**STAFF  
RECOMMENDATION**

Staff recommends approval of this petition.

Plan Consistency

The petition is **consistent** with the *South District Plan* recommendation for single family/ multi-family residential use.

Rationale for Recommendation

- Outdoor recreation in combination with residential development is an allowed use in the existing zoning.
- Tennis courts provide an additional amenity for the members of the Country club and residents of the neighborhood.
- The location of the tennis courts does not impact exiting homes or other uses in the surrounding area due to the location at the edge of the golf course near the clubhouse.

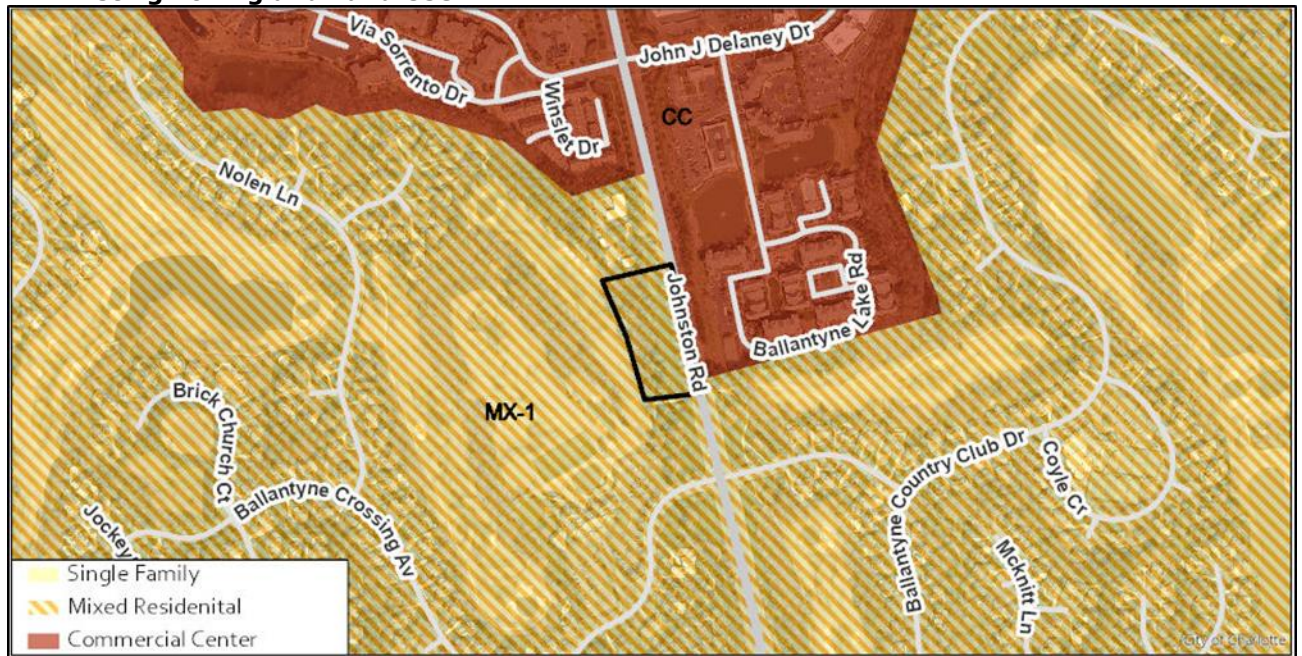

## PLANNING STAFF REVIEW

### • Proposed Request Details

The site plan accompanying this petition contains the following provisions:

- Shows two phases. Phase 1 – 2 tennis courts, Phase 2 - 4 courts for a total of 6 courts.
- 20-foot setback from the Johnston Road right-of-way.

- Limits height of free standing lighting to 25 feet including base.
- Vehicular access from existing streets and drives for the Ballantyne Country Club. Pedestrian access via connections to existing pedestrian and cart path facilities.

### • Existing Zoning and Land Use

The site is a wooded area next to one of the golf holes along Johnston Road south of Ballantyne Village.

North of the site is a Ballantyne Country Club golf course maintenance facility.

East of the site, across Johnston Road is multi-family development.

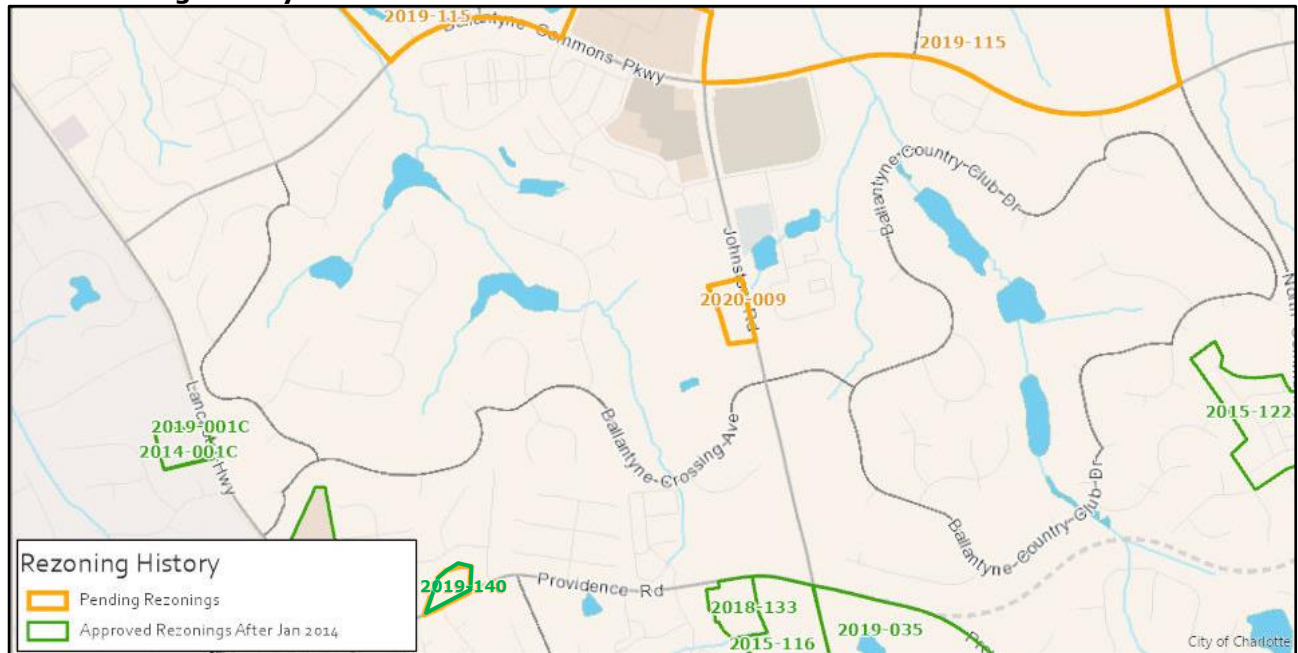

South of the site are cart paths and parking for the country club.
