**RECOMMENDATION**

Staff recommends approval of this petition.

Plan Consistency

The petition is **inconsistent** with the *Northeast District Plan (1996)* recommendation of retail uses for the majority of the site, and single family/multi-family residential uses less than or equal to 8 DUA for a portion of the site.

Rationale for Recommendation

- While this petition is inconsistent with the *Northeast District Plan*, the I-1(CD) zoning proposed for the site is similar to the industrial uses found in the area on the north side of Sunset Road.
- The I-1(CD) zoning requested in this petition will be less intense than the retail use allowed with the parcel's current CC zoning.

- The petition proposes an 8-foot planting strip and 37.5' buffer on Milhaven Lane, which will provide a suitable buffer between the residential uses on the other side of Milhaven.
- The petition commits to building a public road and a 5-foot sidewalk on the southern side of the site to increase pedestrian access and road connectivity.
- The petition commits to a 37.5-foot setback on all sides of the parcel, which is 17.5 feet wider than the recommended 20-foot setback for industrial uses.
- This petition proposes a light industrial use for the site, which is appropriate adjacent to the retail uses which front Sunset Road and abut the north side of the site.

The approval of this petition will revise the adopted future land use as specified by the *Northeast District Plan*, from Retail to Industrial-Warehouse-Distribution.
