Plan Consistency

The petition is **consistent** with the *Northwest District Plan* recommendation for single family up to 4 DUA for this site.

Rationale for Recommendation

- The proposed R-4 zoning district, is consistent with the existing land use recommendation of single family up to 4 DUA for this site.
- The site is in an area that is predominantly residential in nature, and the R-4 zoning request would be compatible with the R-3 zoning found around the site.
- The request would provide the ability to provide a moderate increase in the number of units, while maintaining compatibility and consistency with the area.
