General Provisions

- These Development Standards form a part of the Rezoning Plan associated with the Rezoning Petition filed by Woodlawn Community Fellowship (the "Petitioner") to accommodate the development of a single-family attached (townhome) residential community on that approximately 1.74-acre site located at the southwest intersection of Woodlawn Road and Selwyn Avenue as more particularly depicted on the Rezoning Plan (the "Site"). The Site is comprised of Tax Parcel Number 175-096-15.
- Development of the Site will be governed by the Rezoning Plan, these Development Standards and the applicable provisions of the City of Charlotte Zoning Ordinance (the "Ordinance").
- Unless the Rezoning Plan or these Development Standards establish more stringent standards the regulations established under the Ordinance for the UR-2 zoning district shall govern the development and use of the Site.
- The development and street layout depicted on the Rezoning Plan are schematic in nature and are intended to depict the general arrangement of such uses and improvements on the Site. Accordingly, the ultimate layout, locations and sizes of the development and site elements depicted on the Rezoning Plan are graphic representations of the proposed development and site elements, and they may be altered or modified in accordance with the setback, yard, landscaping and tree save requirements set forth on this Rezoning Plan and the Development Standards, provided, however, that any such alterations and modifications shall be minor in nature and not materially change the overall design intent depicted on the Rezoning Plan.
- Future amendments to the Rezoning Plan and/or these Development Standards may be applied for by the then owner(s) of the Site in accordance with the provisions of Chapter 6 of the Ordinance. Minor alterations to the Rezoning Plan are subject to Section 6.207 of the Ordinance.

Permitted Uses

The Site may be devoted only to a residential community containing a maximum of Thirty-seven (37) single-family attached dwelling units and any incidental and accessory uses relating thereto that are permitted by right or under prescribed conditions in the UR-2 zoning district.

Transportation

- As depicted on the Rezoning Plan, the Site will be served by internal private drives and/or alleys, and minor adjustments to the location of the internal drive and/or alleys shall be allowed during the construction permitting process.
- The Petitioner shall provide a vehicular speed table internal to the Site for the purpose of discouraging cut-through traffic between Pinehurst Place and Selwyn Avenue.
- If not already existing and to ADA standards, the Petitioner shall construct two eight (8) foot ADA curb ramps at the Selwyn Avenue and Woodlawn Road intersection and one eight (8) foot directional curb ramp at the Pinehurst Place intersection per ADA and PROWAG standards. In the event of an installation of a multi-use path or any conflicting path design at either of these locations, any revisions to the design and construction of ADA curb ramps or directional curb ramps to be approved by CDOT and Planning.
- Petitioner shall provide a minimum of nine (9) on-site visitor parking spaces, as generally depicted on the Rezoning Plan, in compliance with Section IV (H).
- Petitioner shall seek to provide a minimum of two (2) traffic calming measures, such as speed bumps or chicanes, along Pinehurst Place, design or which to be coordinated with CDOT during the permitting phase of development and agreement of such is contingent upon CDOT approval.
- Petitioner shall dedicate a minimum of fifty (50) feet of right-of-way from the road centerline on East Woodlawn Road and Selwyn Avenue. Sidewalk utility easements along Pinehurst Place will be set two (2) feet behind the back of sidewalk.
- The Petitioner shall dedicate all necessary rights-of-way in fee simple conveyance or permanent easement to the City of Charlotte before the Site's first building certificate of occupancy is issued.
- Unless stated otherwise herein, the Petitioner shall ensure that all transportation improvements are approved and constructed or bonded prior to the issuance of the Site's final building certificate of occupancy.
