Plan Consistency

The petition is **consistent** with the 2040 Policy Map recommendation for the Innovation Mixed-Use Place Type.

Rationale for Recommendation

- The site is within a 1 mile walk of the 36th St. and 25th St. stations on the Lynx Blue Line.
- The site is located on N. Tryon St. in an area with recent rezonings to TOD designations.
- The proposed zoning would allow the site to be developed with transit supportive uses compatible with existing commercial development and recent redevelopment occurring in the area.
- TOD uses are compatible with the Innovation Mixed Use and Neighborhood 2 Place Types.

- The former industrial uses in this area have recently been transitioning into uses compatible with the TOD and Innovation Mixed Use designation, aligning this proposal with the policy for this area.
- The North Tryon Street corridor is well serviced by bus routes to support the use and development associated with this proposal. The petition could facilitate the following *2040 Comprehensive Plan Goals*:
 - 1: 10 Minute Neighborhoods

 - 5: Safe & Equitable Mobility
 - 6: Healthy, Safe & Active Communities
