STAFF RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is **inconsistent** with the *South End Transit Station Area Plan* recommended retail land use, as amended by petition 2014-002.

Rationale for Recommendation

- The subject site is within 0.25 mile of the East/West Boulevard Station on the LYNX Blue Line.
- The proposal permits a site previously used for industrial uses to convert to transit supportive land uses.
- Use of conventional TOD-NC (transit oriented development – neighborhood center) zoning applies standards and regulations

to create the desired form and intensity of transit supportive development, and a conditional rezoning is not necessary.

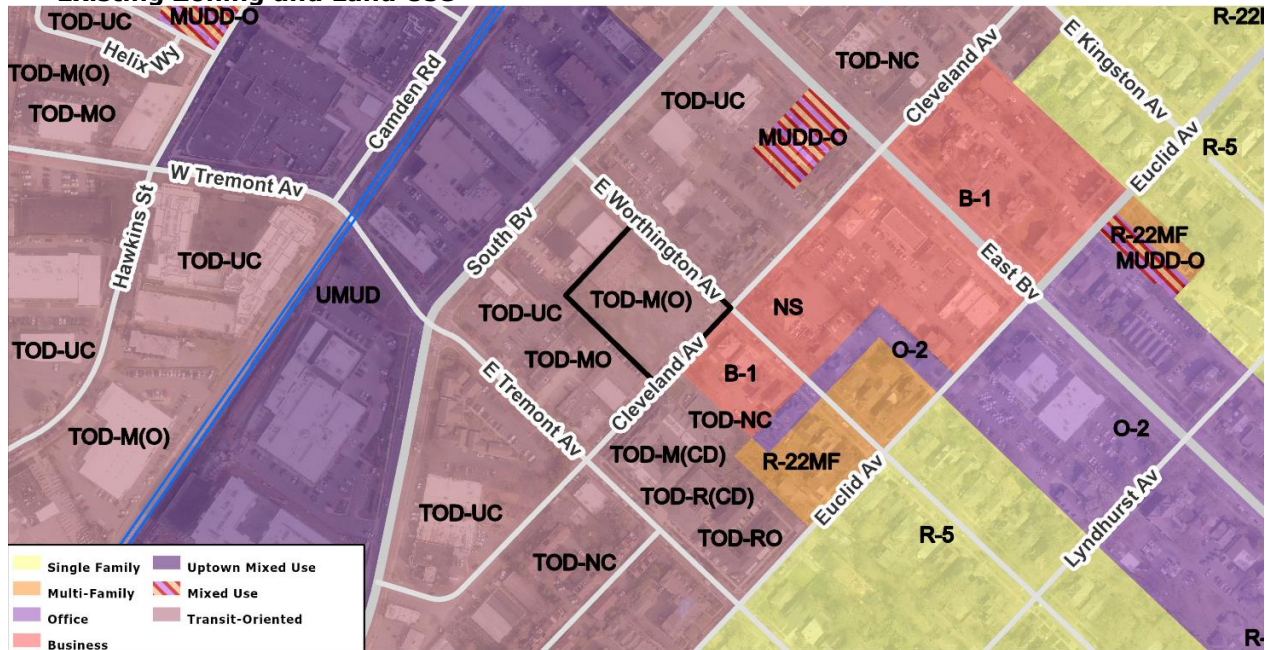

The approval of this petition will revise the adopted future land use as specified by the *South End Transit Station Area Plan*, from current recommended retail use to new recommended transit oriented development use for the site.

PLANNING STAFF REVIEW

- **Proposed Request Details**

This is a conventional rezoning petition with no associated site plan. Uses allowed in the TOD-NC district include residential, retail, and civic uses.

- **Existing Zoning and Land Use**

- The site is developed with an industrial building and associated parking and is surrounded by a mix of residential and non-residential uses in various zoning districts.
- The site was rezoned from B-1 to TOD-R(CD) via petition 2006-162 to allow up to 80 multi-family residential units.
- Rezoning petition 2013-068 proposed a TOD-R(CD) site plan amendment to revise the layout and change the product type to multi-family residential with up to 33 dwelling units. The request was withdrawn.
- Rezoning petition 2014-002 rezoned the site from TOD-R(CD) to TOD-M(O) to allow a 130-room hotel with accessory uses.

The site is developed with an industrial building and associated parking constructed in 1969.

- **TRANSPORTATION SUMMARY**

- The site is located on two City-maintained local roads (Worthington Avenue and Cleveland Avenue). The site is located less than ¼ mile south of LYNX East/West Blue Line Station. The site was previously rezoned for a hotel with petition 2014-002 and is now requesting a TOD-NC zoning and will be subject to transportation improvements in accordance with the TOD Ordinance and the adopted CDOT Streets Map. CDOT will work with the petitioner during the permitting process to provide additional forms of connectivity, as applicable, supporting the types of development in the TOD-zoned areas.
