**STAFF
RECOMMENDATION**

Staff recommends approval of this petition.

Plan Consistency

The petition is **consistent** with the *Independence Boulevard Area Plan* recommendation for residential uses and **inconsistent** with plan's recommended density of four dwelling units per acre.

Rationale for Recommendation

- The proposed residential land use is consistent with the plan recommendation for residential development and in keeping with the surrounding land uses.
- The parcel located on the other side of Goodwin Avenue is of similar size and has been subdivided into 2 lots.
- The subject parcel is a corner lot with frontage on both Commonwealth Avenue and Goodwin Avenue.

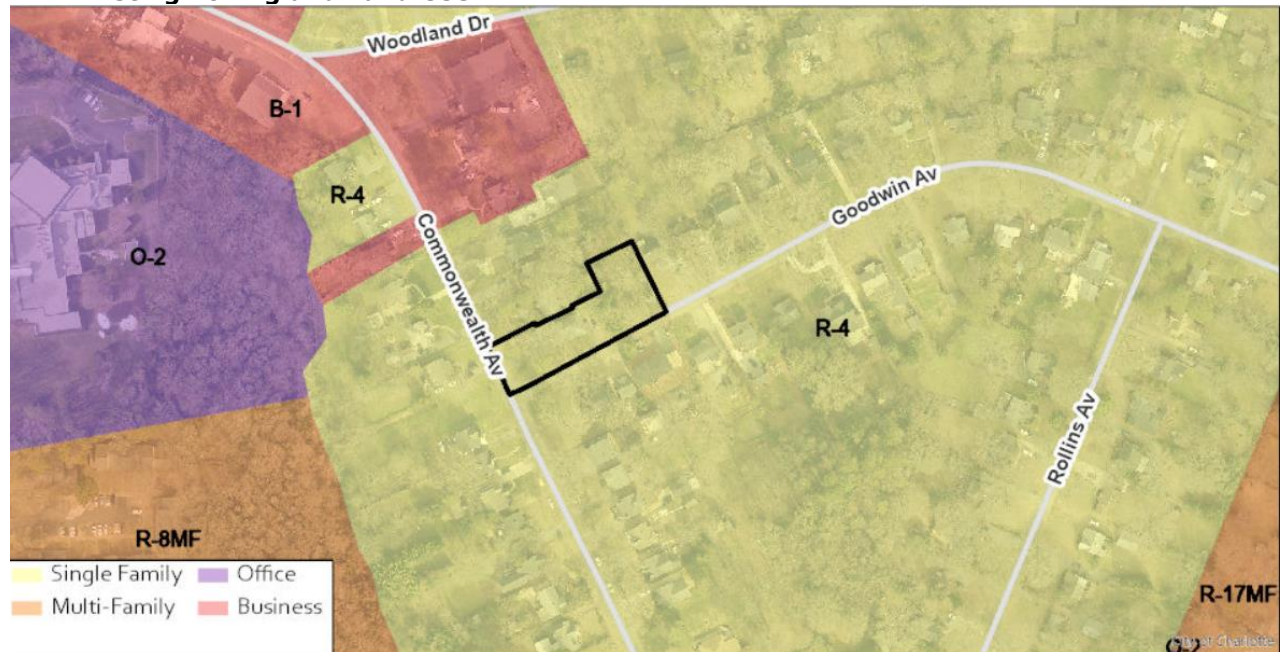

The approval of this petition will revise the adopted future land use as specified by the *Independence Boulevard Area Plan* from residential up to 4 DUA to residential up to 8 DUA.

PLANNING STAFF REVIEW

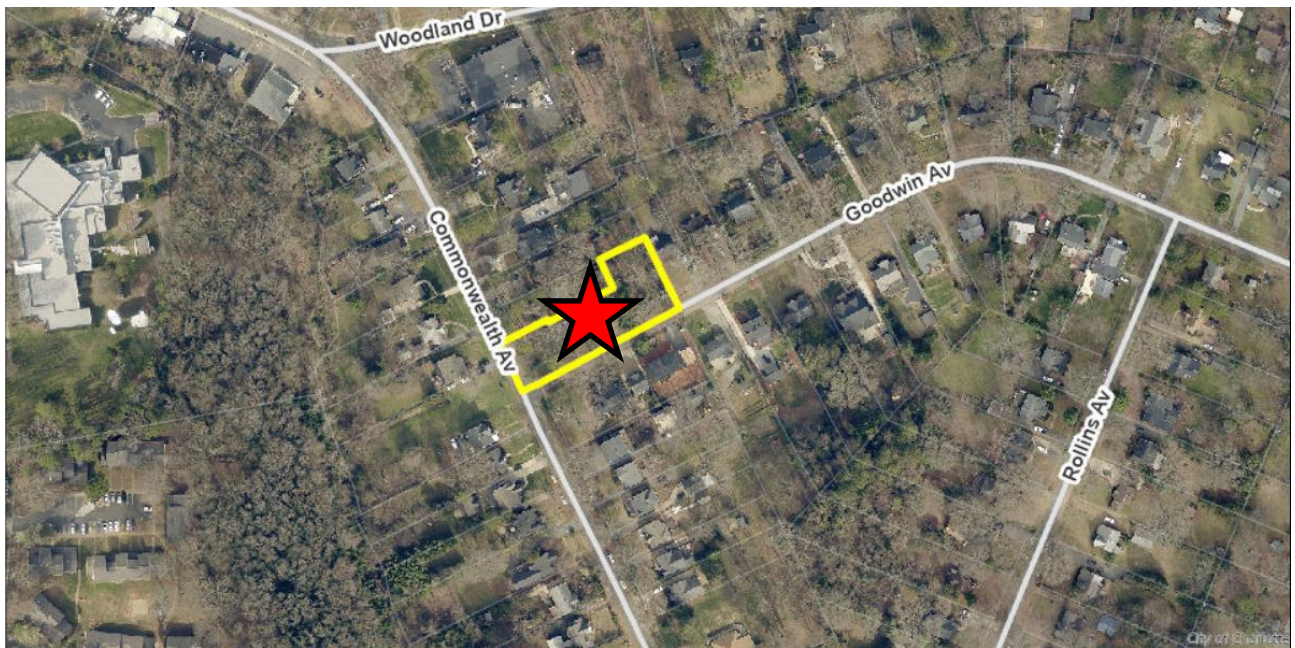

- **Proposed Request Details**

This is a conventional rezoning petition with no associated site plan.

- **Existing Zoning and Land Use**

The parcel is developed with a 1 story single family residence and is primarily surrounded by single family homes, along with multifamily residential development and office and retail uses zoned R-4, R-8MF, R-17MF, O-2, and B-1.

General location of subject property denoted by red star.

North, along Goodwin Avenue, are single family residential homes.

Across Goodwin Avenue and opposite the rezoning site are single family homes.

The rezoning site (left) is directly across the street from single family residential homes.

Along Commonwealth Avenue are single family homes.

- **Rezoning History in Area**

There have been no recent rezonings in the immediate area.

- **Public Plans and Policies**

- The *Independence Boulevard Area Plan* (2008) recommends residential uses up to 4 units per acre.
- **TRANSPORTATION CONSIDERATIONS**
 - The site is located at the intersection of two local roads. CDOT will work with the petitioner during permitting once a site plan is submitted to ensure all ordinance and area plan(s) required transportation improvements are met.
 - **Vehicle Trip Generation:**
Current Zoning:
Existing Use: 15 trips per day (based on duplex land use).
Entitlement: 9 trips per day (based on one single family dwelling).
Proposed Zoning: 18 trips per day (based on duplex).
