**STAFF
RECOMMENDATION**

Staff recommends approval of this petition.

Plan Consistency

The petition is **inconsistent** with the *Blue Line Extension/University City Area Plan's* (2015) recommendation for office/retail uses up to 17 dwelling units per acre (DUA) for the site.

Rationale for Recommendation

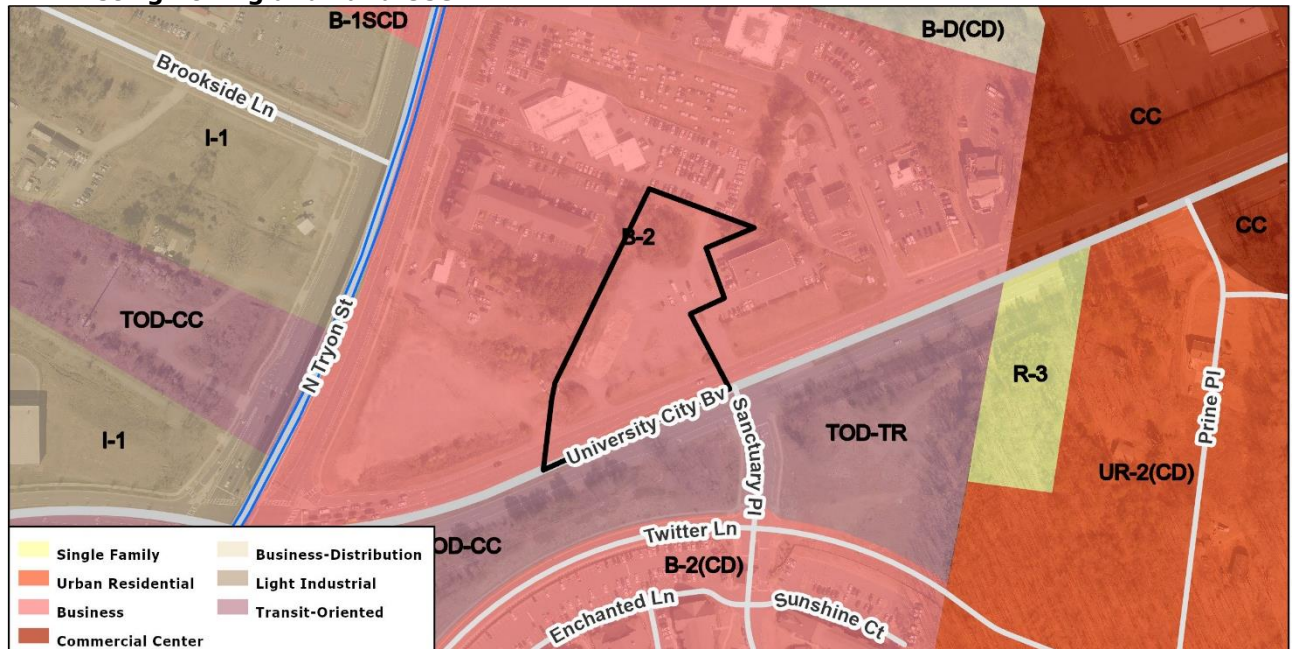

- The petition is consistent with plan guidance in that the requested district would allow for any mixture of uses permitted in the TOD-NC district.
- The petition's request for a TOD-NC district supports the plan's land use goal that seeks to "Accommodate higher intensity uses that support the various transportation systems throughout the Corridor, while protecting the fabric of residential neighborhoods."

- The request is reasonable as the location meets the TOD Ordinance's locational criteria of being no more than 1 mile to a transit station.

