City Code Update

Action:

Adopt an ordinance amending the City Code by adding language specific to criminal enforcement.

Staff Resource(s):

Patrick Baker, City Attorney’s Office
Lina James, City Attorney’s Office

Explanation

- In September 2021, the NC General Assembly enacted Session Law 2021-138, Senate Bill 300 (SB 300) which, among other changes, made four revisions in how all cities enforce ordinances:
 - Eliminated criminal enforcement as a default option (that is, enforcement as a misdemeanor or infraction);
 - Prohibited criminal enforcement in certain areas of regulation;
 - Required introduction of proposed amendments at one meeting and Council adoption of specific criminal enforcement language at a separate meeting; and
 - Created two new defenses against criminal prosecution of ordinance violations.
- The law was effective on December 1, 2021, and applies to offenses and violations committed on or after that date.
- SB 300 did not impact the civil enforcement tools available to cities such as civil citations, civil fines/penalties, and court orders.
- On February 14, 2022, staff introduced and presented this legislation to City Council with proposed ordinance recommendations; Council directed the City Attorney’s Office to bring final recommendations to Council at the February 28, 2022 Business Meeting.
- Certain prohibited sections/chapters may be revised as part of the UDO process, including revisions to conform to SB300.
- Proposed amendments would be effective upon Council adoption.
