## STAFF RECOMMENDATION

Staff recommends approval of this petition.

### Plan Consistency

The petition is **consistent** and **inconsistent** with the 2040 Policy Map (2022) recommendation for Community Activity Center and Neighborhood 1 at this site.

### Rationale for Recommendation

- The site is within a 1-mile walk of the Scaleybark Station.
- The TOD-NC district may be applied to parcels within a 1-mile walking distance of an existing rapid transit station or within a 1-mile walking distance of an adopted Metropolitan Transit Commission (MTC) alignment station location.
- Immediately adjacent to the site are a number of parcels zoned TOD-NC, representing an ongoing shift in this area to more transit-supportive redevelopment projects.
- Though a portion of the rezoning site is inconsistent with the recommended Neighborhood 1 Place Type, the parcels immediately

abut areas under the Community Activity Center Place Type on two sides and the area is very near the major transit corridors in lower South End.

- The use of conventional TOD-NC zoning applies standards and regulations to create the desired form and intensity of transit supportive development, and a conditional rezoning is not necessary.
- TOD standards include requirements for appropriate streetscape treatment, building setbacks, street-facing building walls, entrances, and screening.

The approval of this petition will revise the recommended place type for a portion of the site as specified by the *2040 Policy Map*, from Neighborhood 1 to Community Activity Center.

### PLANNING STAFF REVIEW

- The portion of the rezoning site along Peterson Drive is adjacent to single family houses on the northern, eastern, and western sides.

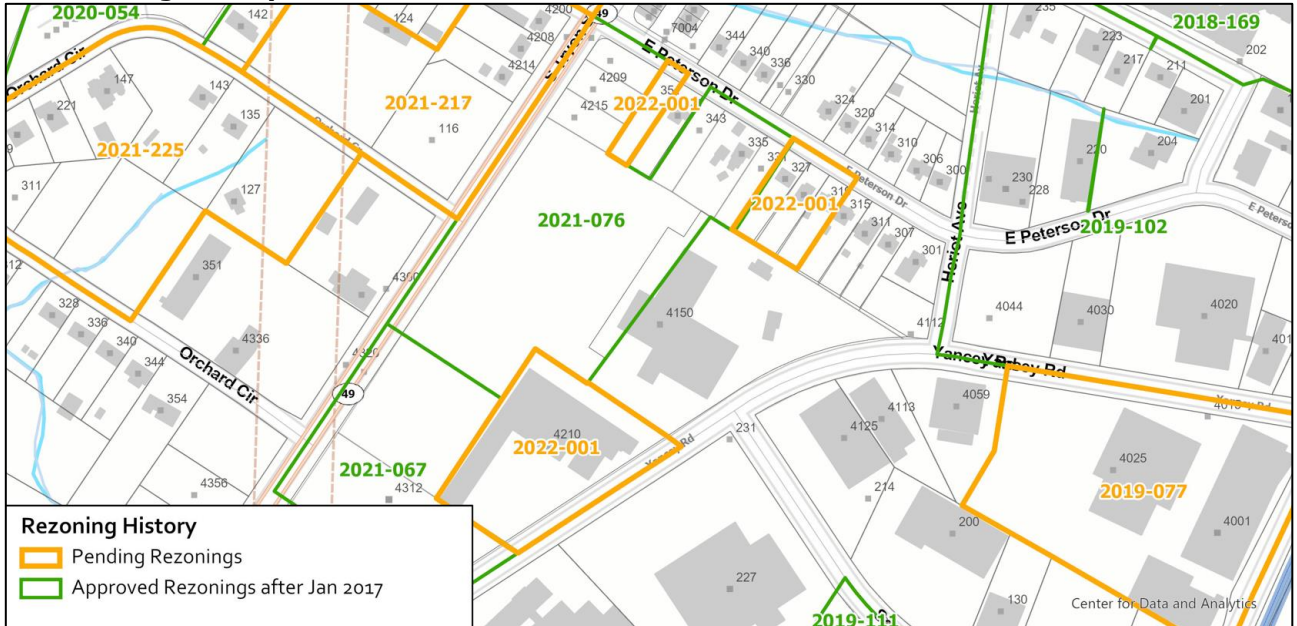

- Numerous brewery operations are located east of the portion of the rezoning site along Yancey Road.

- Various office uses are located south of the portion of the rezoning site along Yancey Road.