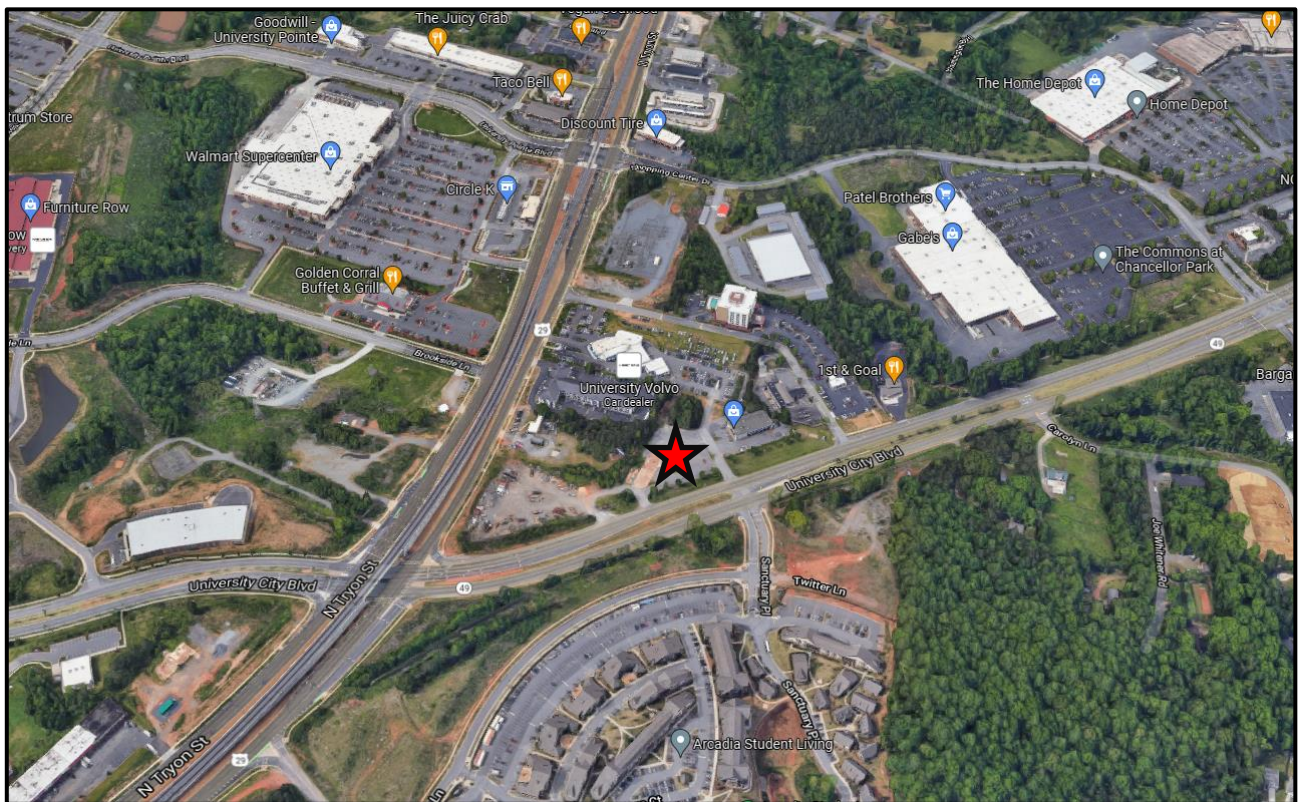

The approval of this petition will revise the adopted future land use as specified by the *Blue Line Extension/University City Area Plan*, from office/residential/retail up to 17 DUA to transit-supportive uses for the site.

PLANNING STAFF REVIEW

• Existing Zoning and Land Use

There have been no recent rezonings of this site. The site is surrounded by business uses to north, east, and west and by residential uses to the south. Surrounding zoning is a mixture of residential, business, industrial, and transit-supportive districts.

