

Petition 2021-217 by Boulevard Real Estate Advisors, LLC

To Approve:

This petition is found to be **consistent and inconsistent** with the *Scaleybark Transit Station Area Plan* (2008) based on the information from the staff analysis and the public hearing, and because:

- The plan calls for single family residential uses up to eight DUA; and
- The plan recommends retail uses for a portion of the site.

However, we find this petition to be reasonable and in the public interest, based on the information from the staff analysis and the public hearing, and because:

- The site is within a 1-mile walk of the Scaleybark Station.
- The TOD-NC district may be applied to parcels within a 1-mile walking distance of an existing rapid transit station or within a 1-mile walking distance of an adopted Metropolitan Transit Commission (MTC) alignment station location.
- Immediately adjacent to the site are other parcels zoned TOD-NC.
- The TOD-NC zoning district maintains the high level of design standards associated with the TOD-UC zoning district, but TOD-NC is more appropriate for this site due to its surrounding context of more moderately intense uses, as compared to the high intensity of uses along South Boulevard and Old Pineville Road, just east of the site.
- The use of conventional TOD-NC zoning applies standards and regulations to create the desired form and intensity of transit supportive development, and a conditional rezoning is not necessary.
- TOD standards include requirements for appropriate streetscape treatment, building setbacks, street-facing building walls, entrances, and screening.

The approval of this petition will revise the adopted future land use as specified by the *Scaleybark Transit Station Area Plan* (2008), from single family residential uses to transit oriented development for the site.
