Streets Map. CDOT will work with the petitioner during the permitting process to pursue all options to provide additional forms of connectivity that reflect the types of development associated in the TOD-zoned areas.
- **Active Projects:**
 - There are no active projects near the site.
- **Transportation Considerations**
 - No outstanding issues.
- **Vehicle Trip Generation:**
 - Current Zoning:
 - Existing Use: 60 trips per day (based on 2,400 square feet of warehouse uses and 1 single family home).
 - Entitlement: 70 trips per day (based on 12,900 square feet of warehouse uses).
 - Proposed Zoning: Too many uses to determine.
