

The Site may be devoted only to a rent/income restricted residential community containing a maximum of two hundred (200) multi-family dwelling units and any incidental and accessory uses relating thereto that are permitted in the UR-2 zoning district. Incidental and accessory uses may include, without limitation, amenities for the residents, such as but not limited to a clubhouse, playground, tot-lot, picnic area, fitness center, and/or other amenities as listed in Section IV 8, below

The Petitioner agrees to convey the 4.15-acre portion of parcel 145-103-17, currently zoned R-4 and shaded on the Rezoning Plan, to the West Side Community Land Trust (WSCL) concurrent with the issuance of a certificate of occupancy for a multifamily development on the Rezoning Property. This requirement to convey said R-4 property shall be conditioned upon the WSCL's agreement to accept the property and pay all transfer costs including survey costs, its attorney fees, title insurance premium, and all other due diligence costs. WSCL's

Vehicular access to the Site shall be as generally depicted on the Rezoning Plan. The placement and configuration of the vehicular access points are subject to any minor modifications required to accommodate final site and construction plans and designs and as required for approval by the Charlotte Department of Transportation (CDOT) and/or the North Carolina Department of Transportation

The Petitioner shall construct a new ADA compliant bus waiting and shelter pad per Land Development Standard 60.03A along the Site's frontage of West Boulevard near Building 2 as generally depicted on the Rezoning Plan in general alignment with the stop on the opposite side of West Boulevard. The final location of the pad will be coordinated with the developer through the permitting

process. Developer will follow NCDOT encroachment requirements.

The Petitioner shall construct a minimum eight (8) foot wide planting strip and eight (8) foot wide sidewalk along the Site's frontage of West Boulevard and a minimum eight (8) foot planting strip and six (6) foot sidewalk along Proposed Private Access Drive, unless

The Petitioner shall construct an eight (8) foot buffered bike lane along the Site's West Boulevard frontage.

The Petitioner shall construct two left-turn lanes on West Boulevard and provide left turning movements onto Dr. Carver Road and Proposed Private Access Drive and coordinate signal modifications to accommodate the additional left-turn lanes and the addition of the Proposed Private Access Drive as the fourth leg of the intersection, built to NCDOT standards. The Petitioner will coordinate with NCDOT during the permitting phase of development to determine storage lengths, tapers, and any other potential lane striping

The Petitioner shall widen and provide a dedicated right turn lane within the Proposed Private Access Drive at the West Boulevard/Dr. Carver Road intersection, as generally depicted on the Rezoning Plan.

connection/access to the Irwin Creek Greenway. The Irwin Creek Greenway currently has a trailhead located within the adjacent

The Petitioner will complete and submit a Right-of-Way Abandonment Petition form to CDOT for review related to the existing paper right-of-way extending Dr. Carver Road through the Site. The decision of this rezoning petition does not correlate with the decision of the possible abandonment, as this decision is issued within the separate Right-of-Way Abandonment process that is controlled by

10. Unless stated otherwise herein, the Petitioner shall ensure that all transportation improvements are substantially completed and all rights-of-way dedicated in fee simple conveyance to the City of Charlotte prior to the issuance of the Site's first building certificate of

Preferred Exterior Building Materials: All principal and accessory buildings shall be comprised of a combination of portions of brick, brick veneer, natural stone (or its synthetic equivalent), stucco, cementitious siding, fiber cement ("HardiPlank") and/or other materials

Prohibited Exterior Building Materials: (i) vinyl siding, excluding along siding of interior breezeways, vinyl handrails, windows, soffits, doors, garage doors, railings, or trim, and (ii) concrete masonry units not architecturally finished.

Building Placement and Site Design: Building placement and Site design shall focus on and enhance the pedestrian environment through the following standards:

Building Street Frontage: buildings adjacent to West Boulevard shall be arranged and oriented with a front appearance along West Boulevard through the use of entrances and or walkways directly to the sidewalk fronting West Boulevard. Building entrances shall be at or slightly (1' or more) above grade and shall be highly visible and architecturally treated as prominent pedestrian entrances through a combination of at least three (3) of the following features: (i) decorative pedestrian lighting sconces; (ii) architectural details carried above the ground floor; (iii) covered porches, canopies, awnings or

sunshades; (iv) archways; (v) transom windows; (vi) terraced or raised planters that can be utilized as seat walls; (vii) common outdoor seating enhanced with specialty details, paving, landscaping or water features; (viii) double doors; (ix) stoops or stairs; and/or (x) contrasting pavement from primary sidewalk.

