**STAFF
RECOMMENDATION**

Staff recommends approval of this petition.

Plan Consistency

The petition is **inconsistent** with the Institutional land use recommendation for the site and **consistent** with the multi-family/office/retail recommendation for the site as per the *West End Land Use and Pedscape Plan*.

Rationale for Recommendation

- The petition consists of two sites located on opposite sides of Beatties Ford Road and are located within 1/4 of a mile from the proposed CATS Lynx Gold Line transit stop at French Street and Beatties Ford Road.

- The site is an appropriate location for transit-oriented development, adjacent to Johnson C. Smith University and other mixed-use developments in the area.
- Transit oriented mixed-use development is consistent with the overall vision of the *West End Land Use and Pedscape Plan*.

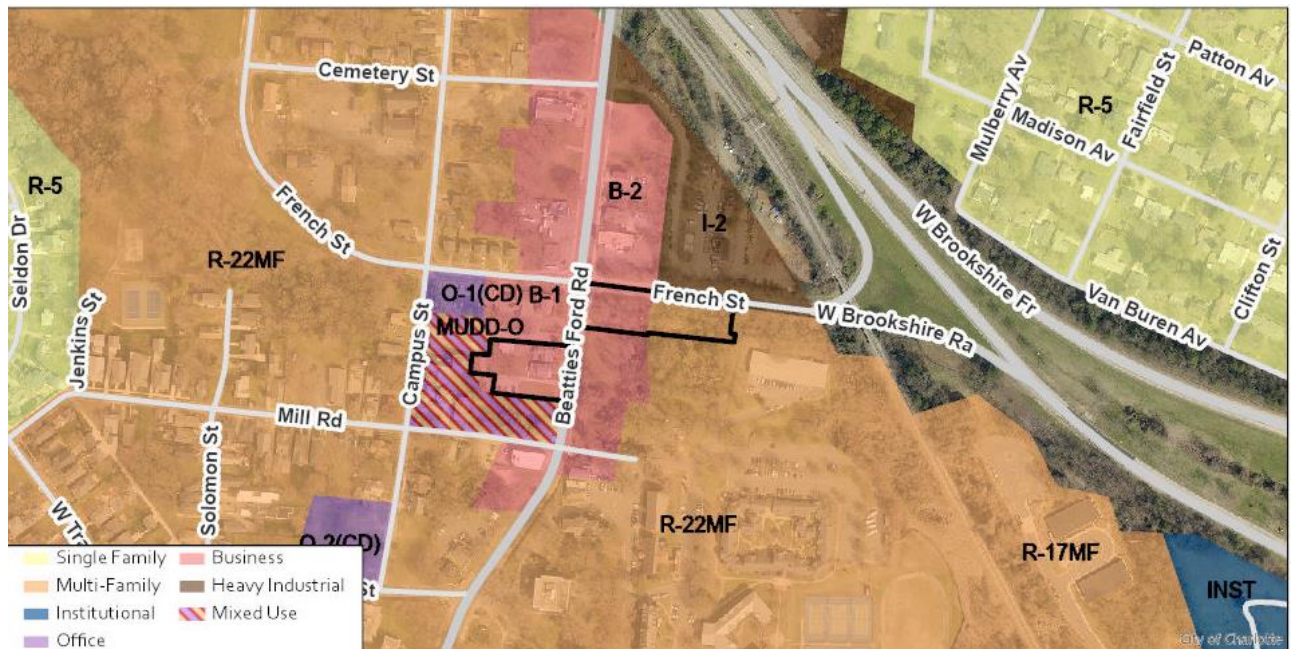

The approval of this petition will revise the adopted future land use as specified by the *West End Land Use and Pedscape Plan*, from Institutional land use to transit oriented development Use for the site.
