**STAFF
RECOMMENDATION**

Staff recommends approval of this petition.

Plan Consistency

The petition is **inconsistent** with the *Central District Plan's* (1993) recommendation for single family residential uses up to five dwelling units per acre (DUA). However, it is **consistent** with *General Development Policy's* (GDP) recommendation for eight to 12 DUA.

Rationale for Recommendation

- The request mirrors a recently approved rezoning petition two lots to the east (2020-170).
- While over the *Central District Plan's* recommended density, the petition meets GDP's locational criteria for consideration of 8 to 12 dwellings per acre.
- The request aligns with the *Central District Plan's* policy recommendation of promoting "more urban scale infill development...". The R-8 district's intent is address "urban single family living."

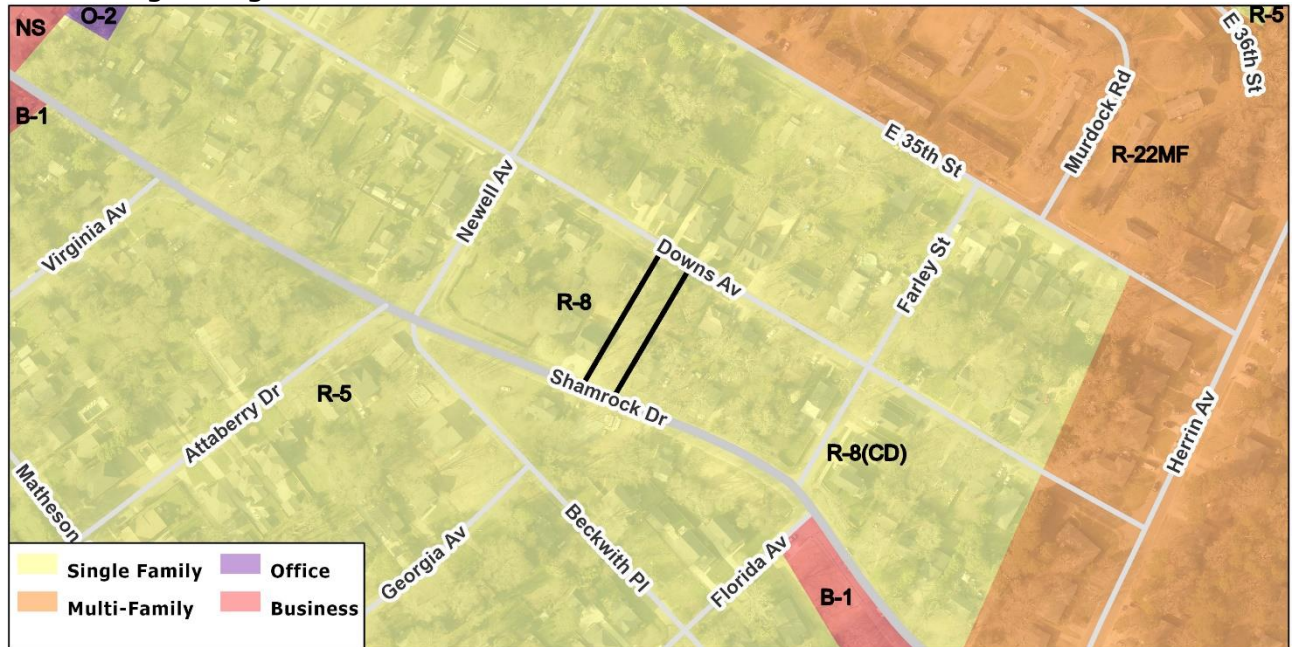

The approval of this petition will revise the adopted future land use as specified by the *Central District Plan*, from single family up to five dwelling units per acre to residential uses up to eight dwelling units per acre for the site.