Buildings shall have a minimum ten (10) foot separation from each other.

Building Massing and Height: Building massing shall be designed to break up long, monolithic building forms through the following

Building Massing: buildings exceeding 120 feet in length shall include modulations of the building massing/façade plane (recess, projection, architectural treatment, etc.). Modulations shall be a minimum of sixty (60) feet wide and shall extend or recess a minimum of two (2) feet, extending through all floors. Modulations shall occur every sixty (60) feet, if provided. Building Height: the maximum height in feet of each portion of the building fronting West Boulevard shall be fifty-five (55)feet buildings not fronting West Boulevard may be a maximum of sixty-five (65) feet as measured per the Ordinance based on

Architectural Elevation Design: architectural elevations shall be designed to create visual interest through the following standards: Vertical Modulations and Rhythm: building elevations shall be designed with recognizable vertical bays or articulated

architectural façade features. The bays and features may include, but no limited to, a combination of exterior wall offsets, projections, and/or recesses, pilasters, and/or change in materials. Building Base: buildings shall be designed with a recognizable base. A minimum of three (3) elevations of each building shall

be articulated with a wainscot of preferred exterior building materials listed above of a minimum of one (1) foot in height. Blank Walls: building elevations facing West Boulevard shall not have expanses of blank walls greater than twenty (20) feet. Architectural features such as, but not limited to, banding, medallions, building articulation, and/or change in materials will be

provided to avoid unarticulated blank walls. Roof Form and Articulation: roof form and rooflines shall be designed to avoid the appearance of a large monolithic roof structure

through the following standards: Long rooflines (pitched or flat) shall avoid continuous expanses without variation by including changes in height and/or roof

For pitched roofs, if provided, the allowed minimum pitch shall be 5:12 (five feet in vertical height for every twelve in horizontal

length), excluding buildings with a flat roof and parapet walls. Roof top HVAC and related mechanical equipment will be screened from public view at grade from the nearest street and from

the nearest single-family structure. Service Area Screening: Site service areas (dumpsters, refuse areas, recycling, storage) shall be screened from view through the

Service areas will be screened via opaque fences, walls and/or evergreen shrubbery.

Utility structures need to be screened architecturally or with evergreen plant material.

Walls shall be designed to match and complement the building architecture of the residential buildings of the Site. All dumpsters will be screened with solid enclosures and gates. Petitioner agrees to meet all requirements as stated in

Chapter 9 and 12 of the Charlotte City Code regarding solid waste, compactor and recycling areas. Amenities: The Petitioner shall provide a minimum of four (4) of the following amenities on the Site:

Computer/Business Center;

Outdoor Seating Areas; and/or

There shall be a minimum of 10,000 square feet of outdoor amenity area located throughout the Site.

Environmental Features, Buffers & Landscaping/Screening

The Petitioner shall comply with the Charlotte City Council approved and adopted Post Construction Stormwater Ordinance. The location, size, and type of storm water management systems depicted on the Rezoning Plan are subject to review and approval as part of the full development plan submittal and are not implicitly approved with this rezoning. Adjustments may be necessary in order to accommodate actual storm water treatment requirements and natural site discharge points

The Petitioner shall provide a twenty (20) foot wide Class C landscape buffer in the location as generally depicted on the Rezoning

All freestanding lighting fixtures installed on the Site (excluding lower, decorative lighting that may be installed along the driveways and sidewalks and landscaping lighting) shall be fully capped and shielded and the illumination downwardly directed so that direct illumination does not unreasonably extend past any property line of the Site.

The maximum height of any pedestrian-scale, freestanding lighting fixture installed on the site, including its base shall not exceed

3. Any lighting fixtures attached to the buildings to be constructed on the Site shall be decorative, capped and downwardly directed.

VIII. Binding Effect of the Rezoning Documents and Definitions

1. If this Rezoning Petition is approved, all conditions applicable to development of the Site imposed under the Rezoning Plan and these Development Standards will, unless amended in the manner provided under the Ordinance, be binding upon and inure to the benefit of the Petitioner and subsequent owners of the Site and their respective successors in interest and assigns.

Throughout these Development Standards, the terms, "Petitioner" and "Owner" or "Owners" shall be deemed to include the heirs, devisees, personal representatives, successors in interest and assigns of the Petitioner or the owner or owners of any part of the Site from time to time who may be involved in any future development thereof.

Any reference to the Ordinance herein shall be deemed to refer to the requirements of the Ordinance in effect as of the date this
