Cooperative Purchasing Exemption

NC S.L. 2001-328, effective January 1, 2002, authorizes competitive group purchasing.

Explanation

- City vehicles and equipment are assessed on an annual basis to determine replacement needs based on a rating of vehicle usage, age, maintenance costs, and condition.
- G.S. 143-129(e)(3) allows local governments to purchase from formally organized cooperative purchasing contracts.
- Cooperative purchasing agreements result from the consolidation and competitive solicitation of multiple public agency requirements. By aggregating common needs, all agencies are able to leverage economies of scale, such as volume discounts, improved terms and conditions, reduced

administrative costs, and access to professional and technical expertise that can be utilized on a local, regional, and national level.

- Vehicles and equipment being purchased include light and medium duty pickup trucks, heavy duty cab and chassis, mini excavators, skid steers, and heavy duty construction equipment.
- Fiscal Year 2019 expenditures for all contracts combined are estimated to be \$5,750,976.

Charlotte Business INclusion

Cooperative purchasing contracts are exempt (Part A: Appendix 27 of the Charlotte Business INclusion Policy).