PLANNING STAFF REVIEW

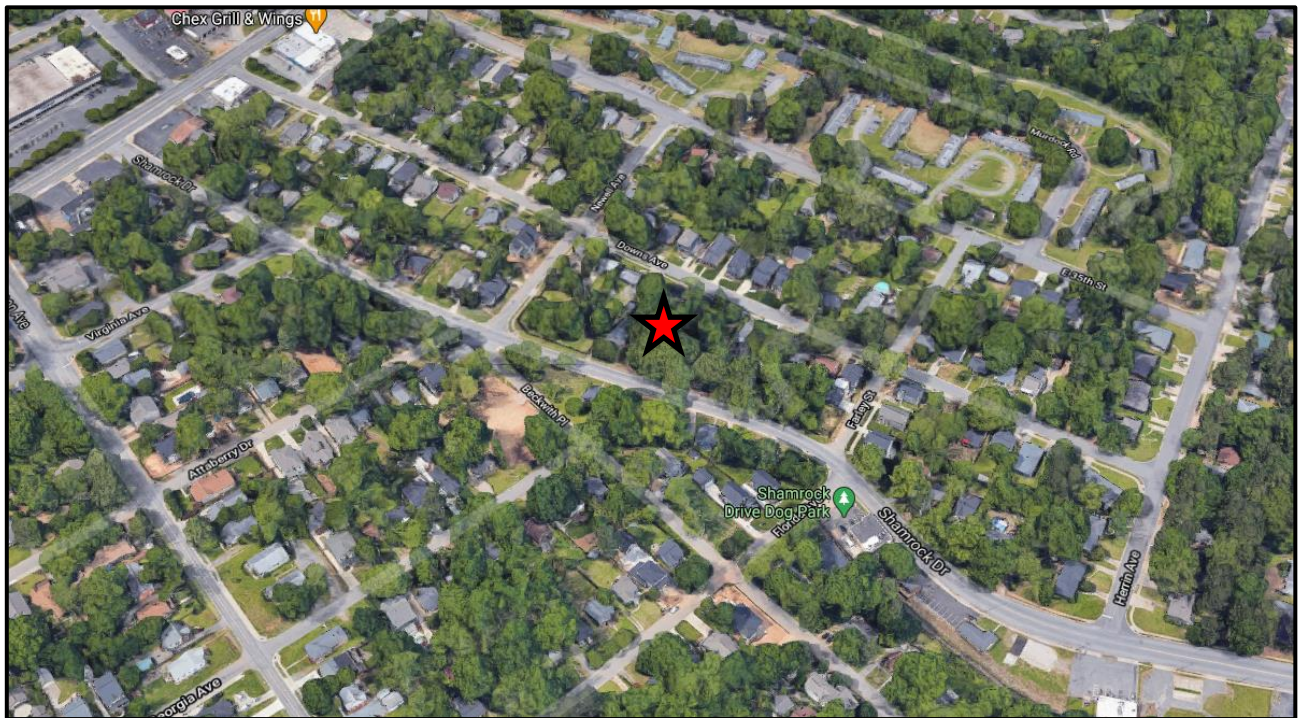

- **Proposed Request Details**

This is a conventional rezoning petition with no associated site plan.

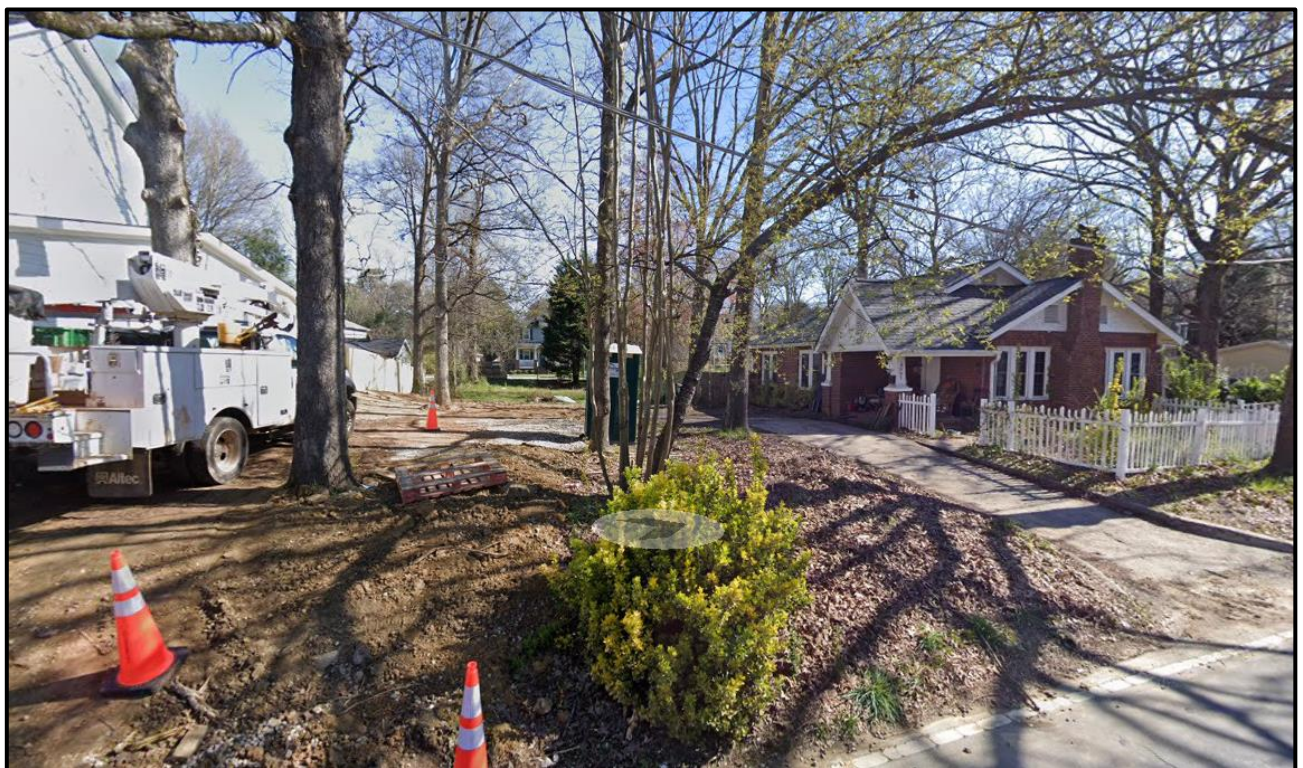

- **Existing Zoning and Land Use**

There have been no recent rezonings of this parcel. The subject property is located in a detached single family residential neighborhood. Multi-family uses are located north and east along Herrin Avenue and E. 35th Street, respectively. Commercial uses are found to the west along The Plaza.

Approximate location of subject property denoted by red star.

Streetview looking north toward subject property. Lot is currently vacant and located between new construction (image left) and an older home (image right).

• Public Plans and Policies

• **TRANSPORTATION SUMMARY**

- The site is located on a City-maintained minor thoroughfare (Shamrock Drive) and a City-maintained local road (Downs Avenue). As this is a conventional rezoning, a Traffic Impact Study (TIS) is not required as part of the rezoning process. The petitioner's site is within the limits of the City's Shamrock Drive Complete Street Project. The CIP will upgrade Shamrock Drive from Newell Avenue to Flamingo Avenue to better serve bicyclists, pedestrians, motorists and adjacent neighborhoods and businesses. CDOT will work with the petitioner during permitting to coordinate with this project, and any other projects in the area, and determine development requirements. There are no outstanding CDOT issues.