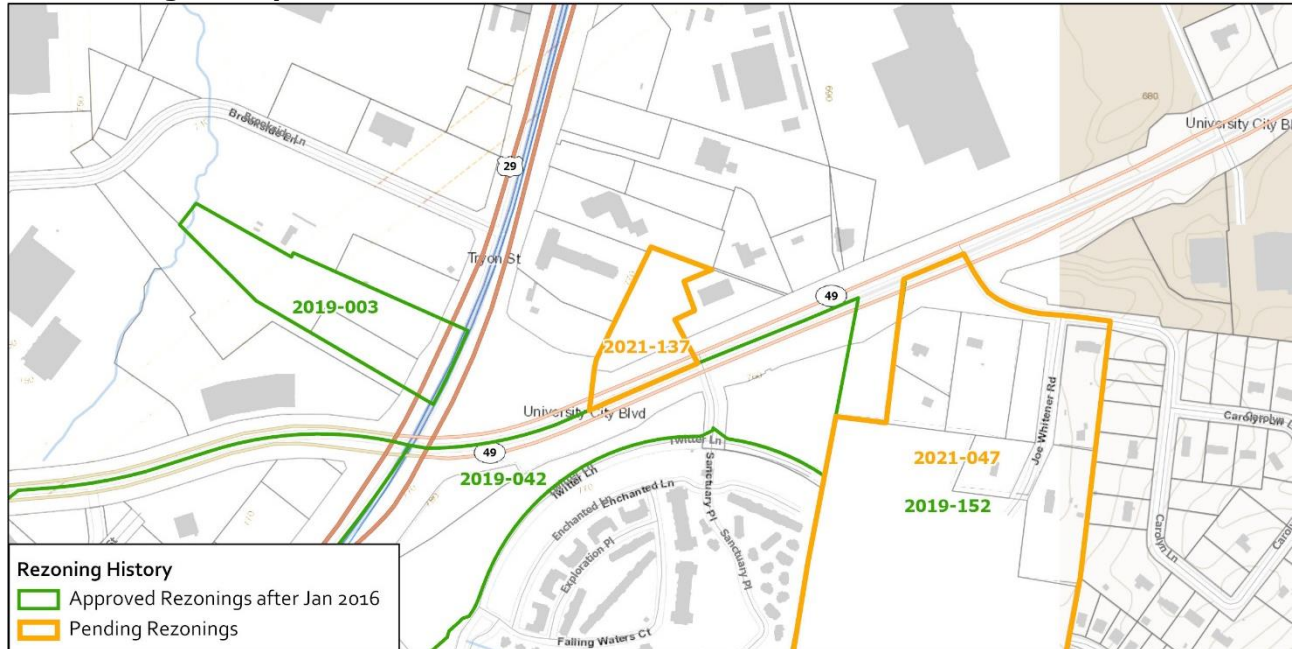

Subject property's general location denoted by red star.

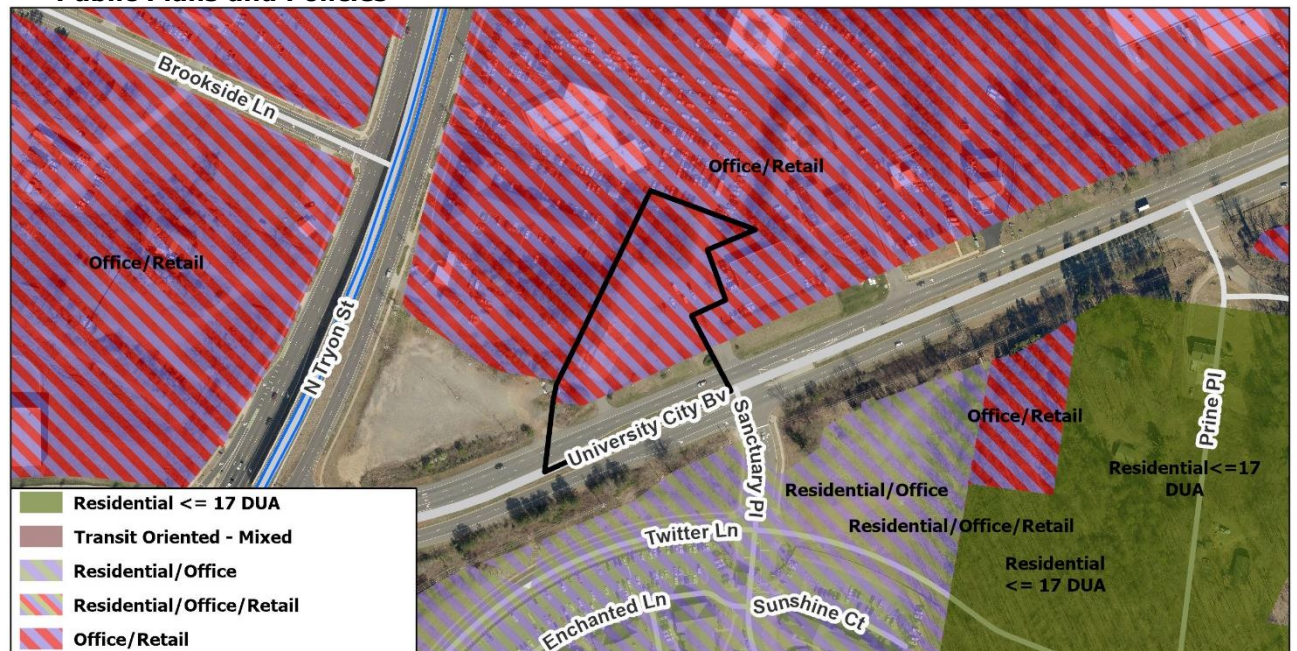

Streetview looking north along University City Boulevard. The site is currently vacant and situated between an automobile service station and NCDOT right of way.
