STAFF RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is **inconsistent** with the 2040 Policy Map (2022) recommendation for Neighborhood 1.

Rationale for Recommendation

- The petition could facilitate the following 2040 Comprehensive Plan Goals:
 - 1: 10 Minute Neighborhoods
 - 2: Neighborhood Diversity & Inclusion
- This infill of this site with six quadplex buildings allows for a moderate increase in density to approximately 4.8 DUA over the currently entitled 3 DUA.
- Although the petition is inconsistent with the recommended Place Type and more closely represents Neighborhood 2 development, it proposes building forms supported in Neighborhood 1.
- The proposal includes a 6' buffer with a fence against the existing single family uses along the site's western boundary and a Class A

buffer against the site's eastern boundary which is along an area zoned I-1.

- In conjunction with the Charlotte WALKS and BIKES Policies and the Vision Zero Action Plan the petition proposes a 12' shared multi-use path along Sam Neely Road.
- Redevelopment of this site, which although adjacent to a single family neighborhood to the south and west, would not transect an existing neighborhood.

The approval of this petition will revise the recommended place type as specified by the *2040 Policy Map*, from Neighborhood 1 to Neighborhood 2 for the site.
