STAFF
RECOMMENDATION

Staff recommends approval of this petition upon resolution of outstanding issues related to site and building design.

Plan Consistency

The petition is **consistent** with the *Eastland Area Plan's (2003)* recommendation for single-family/multi-family/office/retail uses for a portion of the site but **inconsistent** for retail uses on parcel 10326102 fronting Regal Oaks Dr.

Rationale for Recommendation

- The general land use pattern to the north of the area includes residential developments of complementary density.
- The adopted policy plan recommends a mixture of uses for the rezoning site, including multi-family.

- This furthers the Eastland Area Plan's goal to "create a well-balanced mixture of land uses consisting of a full range of housing types".

The approval of this petition will revise the adopted future land use as specified by the *Eastland Area Plan*, from retail uses to residential uses up to 22 DUA for the site.

- **TRANSPORTATION SUMMARY**

- The site is located on Regal Oaks Drive, a City-maintained minor collector and Albemarle Road, a State-maintained major thoroughfare classified as a commercial arterial. A Traffic Impact Study (TIS) is not needed for this site. The petitioner has committed to dedicating 75-foot right-of-way from the Albemarle Road centerline, constructing an 8-foot planting strip with 8-foot sidewalks along the existing Regal Oaks Drive. The wider sidewalk meets the Charlotte WALKS Policy. CDOT has no outstanding issues.
