**STAFF
RECOMMENDATION**

Staff recommends approval of this petition.

Plan Consistency

The petition is **consistent** with the *South End Station Area Plan* and the *South End Vision Plan* recommendations for transit-oriented, mixed use development.

Rationale for Recommendation

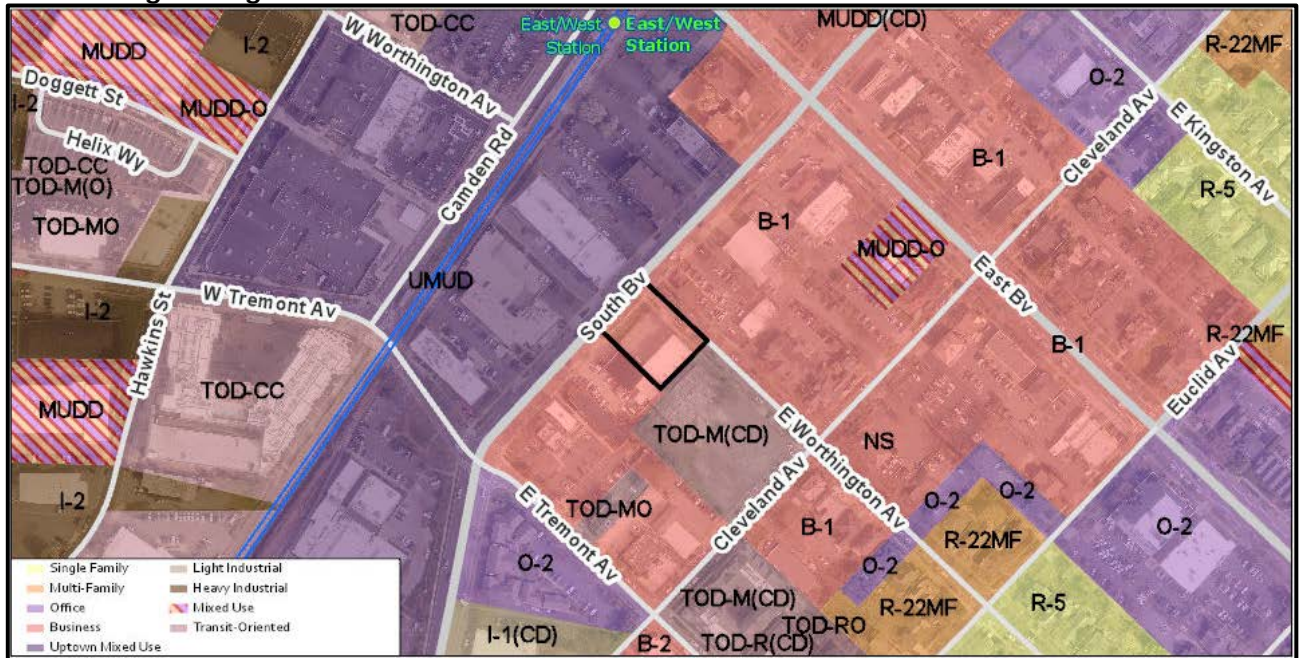

- The subject site is within a ¼ mile walk of East/West Station on the LYNX Blue Line.
- TOD (transit oriented development) standards include requirements for appropriate streetscape treatment, building setbacks, street-facing building walls, entrances, and screening.
- Use of conventional TOD-UC (transit oriented development – urban center) zoning applies standards and regulations to create the desired form and intensity of transit supportive development, and a conditional rezoning is not necessary.

PLANNING STAFF REVIEW

- **Proposed Request Details**

- This is a conventional rezoning petition, which applies all the standards, regulations and uses in the TOD-UC (transit oriented development – urban center) zoning district. Uses allowed in the TOD-UC district include residential, retail, and civic uses.

- **Existing Zoning and Land Use**

The subject property is currently zoned B-1 (neighborhood business) and is surrounded by various districts that allow residential and non-residential uses.

The site is currently developed with a vacant retail building.

