Re: Comments from State Historic Preservation Office on Designation Report for the Charlotte Quartermaster Depot and Area Missile Plant, Charlotte

By email dated December 9, 2021, SHPO staff provided feedback based on their review of the Designation Report for the Charlotte Quartermaster Depot and Area Missile Plant. In summary, the issues raised included the following:

- Clarify that the proposed designation includes the interiors of certain buildings on the property; and
- Supplement the report with updated post-renovation photographs as renovations are completed.

Following review of the Designation Report and the SHPO feedback, the HLC staff made appropriate revisions to address the issues raised, and has made arrangements with the property owners to receive updated photographs as the project is completed.
