STAFF

RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is consistent with the *Plaza-Central Pedscape Plan* (2003) recommendation for Office Mixed-Use (office/multi-family greater than 12 units per acre/limited retail).

Rationale for Recommendation

- The request is within .08 mile of the adopted LYNX Gold Line Sunnyside stop on Hawthorne Lane.
- The TOD (transit oriented development) standards include requirements for appropriate streetscape treatment, building setbacks, street-facing building walls, entrances, and screening.

- This petition would allow a richer mix of uses to help this property be in keeping with the vision of the *Plaza-Central Pedscape Plan*'s overall vision of "creating a vibrant, mixed use district..."

PLANNING STAFF REVIEW

- Public Plans and Policies**

- The *Plaza-Central Pedscape Plan* (2003) recommends Office Mixed-Use (office/multi-family greater than 12 units per acre/limited retail) for the subject parcels.
- TRANSPORTATION CONSIDERATIONS**
 - The site is located on two major thoroughfare roads. Site plan review of ordinance requirements will occur during the land development permitting process since this is a conventional rezoning

request. Chapter 19 of the City Code may apply, requiring the developer to provide street improvements for their frontage.

- **Active Projects:**

- **LYNX Silver Line Light Rail**
 - 26-mile light rail from Town of Matthews, Uptown Charlotte, to City of Belmont/Gaston County
 - A shared use bicycle/pedestrian path adjacent to this alignment is also being planned as the Silver Line Rail Trail
 - This rezoning site is approximately 0.4 miles from the proposed Pecan Ave station and 0.5 miles from the proposed Central Ave station
 - Currently in Pre-Project Development/Early Scoping, proposed opening in 2030
- **LYNX Gold Line – Phase Two – Sunnyside Extension**
 - This project will extend the Gold Line street car to a stop at Sunnyside Ave (approximately 350 feet from this rezoning site)
 - Currently under construction – Estimated completion mid 2021
 - A future unfunded phase is proposed to extend further from Sunnyside Ave, crossing Central Ave along Hawthorne Ave and then turning south to Clement Ave to Central Ave where it would run east to Eastland Transit Center
- **Cross Charlotte Trail – 7th to 10th Street**
 - This project will close a gap in the Little Sugar Creek Greenway along the I-277/US-74 interchange. A two-way cycle-track will also be constructed across the Central Ave bridge from 7th St. to/along Prospect St to Jackson Ave.
 - Currently under construction – Estimated completion late 2021
- **New traffic signal at Hawthorne Lane and Sunnyside Avenue – Under Construction – Estimated Completion late 2020**
- **Sunnyside Avenue Sidewalk – install sidewalk on Sunnyside Ave from Louise Ave to Hawthorne Ln – Under Construction – Estimated Completion early 2020**

- **Vehicle Trip Generation:**

Current Zoning:

Existing Use: 2,160 trips per day (based on 22,134 square feet of retail).

Entitlement: 1,770 trips per day (based on 16,500 SF of retail).

Proposed Zoning: too many uses to determine (based on proposed TOD-CC)