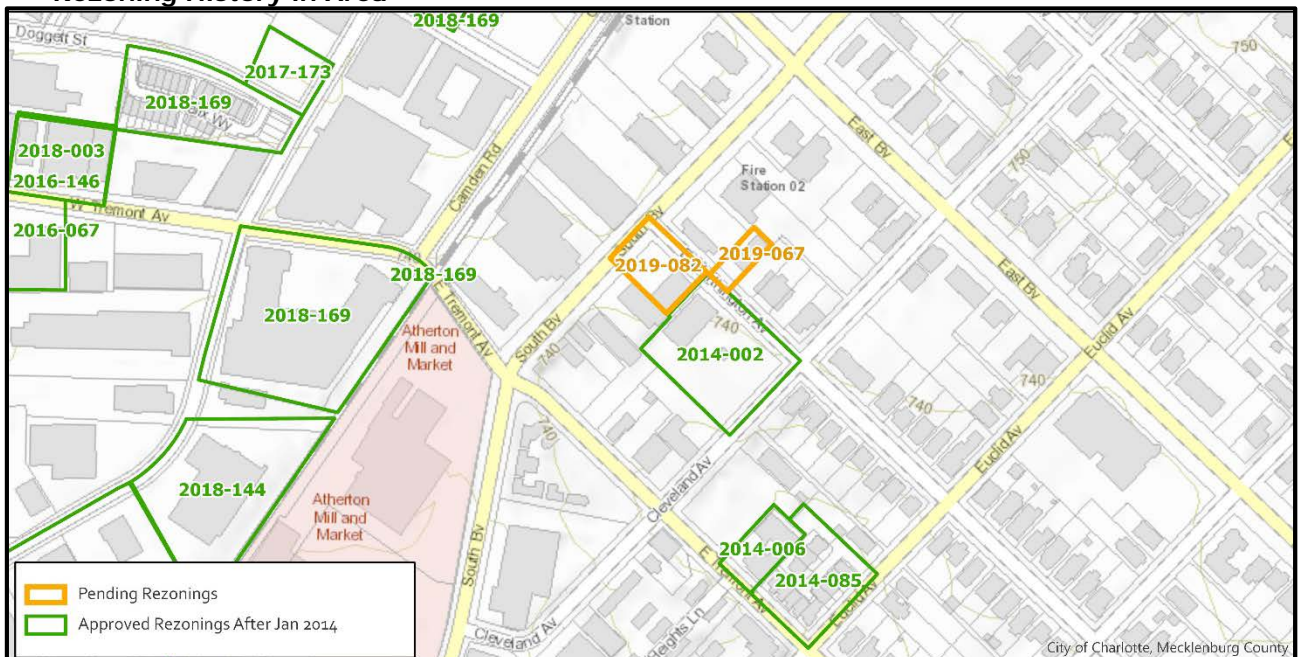

North are retail uses and Fire Station 02.

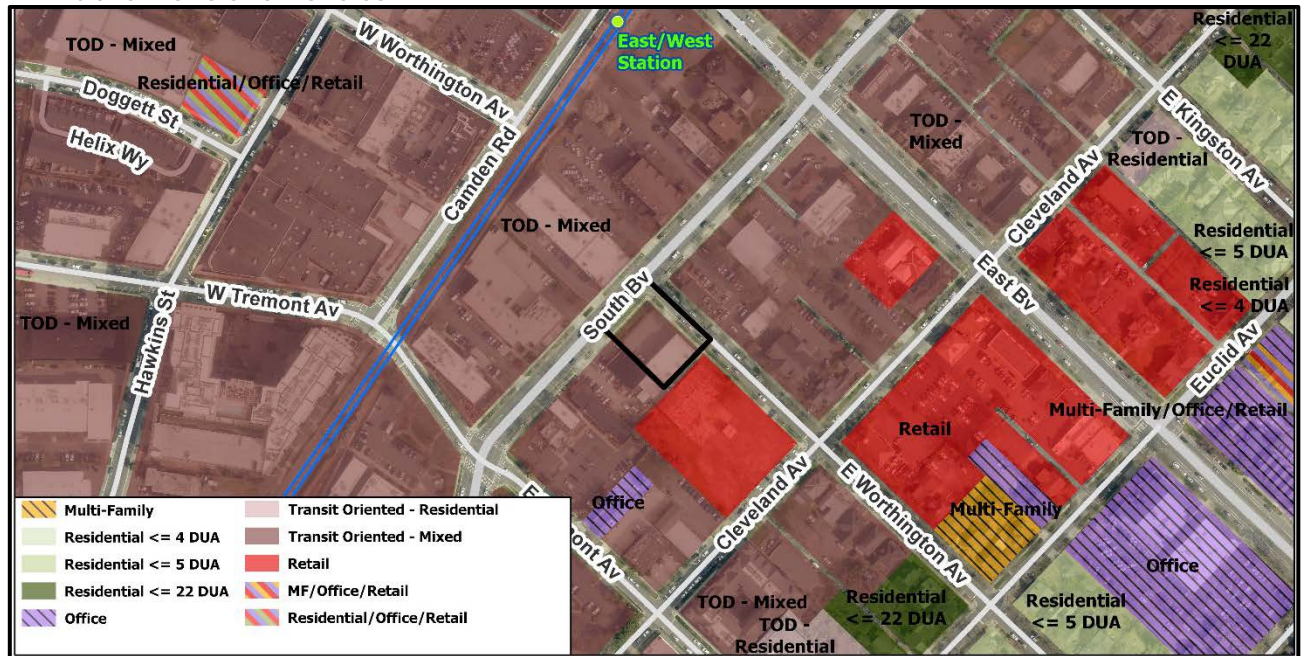

South, along South Boulevard, are commercial and residential uses.

• **Rezoning History in Area**

• **Public Plans and Policies**

- The *South End Transit Station Area Plan (2005)* recommends transit oriented, mixed use development on this site.
- The *South End Vision Plan (2018)* recommends a mixed-use transit supportive uses and design guidelines for the subject site.
- **TRANSPORTATION CONSIDERATIONS**
 - The site is at the intersection of a major thoroughfare and local street in South End, approximately 400 feet from the signalized intersections of South Boulevard and E. Tremont Avenue and South Boulevard and East Boulevard. The site is less than ¼ mile from the East/West Boulevard LYNX Blue Line Station. There is existing curb and gutter, planting strip, and sidewalk along both street frontages and one driveway on E. Worthington Avenue. CDOT will work with the petitioner during permitting to implement the streetscape in accordance with city ordinance to support the urban zoning requested.
 - **Vehicle Trip Generation:**
 - Current Zoning:
 - Existing Use: 0 trips per day (based on vacant).
 - Entitlement: 760 trips per day (based on 4,760 square foot retail building).
 - Proposed Zoning: Too many uses to determine (based on 0.32 acres of TOD-UC).
